NOTIFICATION.

The 15th December 1883.—Under section 7 (*k*) of Act XII of 1875 (the Indian Ports Act), the Lieutenant-Governor prescribes the following rules for the licensing and regulation of passenger boats plying for hire within the port of Chittagong. They shall take effect from the 1st January 1884.

Rules.

1. No passenger boat shall ply for hire within the limits of the Port unless licensed and registered by the Port Officer, and under the direction of a person licensed by the same officer.

2. Every application for the licensing and registration of a passenger boat must be made in writing to the Port Officer, and contain particulars of the owner's name and residence, a description of the boat, and the number of passengers which it is intended to carry.

3. Every license granted under these rules shall continue in force for one year from the date on which such license was issued, unless it is revoked under the provisions of these rules.

4. No license shall be granted to any passenger boat unless the Port Officer is satisfied that it is in good order and suited for the accommodation of passengers; and the number of persons to be kept in charge of the boat, and of the passengers which may be carried therein at one time, shall be stated in the license.

5. The number of every licensed and registered boat shall be painted by the Port Officer on the bow thereof in letters of not less than four inches in length.

6. No fees shall be charged for the licensing and registration of passenger boats under these rules.

7. The owner or the person in charge of any licensed passenger boat shall not permit any number of persons more than that for which such boat has been licensed to be carried therein at one time, and shall not permit such boat to ply for hire unless provided with the number of crew stated in the license. The boat must be kept thoroughly clean.

8. In the computation of the number of persons, in addition to the crew carried in any vessel, two children below the age of 12 years shall be counted as one person, and every two maunds weight or luggage shall be counted as equivalent to one person.

9. The license granted for any passenger boat may be revoked by the Port Officer whenever such boat is, in his opinion, unfitted for the conveyance of passengers, or when any breach of the conditions of the license or the Port rules, or the Sea Customs Act, has been committed by the owner or the person in charge.

10. No passenger boat shall obstruct the free navigation of the port or the approaches to any wharf, jetty, or landing stage.

11. Every passenger boat moving in the port after dark shall carry a light in a lantern in the forepart of the vessel where it can be distinctly seen.

12. Whenever any accident shall occur to a registered passenger boat, the person in charge or the owner shall at once proceed to the nearest police station and report the circumstances connected with the accident to the officer in charge.

13. When any property belonging to passengers or others is left in a passenger boat unclaimed, the property so left shall be at once sent by the person in charge to the nearest police station.

14. Any person in charge of a licensed passenger boat plying for hire in the port, who shall without good reason refuse to carry a passenger in such vessel shall, for every such refusal, be liable to the penalty prescribed by law for breach of these rules, and shall in addition be liable to have his own license, and that of the vessel of which he is in charge, revoked.

15. Every licensed passenger boat, when plying, shall have its license on board, which shall be produced when required.

16. An owner of a passenger boat who may withdraw it from plying, except for the purpose of repairs or other sufficient cause, without giving 48 hours' notice to the Port Officer, shall, in addition to the penalty prescribed by Act XII of 1875 for a breach of these rules, be liable to have the license revoked.

17. Every person registered under rule 1 shall be provided with a metal license ticket upon which shall be legibly painted the number of his license, and every such person when in charge of a licensed vessel shall wear his ticket exposed to view. No person without such ticket shall be in charge of any passenger boat.

18. Whenever the number on any license ticket shall become obliterated or defaced, so that the same shall not be distinctly legible, and also when any license ticket shall have been lost or mislaid, an application shall be made to the Port Officer for a renewal thereof, and the Port Officer shall supply a new license ticket.

19. On the expiration or other determination of any license, the ticket shall be returned to the Port Officer.

20. No license ticket shall be lent or transferred to any other person, and no such ticket shall be used by any unlicensed person.

21. No person in charge of any registered passenger boat plying within the limits of the port shall use, or wear, or have any ticket resembling, or intended to resemble, the metal ticket granted under the authority of these rules.

22. Any person committing an infringement of any of the foregoing port rules is liable to a fine not exceeding one hundred rupees, under the provisions of Act XII of 1875.

A. P. MACDONNELL,
Offg. Secretary to the Govt. of Bengal.

NOTIFICATION.

The 15th December 1883.—Under section 79 of Act VIII of 1878 (the Sea Customs Act), the Lieutenant-Governor appoints the Port Officer of Chittagong to issue licenses for, and register, cargo-boats plying within the limits of that port, and under the same section and section 7 (*k*) of Act XII of 1875 (the Indian Ports Act) the following rules are prescribed for the licensing and registration of such boats, in supersession of the rules published at page 54, Part I of the *Calcutta Gazette* of the 24th July 1872. These rules shall take effect from the 1st January 1884.

Rules.

1. Each application for the licensing and registration of a cargo-boat must contain particulars of the owner's name and residence, and the tonnage of the boat.

2. The applications will be made to the Port Officer, who shall survey the boats and satisfy himself that they are safe.

3. The licenses will then be issued, and will be current for one year only, from the date of registration. A fee at the following rates will be charged on the issue of each license, and the same fee on its renewal every year :—

Ditto ditto *above* 5 and *not above* 10 tons burthen ...	2	0	0
Ditto ditto all above 10 tons burthen	3	0	0

4. The number of the license must be branded or cut and painted in conspicuous white figures on both bows of the boat : the figures not to be less than six inches in length. The tonnage must also be cut into boat's stern.

5. The license must be produced whenever demanded, and should therefore be in the custody of the manjee of the boat for the time being.

6. Cargo-boats, the manjees of which shall not produce their licenses when called upon, will be treated as unlicensed boats, unless good cause be shown to the contrary.

7. Any goods found within the limits of the port on board of any boat not duly licensed and registered shall, unless such goods be covered by a special permit from the customs officer, be liable to confiscation, and the owner or the person in charge of the boat shall be liable to a penalty not exceeding one hundred rupees.

8. No cargo-boats shall be licensed unless provided with a crew according to the following scale :—

Class I.—"Square built, open or decked."

For a boat not above 10 tons burthen, 3 men, including manjee.
" " above 10 and not above 15 tons, 4 men, including manjee.

For a boat not above 10 tons burthen, 3 men, including manjee.
" " above 10 and not above 20 tons, 4 men, including manjee.
" " " 20 " " 30 " 5 " " "
" " " 30 " " 40 " 6 " " "
" " " 40 tons, 7 men, including manjee.

9. The license of a cargo-boat found plying contrary to the conditions of the license, with a crew fewer in number than is prescribed in such license, shall be liable to cancelment.

10. If any cargo-boat becomes unsafe during the term of its license, the Port Officer may withdraw the license until it is properly repaired.

NOTIFICATION.

The 22nd December 1883.—The Lieutenant-Governor is pleased to make the following rules in exercise of the powers conferred upon him by sections 143 and 144 of Act I of 1882 (the Inland Emigration Act). They will take effect from the 1st January 1884.

CHAPTER I.

GENERAL RULES.

Rules, Schedules, and Forms under the Inland Emigration Law.

Inclusion of schedules and forms in the rules.

1. The schedules and forms attached to these rules are prescribed for the several purposes specified in the heading of each, and shall be taken as part of the rules.

Fees payable under the Act.

2. The following shall be the amount of the several fees payable under the provisions of the Act :—

Under Section 13, the fee for a contractor's license (form No. 1) shall be Rs. 100 and that for a sub-contractor's (form No. 2) Rs. 50.

Under Section 24, the fees for a recruiter's license shall be Rs. 16.

Under Section 30, the fee payable to a medical officer for each labourer or dependent placed before him for examination under certificate (form No. 8) shall be two annas from the Inland Labour Transport Fund.

Under Sections 35 and 68 and 111 and 112, the fees for each person produced before a registering officer for the purpose of being registered as a labourer (forms Nos. 9 and 26 respectively) and (employers form No. 2 and Inspector's form No. 2 for use in Chittagong and Chittagong Hill Tracts) shall be one rupee.

Under Section 71, the fee payable to a medical officer for each labourer examined by him shall be eight annas.

Under Section 90, the fee payable on a license for a vessel to carry passengers for not more than one voyage shall be Rs. 16, provided that the fee shall not exceed four annas per head of the total number of passengers which the vessel is capable of carrying; and that for the license of a vessel to carry passengers for any term not exceeding one year shall be Rs. 50.

Under Section 109, the rate payable by an employer shall be eight annas on the 1st day of January and eight annas on the 1st day of July in respect of each labourer in his employ on those dates.

3. The same provision in every respect shall be made for the dependents of labourers as for the labourers themselves, and all rules regulating the treatment and transport of labourers shall be applicable to their dependents also.

Subordination of emigration officers.

4. Every Superintendent of Emigration, Embarkation Agent, and Medical Inspector appointed by the Lieutenant-Governor of Bengal under section 8 of the Act, shall act under general instructions received through the Superintendent of Emigration, Calcutta, and all reports and returns shall be made through such Superintendent.

Annual reports of emigration officers.

5. Every Superintendent of Emigration, Embarkation Agent, and Medical Inspector (appointed by the Lieutenant-Governor of Bengal), shall forward, as early as possible, and not later than two months after the close of every calendar year, an annual report reviewing all the operations of that year connected with the recruitment, accommodation in depôt, and transport of emigrants within the local limits of his jurisdiction to the Superintendent of Emigration, Calcutta; and such Superintendent shall, not later than two months thereafter, submit to the Government of Bengal his annual report for the same period. Such report shall be based on the information available in his own office, and on that furnished by the aforesaid officers in their respective reports, and shall treat of the following points, viz. the management and condition of the depôts licensed under the Act, the conduct of recruitment, the sickness and mortality in depôt, the number of emigrants despatched to the tea districts, the results of the passage thereto with special reference to mortality, and such other subjects as may be prescribed by the Government of Bengal

Annual reports of Inspectors of Labourers.

6. Every Inspector of Labourers appointed under section 8 shall submit his annual report (to the Government of Bengal), through the Commissioner of the (Chittagong Division), and the report shall be based on the information supplied by the returns of employers of labourers under section 113, and on the results of his personal periodical inspections of labourers. The annual report shall treat of the following points: viz. the number of labourers of different classes on each plantation during the year under report, distinguishing between the labourers of the preceding year and fresh arrivals, those imported and those locally engaged under the Act, and between labourers as defined by Act I of 1882 and persons otherwise engaged; the extent to which employers of labour avail themselves of local labour contracts under sections 111 and 112, particularly in the case of newly-imported labourers; the causes and extent of sickness and mortality among the labourers of different classes; the number of births; the average amount of the earnings of labourers under contract and others; the number of convictions for crime, and the nature of the crimes committed; the number of arrests made under section 172,

and the manner in which the law has operated; the treatment and condition of labourers and their families located on each plantation; the nature of the house accommodation assigned to labourers; the degree of medical care bestowed on the sick, and the nature and extent of the hospital arrangements; the number of labourers under the Act whose contracts may have determined during the year, and generally of the working of the Act, and the position of the labourers in his jurisdiction.

11. Air and light shall be admitted freely into sleeping sheds through large openings for doors and windows, and through open spaces sheltered by the eaves, and moveable *jhamps* shall be fitted to all openings intended for doors and windows.

Depôt cooking sheds.

12. Cooking sheds, with fireplaces or *chulas* arranged in a row, shall have mud-plastered walls, and, wherever possible, tiled roofs; and a proper receptacle for rice-water and other kitchen refuse shall be provided.

Depôt water-supply.

13. A plentiful supply of the purest water obtainable shall be always provided for drinking, cooking, and washing in clean iron tanks to be approved by the Medical Inspector. Each tank shall be fitted with a padlocked cover, and with two or more large strong taps of simple construction; and in all cases where any doubt exists in the opinion of the Medical Inspector as to the uniform purity of the water supplied, each such tank shall be fitted also with a suitable and sufficient filtering apparatus.

Depôt latrines.

14. Latrines shall be separately provided for males and females, properly roofed, thoroughly well ventilated and lighted, and placed in an accessible position. The plan of the latrines, and the system adopted for the daily removal of night-soil and other refuse matter, shall be subjected to the approval of the Medical Inspector.

Depôt hospital.

15. A hospital for ordinary cases, with separate wards for male and female patients, shall be provided. The ward shall be dry, well raised, thoroughly ventilated, well lighted, and furnished with a separate platform or *machan* for each patient, which, when not boarded, shall be covered with matting.

Depôt dispensary.

16. A dispensary, with accommodation for the resident medical officer of the depôt, shall be placed in a convenient situation, and provided with such fittings and furniture as the Medical Inspector may deem necessary.

Superintendent of Emigration at Calcutta.

Section 3.—Places of Accommodation.

Places of accommodation in recruiting districts.

17. The establishment in the several districts of recruitment of places for the temporary accommodation of emigrants, previous to their despatch to the depôts of contractors, shall be regulated generally by the rules relating to such depôts, subject to such modification as the Magistrate of the district may with reference to the temporary nature of such accommodation consider necessary.

Inspection of places of accommodation by district officers.

18. The Magistrate of every district of recruitment shall, in respect of all places for the accommodation of emigrants within such district, exercise the powers vested in the Superintendent for the supervision of depôts. All such places shall be regularly inspected by the Magistrate, and by the officers authorized in that behalf by such Magistrate under the Act.

Responsibility of persons in charge of places of accommodation.

19. The sub-contractors, or recruiters in charge of places for the accommodation of emigrants, shall be responsible for any irregularities that may be committed in connection with the management of such places; and they shall keep such registers, and submit such reports and returns to the Magistrate having jurisdiction as he may require.

Section 4.—Depôt-management.

Supervision of depôts by Superintendent.

20. The Superintendent, or his assistant, shall regularly visit every depôt when accommodating emigrants, and shall see that the provisions of the Act are fully carried out in the case of all labourers and their dependents arriving at such depôt, and that the terms of their engagement to work in the labour districts are thoroughly understood by them.

Supervision of depôts by Medical Inspector.

21. The sanitary state of the depôts shall be the special care of the Medical Inspector. He shall visit the depôts regularly, and see that all necessary precautions are taken against communicable disease; that the hospital and other medical arrangements at the depôts are sufficient; that all emigrants unprotected against small-pox are properly vaccinated, and that the depôt arrangements generally for the keep and health of emigrants are satisfactory from a medical point of view. At the close of every month he shall submit a report of his inspections in the prescribed form (No. 10) to the Superintendent.

Visitors' book for inspecting officers.

22. At each depôt there shall be kept a visitors' book, in which the Superintendent and the Medical Inspector shall enter their orders or remarks, and the dates of their visits. During such visits the contractor or his agent shall, without fail, place the depôt and hospital registers before the Superintendent and the Medical Inspector respectively for inspection, and shall on no account alter or correct any entries made therein without their knowledge and sanction.

Facilities for inspection of depôts.

23. Depôt gates shall be in charge of a *darwan*, and shall be open from 6 A.M. to 6 P.M. Every facility shall be given by the contractor and his employés to the inspecting officers when visiting the depôt at any time.

Compliance with orders of emigration officers.

24. All orders of the Superintendent and the Medical Inspector shall be carried out by the contractors and their employés on pain of cancellation of license, or loss of appointment respectively. Should a contractor consider that any order given to him by the Superintendent or Medical Inspector is unreasonable, he shall be at liberty to appeal against such order if passed by the Superintendent and Medical Inspector at Goalundo or Kusteah, to the Superintendent of Emigration, Calcutta, or if passed by the Superintendent of Emigration, Calcutta, to the Government of Bengal. Until, however, the order shall have been reversed by a higher authority it must be carried out.

Appointment of depôt agent.

25. If the contractor does not himself live in his depôt premises, he shall appoint, subject to the approval of the Superintendent, a proper person as his agent, who shall reside there constantly, and conduct the business on the contractor's responsibility. Every such agent shall be registered in the Superintendent's office.

Infringement of rules by contractor's agent.

26. Every contractor shall be responsible for any offence against the rules committed by his agent at any place in the same manner and to the same extent as though he himself had committed such offence.

Depôt registers and returns.

27. The contractor or his agent shall keep depôt registers in the prescribed forms (Nos. 11, 14, and 21 respectively), and shall punctually and accurately make the required entries therein. Monthly returns of accommodation and of sickness in depôt shall likewise be prepared in the prescribed forms (Nos. 12 and 13 respectively), and punctually forwarded to the office of the Superintendent by the 15th of the month following that for which they become due. Any default in these respects, or in the submission of prescribed returns generally when due, shall render the agent liable to loss of his appointment, and the contractor failing to adopt promptly the necessary remedial measures to cancellation of his license.

Appointment of depôt medical officer.

28. A resident medical officer to be licensed by the Medical Inspector shall be appointed by each contractor to his depôt, and his name shall be registered in the Superintendent's office. He shall be paid by the contractor, but shall be directly responsible to the Medical Inspector, who shall give him written instructions for his guidance. He shall not be dismissed without the consent of the Medical Inspector. He shall keep a hospital register in the prescribed form (No. 14), and shall, besides his other duties, assist in making out the monthly returns of sickness and mortality.

Responsibility of contractors in caring for emigrants.

29. The contractor, either directly or through his agent, shall be responsible for the good treatment and care of the emigrants, none of whom shall be discharged from the depôt without the permission of the Superintendent. He shall, moreover, be responsible to the Medical Inspector specially for the sanitary state of the depôt, and for the feeding, clothing, and medical treatment of all the emigrants accommodated therein.

Quality of clothing according to approved sample.

30. The clothing and blankets to be supplied to emigrants shall be according to scale, and of a quality equal to samples to be approved by the Superintendent and retained in his office.

Repairs of depôt sheds.

31. The sheds, hospitals, latrines, drains, &c., shall be constantly inspected, and any defects in them shall be immediately remedied. Mud-plastered walls shall be white-washed once a month.

32. On arrival of emigrants at the depôt, they shall be inspected by the contractor or his agent, and by the resident medical officer; their names shall be entered in the depôt register, and their arrival reported in the prescribed form (No. 15) in the forenoon of the next day to the Superintendent. Any casualty occurring in depôt shall be reported in the prescribed form (No. 16).

Procedure on arrival of emigrants in depôt.

33 The contractor shall ascertain that those sections of the Act which provide for the registration, and for the proper care and treatment of emigrants previous to their entering the depôt, have been complied with, and shall immediately thereafter submit a report regarding any recruiter, or other person in charge, who may be found to have infringed the law.

Irregularities of recruiters.

34. Excepting those whose state of health may prevent it, all emigrants shall be compelled to bathe on their arrival in depôt, and shall thereafter be decently and cleanly clothed according to the scale laid down in schedule A appended to the rules. Every article of clothing belonging to emigrants that is soiled, whether new or old, shall be thoroughly washed and dried before it is issued; and cast-off ragged clothes shall be gathered up and destroyed at once.

Clean clothing for emigrants.

35. A muster-roll of the emigrants in depôt shall be called every morning; and the resident medical officer, after careful examination, shall enter the names of the sick in his diary, which shall be countersigned by the contractor or resident agent.

Daily muster-roll of emigrants.

36. Emigrants shall wash their clothes at least twice a week when possible, and shall bathe daily. A liberal supply of soap shall be provided for the purpose.

Personal cleanliness of emigrants.

37. Emigrants shall not be permitted to wash their clothes and persons in the depôt tanks, but approved appliances for ablution purposes shall be specially provided on a suitable site so drained as to prevent the waste water from returning into the tank or other sources of water-supply. The water for all purposes shall be frequently examined by the Medical Inspector, and the contractor or his agent shall be held responsible for any failure in providing good, wholesome water.

Appliances for ablution purposes.

38. Emigrants shall be compelled to dust out and air their clothes and blankets daily, and shall not be allowed to remain in damp clothes.

Airing of emigrants' clothing.

39. Regular hours shall be set apart for cooking and feeding; and no cooking shall be allowed at any other time except for invalids, nor in any place except the cooking sheds, where alone emigrants shall feed and smoke.

Cooking and feeding arrangements.

40. The rations issued daily to each labourer and dependent in depôt shall be according to the scale laid down in Schedule B; and the meals and drinking water shall invariably be examined by the resident medical officer before being served out. When necessary, food suitable for infants and invalids (fresh milk, soup, sago, &c.,) shall be freshly prepared and regularly supplied throughout the twenty-four hours. Any neglect of infants or invalids on the part of the contractor, his agent, or resident medical officer, shall render such contractor liable to cancellation of license, or such agent or medical officer to the loss of appointment.

Daily inspection of meals by depôt medical officer.

41. After meals the resident medical officer shall see that the cooking sheds are carefully swept out, that all cooking utensils are thoroughly cleaned, and that no stale food is secreted either by the cooks or emigrants.

Cleaning of cooking utensils.

42. Excepting the hospital, latrines, drains, and receptacles for kitchen and other filth, which shall be kept constantly cleaned by the sweepers, the garden, sheds, and every part of the depôt shall be kept clean and in good order by the emigrants. The emigrants if they consent to work shall be regularly employed, but without fatigue, and kept as much as possible in the open air.

Employment of emigrants.

43. The peons on duty shall be constantly about the depôt and shall preserve order and cleanliness everywhere, especially during cooking and feeding and inspections. They shall see that no jungle or rubbish is permitted to accumulate in the depôt compound; that the spaces under and around the sleeping and other sheds are kept clean; and that the sweepers do their work regularly.

Cleanliness of depôt premises.

44. No cooking, feeding, or smoking shall be permitted in the sleeping sheds, which shall be kept thoroughly clean, well ventilated, and water-tight.

Prevention of other use of sleeping sheds.

45. The emigrants shall be properly distributed at night in their sleeping sheds, according to the number each shed is licensed to accommodate, and shall be prevented from crowding together.

Prevention of overcrowding in sleeping sheds.

46. Excepting locked lanterns hung in the dispensary, hospital, and at the entrance of every sleeping shed, and a light in the durwan's room, all lights and fires shall be put out by 9 o'clock at night.

Extinguishing of lights at night.

47. Excreta from the hospital or latrines, and filth of any description, shall not be buried within at least one thousand feet of any source of drinking water; nor be thrown into stagnant pools and *nullahs*, which may happen to be near the depôts.

Disposal of excreta.

48. The contractor or his agent shall arrange with the Vaccination Department for the vaccination of every emigrant unprotected from small-pox as soon as possible after admission into the depôt.

Vaccination of emigrants.

Treatment of sick emigrants.

49. Sick emigrants, excepting those suffering from cholera or other dangerously communicable disease, and otherwise provided for, shall not be sent to any other than the depôt hospital; nor be removed thence, nor from the depôt, without the written permission of the Medical Inspector.

Procedure on outbreak of serious communicable disease.

50. In the event of cholera or small-pox or other dangerously communicable disease appearing in the depôt, every labourer or dependent attacked shall immediately be sent to the authorized hospital for treatment, and the relatives of the affected persons, if any, not accompanying the patient shall at the same time be placed in the segregation shed situated in an isolated part of the depôt compound, and shall not be removed thence without the written permission of the Medical Inspector. A report of the case shall then be submitted to the Medical Inspector, and within twenty-four hours the Superintendent shall be furnished with a descriptive statement, in the prescribed form (No. 17), of every emigrant sent to the authorized hospital, together with the reason for such removal. In the event of any emigrant sent to hospital dying or being permitted to return to the depôt, the death or re-admission of such emigrant shall be similarly reported to the Superintendent in form (No. 18).

Destruction of infected clothing.

51. Clothing, blankets, and mats that have been in contact with persons suffering from dangerously communicable disease (*e.g.* small-pox or cholera), hospital dressings, foul rags, and all combustible filth, shall be regularly and thoroughly burnt in a safe and suitable place, and in the presence of the resident medical officer. The segregation shed, immediately it ceases to be occupied, shall be carefully cleaned out and disinfected by fumigation or other efficient means.

Disposal of property of deceased emigrants.

52. On the death of any intending emigrant, the contractor, or agent, or medical officer shall immediately make an inventory of the property of such emigrant in a register in the prescribed form (No. 21), to be kept for the purpose, and shall forward such property as early as practicable to the office of the Superintendent for disposal. The claims made by relatives in depôt, if any, shall duly be communicated to the Superintendent, who shall, after making enquiry as to the heirs, dispose of the estate as circumstances may render necessary.

Procedure on contractors failing to provide contract.

53. Emigrants who are not engaged within thirty days of their arrival at any depôt shall be returned through the Superintendent's office to the districts where registered at the expense of the contractor, except when such emigrants elect to continue in such depôt in the hope of being ultimately engaged, or desire to be transferred to the depôt of some other contractor, or prefer to be discharged from the depôt; in which last case they shall, previous to discharge, be paid such compensation as may be ordered by the Superintendent. At the close of every month the contractor or his agent shall forward to the Superintendent's office a statement in the prescribed form (No. 22) of all the emigrants remaining in depôt over thirty days without execution of contract.

Disposal of rejected emigrants.

54. All emigrants that are declared by the Medical Inspector to be unfit to emigrate, and are finally rejected by the contractor or his agent, shall be returned through the Superintendent's office to the districts of registration at the expense of the contractor, unless they of their own accord insist on being discharged on the spot, when they shall be treated, save in respect of compensation in the same manner as emigrants for whom contractors fail to find employment.

Medical examination of rejected emigrants.

55. All rejected emigrants shall be examined by the Medical Inspector on the day that they are to be returned to their districts; and only those that are certified by him to be able to travel shall be forwarded to the Superintendent's office for disposal, while the rest shall be detained in depot under treatment until the Medical Inspector certifies to their being in a fit state to undertake the journey.

Application for execution of labour contracts.

56. When the employer or his agent has selected in any depôt the labourers required by him, a written application for the placing of such labourers on contract shall be sent by the contractor concerned or his agent to the Superintendent of Emigration at least one day before the date fixed upon for execution of contract.

Arrangements for examination of labourers.

57. Labourers intending to execute contracts, when placed before the Superintendent, shall have their copies of registration in their hands; and their blankets, clothing, and utensils, according to the scale prescribed in Schedule A, arranged beside them for inspection.

Knowledge and acceptance of terms by labourers.

58. The Superintendent, when placing labourers on contract, shall invariably satisfy himself that the employer or his agent has affixed his signature to all the contract papers, and that the labourers thoroughly understand and accept the terms and conditions of the contract they are executing. An abstract of every such contract shall be entered in a register to be kept by the Superintendent in the prescribed form (No. 19).

Medical inspection of contract labourers.

59. Labourers who have executed contracts shall be inspected by the Medical Inspector before despatch from the depôt with reference to their fitness to travel; and to that end a written application for such final inspection shall be forwarded by the contractor concerned or his agent to the Medical Inspector at least one day previous to the date of the intended despatch of such labourers to the districts for which engaged.

Section 5.—Despatches.

Arrangements for despatch of emigrants.

60. Every contractor preparing to despatch emigrants to Assam, Cachar, Sylhet, or Chittagong shall ascertain whether other contractors purpose despatching at the same time; and shall in communication with them, and subject to the Superintendent's approval, fix the date of despatch and arrange accordingly, allowing ample time for the discharge of all duties connected with the transport of emigrants under the Act.

Supervision of despatch of emigrants.

61. The Superintendent or his assistant, and the contractor or his agent, shall be present at every despatch of emigrants by train, steamer, or boat; and the contractor or his agent shall give timely notice to the Superintendent or to his assistant of every such intended despatch.

Provision for emigrants on the journey.

62. The contractor shall be responsible for the making of all necessary provision to ensure the health, safety, and comfort of emigrants during transit to the place of embarkation, or to their final landing place when despatched in country-boats. He shall supply the clothing according to scale in all cases; but in the case of boat despatches, he shall also supply the provisions, medical stores, medical officer, and attendants as prescribed in the schedules annexed to the rules.

Provision of way-bill for journey.

63. Every batch, prior to despatch from depôt, shall be provided with a way-bill in the prescribed form (No. 20), and the contractor or his agent shall caution the person in charge to take care of the document; to make it over to the Embarkation Agent concerned on arrival at the place of embarkation; and, if returned to him by that officer, to observe strictly the instructions therein laid down for his guidance.

Feeding of emigrants before journey.

64. Emigrants when about to proceed on a journey shall be provided with a cooked meal before they start.

Supply of food against a long journey.

65. If the journey be likely to occupy more than six hours, a supply of biscuits and sugar shall be distributed to the emigrants before they leave depôt in the proportion of two biscuits and an ounce of sugar to each emigrant, computed with reference to section 92 of the Act, and the agent or peon in charge shall under any circumstances provide milk for infants or young children that require it during such journey.

Attendance of establishment.

66. In the case of boat despatches, provisions and the establishment of cooks and topasses shall either precede or accompany the emigrants on their way to the place of embarkation.

Early arrival of emigrants at railway station.

67. If the journey be by train, the emigrants, accompanied by the contractor or agent concerned, shall be at the railway station fully half an hour earlier than the time fixed for departure, and shall be seated in their carriages at least five minutes before the train starts. Every batch shall be accompanied by the peon or other person in charge as appointed by the contractor or his agent.

Return to hospital of sick emigrants.

68. Any emigrants suddenly taken ill at the railway station shall be sent immediately to the depôt or other authorized hospital accompanied by his relatives and dependents.

Supply of water for the journey.

69. The purest drinking water obtainable shall be supplied for the journey by train in a sufficient number of suitable vessels conveniently placed with the emigrants in each carriage.

Alighting at railway station *en route*.

70. The agent shall arrange with the railway guard in charge to inform emigrants of the opportunities, as they occur on the journey, of leaving their carriage for a time, and to warn them as to the time by which they should return to their carriages.

Telegram advising despatch of emigrants.

71. The contractor or his agent, when despatching emigrants by train, shall, immediately on arriving at the railway station, send a telegram to the contractor's agent at the place of embarkation, intimating the intended despatch, and ordering a cooked meal to be prepared against the arrival of the batch.

Communication of telegram to Embarkation Agent.

72. The contractor's agent at the place of embarkation shall immediately on receipt of the telegram notifying despatch forward it for information to the Embarkation Agent.

NOTE.—(*a*) Columns under heads A to E, excepting 15 and 19 of the latter head to be filled in by the Superintendent of Emigration and Medical Inspector respectively, should be filled in by the contractor concerned in the despatch; those under head F, except column 25, to be filled in by Medical Inspector, by Embarkation Agent concerned: those under head G, together with the health certificate and abstract, by medical officer and master of vessel or by final inspecting officer concerned; and those under head H by debarkation or final inspecting officer concerned, who should thereafter return the way-bill to the person or other person in charge of the batch to which it relates for delivery to the employer for perusal and return as indicated in the annexed instruction.

(*b*) Inspecting officers should write any special remarks they may wish to make in regard to the batch on the form provided on the reverse

(*c*) Particulars of any batch marching to destination from place of embarkation should be furnished by utilizing columns 29 of F, 32 to 34 of G, and 36 to 38 of H, which have been adapted to meet requirements.

INSTRUCTIONS.

1. *Dhubri route to Assam.*—If the batch proceeds to Assam *vid* Dhubri, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection with this way-bill before the Magistrate of Hooghly, and on arrival at Dhubri before the Embarkation Agent at that place, who will endorse his remarks on the way-bill, and then either make it over to the master of the steamer, should the batch proceed to destination by water, or return it to the person in charge, should the batch proceed to destination by land. In the former case the master must, after complying with the requisition at foot of way-bill, make over the document to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the peon or other person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Embarkation Agent at Dhubri for information and transmission to the Superintendent of Emigration at Calcutta. In the latter case the person in charge must, on arrival in the district or sub-division in which the garden where the labourers are to work is situate, place the emigrants with this way-bill before the Magistrate, who will, after endorsing his remarks on the way-bill, and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Embarkation Agent at Dhubri for information and transmission to the Superintendent of Emigration at Calcutta.

2. *Goalundo route to Assam, Káchár, or Silhat.*—(*a*.)—If the batch proceeds to Assam *vid* Goalundo, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection with this way-bill before the Magistrate of Hooghly, and on arrival at Goalundo before the Embarkation Agent, or in his absence the Magistrate at Goalundo, who will endorse his remarks on the way-bill and then make it over to the master of the steamer in which the batch is embarked. The master, on the steamer's arrival at Dhubri, must place the way-bill before the Embarkation Agent at Dhubri for his endorsement after inspection of coolies; and on the completion of the voyage must, after complying with the requisition at foot of way-bill, make over the document to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the peon or other person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Embarkation Agent at Goalundo for information and transmission to the Superintendent of Emigration at Calcutta.

(*b*) If the batch proceeds to Káchár or Silhat, the person in charge must place the emigrants with this way-bill before the Embarkation Agent or Magistrate at the place of embarkation, and also before the Magistrate or Sub-divisional officers of all stations passed on the way, where such officers are readily accessible, and also before the debarkation officer at the place of their final landing, or should this not be possible, then, without fail, before the Magistrate of the district or sub-division in which the garden where the labourers are to work is situate, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Embarkation Agent or Magistrate concerned in the embarkation for information and transmission to the Superintendent of Emigration at Calcutta.

3. *Calcutta route to Chittagong.*—If the batch proceeds to Chittagong or the Chittagong Hill Tracts the person in charge must place the emigrants with this way-bill before the Magistrate at the place of disembarkation, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Superintendent of Emigration at Calcutta for information.

4. *Treatment of emigrants on the journey.*—The person in charge must take every care of the emigrants during the journey. He must give them a cooked meal before they start; and if the journey is likely to occupy more than six hours, he must distribute biscuits and sugar in the proportion of two biscuits and one ounce of sugar to each emigrant of and above ten years of age, and one biscuit and half an ounce of sugar to each emigrant under the age of ten years; and if more than eight hours, dry provisions must be supplied, such as choora, suttoo, and the like, in such quantity as may be determined by the Superintendent of Emigration or other authorized officer. It must be seen that the clothing provided is worn by the emigrants whenever the weather renders such a precaution necessary. At the close of every day's march, or of a train journey, the emigrants must be properly housed, and provided with a cooked meal and wholesome supply of water for drinking and ablution purposes.

5. *Any special instructions.*—

6. *Obedience to instructions.*—The instructions on the way-bill must be strictly complied with; and any failure to do so, or ill-treatment of any emigrant, will render the person in charge of the batch liable to punishment under the provisions of section 148 of Act I of 1882, or, in case he is a licensed person, to cancellation of license if needed.

CHAPTER III.

GARDEN-SARDARS' SYSTEM OF RECRUITMENT.

Application for local agent's license.

73. Every employer of labour, in charge of any estate in a labour district, desiring to obtain, under section 59 of the Act, a license (form No. 24) for any person to be a local agent for the purpose of representing him in the recruiting districts, and supervising the collection of labourers by his garden-sardars, shall apply to the Superintendent of Emigration authorized to grant such license, either directly or through his agent.

Application for local agent's special license.

74. If any employer applies for a special license under section 62 (form No. 25) on behalf of any local agent, in order to enable him to engage labourers without the intervention of a garden-sardar, and such local agent is at the time representing other employers by virtue of a license under section 59, the written consent of all such other employers to the grant of such special license shall invariably be obtained and furnished with the application.

75. Every local agent shall be held responsible for the proper conduct of recruitment by garden sardars working under his supervision; and shall see that their recruiting operations are in all respects distinct and apart from those of contractor's and their employés.

Responsibilities of local agents in respect to selection of labourers.

76. In every case in which the physical fitness for labour of intending emigrants is required by any employer in his sardar's certificate (form No. 23) to be determined previous to registration, the local agent, if any, or the sardar of such employer, shall ensure the necessary medical examination in form (No 27) and be otherwise directly responsible for the class of labourers engaged to proceed to the labour district.

Inspection of places of accommodation for sirdari labourers.

77. It shall be the duty of the District Magistrate to see that every place approved for the accommodation of intending emigrants recruited by garden-sardars is regularly and thoroughly inspected by the officers charged with that duty.

Provision of way-bill for journey.

78. The way-bill (form No. 28) required by section 76 to be provided for the journey shall be carefully and correctly filled in with all the necessary particulars regarding the labourers forming the batch by the sirdar or other person appointed to accompany them to their destination; and local agents, if any, shall be held responsible for the garden-sirdar's fulfilment of this duty.

Return of way-bills by employers.

79. On the arrival of a batch of labourers at its destination, or port of disembarkation as the case may be, the sardar or other person in charge shall make over the way-bill of the batch to the employer of such labourers, who, after endorsing thereon his remarks, shall forward it to the district or sub-divisional magisterial officer for information and transmission to the Emigration Agent, or the Superintendent of Emigration concerned, in the despatch of the labourers.

No. 23.

FORM OF GARDEN-SARDAR'S CERTIFICATE.

Certificate authorising the garden-sardar to enter into labour-contracts with intending labourers recruited on behalf of his employer.

INSTRUCTIONS.

1. *Dhubri route to Assam.*—If the batch proceeds to Assam *vid* Dhubri, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection, with the way-bill, before the Magistrate of Hooghly, and on arrival at Goalundo, before the Embarkation Agent at that place, who will endorse his remarks on the way-bill, and then either make it over to the master of the steamer, should the batch proceed to destination by water, or return it to the person in charge, should the batch proceed to destination by land. In the former case, the master must be careful, when emigrants are being finally landed, to make over the way-bill to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the sardár or other person in charge of the batch for delivery to the employer After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Embarkation Agent at Dhubri, for information and transmission to the Superintendent of Emigration at Calcutta. In the latter case, the person in charge must, on arrival in the district or sub-division in which the garden where the labourers are to work is situate, place the emigrants with this way-bill before the Magistrate, who will, after endorsing his remarks on the way-bill, and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Embarkation Agent at Dhubri, for information and transmission to the Superintendent of Emigration at Calcutta.

2. *Goalundo route to Assam, Káchár, or Sylhet.*—(*a*) If the batch proceeds to Assam *vid* Goalundo, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection, with the way-bill, before the Magistrate of Hooghly, and, on arrival at Dhubri, before the Embarkation Agent, or in his absence the Magistrate at Goalundo, who will endorse his remarks on the way-bill, and then make it over to the master of the steamer in which the batch is embarked. The master, on the steamer's arrival at Dhubri, must place the way-bill before the Embarkation Agent at Dhubri for his endorsement after inspection of the emigrants, and on the completion of the voyage, or when any batch is about to be landed at its destination, make over the document to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the sardár or other person in charge of the batch, for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Embarkation Agent at Goalundo for information and transmission to the Superintendent of Emigration at Calcutta.

(*b*) If the batch proceeds to Káchár or Sylhet, the person in charge must place the emigrants, with this way-bill, before the Embarkation Agent or Magistrate at the place of embarkation, and also before the Magistrate or Sub-divisional Officers of all stations passed on the way, where such officers are readily accessible, and also before the debarkation officer at the place of their final landing; or should this not be possible, then, without fail, before the Magistrate of the district or sub-division in which the garden where the labourers are to work is situate, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch, for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Embarkation Agent or Magistrate concerned in the embarkation, for information and transmission to the Superintendent of Emigration at Calcutta.

3. *Calcutta route to Chittagong.*—If the batch proceeds to Chittagong or Chittagong Hill Tracts, the person in charge must place the emigrants, with this way-bill, before the Magistrate at the place of disembarkation, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch, for delivery to the employer. After perusal and entry of casualties in the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Superintendent of Emigration at Calcutta for information.

4. *Treatment of emigrants on the journey.*—The person in charge must take every care of the emigrants during the journey. He must give them a cooked meal before they start; and if the journey is likely to occupy more than six hours, he must distribute biscuits and sugar in the proportion of two biscuits and one ounce of sugar to each emigrant of, and above, ten years of age, and one biscuit and half an ounce of sugar to each emigrant under the age of ten years; and if more than eight hours, dry provision must be supplied, such as choora, sutto, and the like, in such quantity as may be determined by the Superintendent of Emigration or other authorized officer. It must be seen that the clothing provided is worn by the emigrants whenever the weather renders such a precaution necessary. At the close of every day's march, or of a train journey, the emigrants must be properly housed, and provided with a cooked meal and wholesome supply of water for drinking and ablution purposes.

5. *Any special instructions.*—

6. *Obedience to instructions.*— The instructions on the way-bill must be strictly complied with, and any failure to do so, or ill-treatment of any emigrant, will render the person in charge of the batch liable to punishment under the provisions of section 153 of Act I of 1882, or, in case he is a sardar, to refusal of certificate thereafter.

CHAPTER IV.

TRANSPORT.

Section 1.—General Rules.

Supervision of embarkation depôts.

80. The Medical Inspector at every place of embarkation shall see that the embarkation depôts are kept in proper order, and shall exercise the same powers in respect of them as are exercised in respect of depôts by Medical Inspectors, reporting, for the information of the Superintendent concerned, any failure of contractors or their employés to attend to his orders. Water and conservancy arrangements shall receive special attention.

Measurement of deck space.

81. Exclusive of hospital, gangways, ventilating hatches, and space for crew and attendants, and in respect of boats for rowing and bailing out, properly sheltered deck space shall be provided on board steamers, flats, or boats at the rate of ten superficial feet to each emigrant, computed with reference to section 92 of the Act, during the months of November, December, and January, and of twelve superficial feet for the remaining months of the year. In steamers of the daily mail service, besides suitable and available space on main deck, fore and after cabins also may be measured for the accommodation of emigrants, at an increased rate per emigrant of twelve and fourteen superficial feet respectively.

Measurement of hospital space.

82. Hospital space shall be provided for five per cent. of the total number of emigrants to be carried, computed with reference to section 92 of the Act, but such space shall be allotted at double the rate allowed for healthy adults, viz. twenty or twenty-four superficial feet to each statute adult, according to season, making reasonable allowance for space occupied by other requirements.

Section 2.—Fittings of Steamers and Flats.

Engineers and shipwright surveyors' certificates.

83. It shall be ascertained that the term for which the engineers and shipwright surveyors' certificates were granted to the vessels has not expired, or will not expire during the passage.

Situation of fittings of emigrant vessels.

84. All fittings shall be provided entirely on board that vessel which is to convey the emigrants to their destination; but, if necessary, and with the Medical Inspector's consent, the hospital may be provided on an upper deck of the adjoining flat or steamer, if it accompany for the entire journey.

Roofs of emigrant vessels.

85. The roof of every vessel shall be strong, watertight, and not less than five feet in height at its junction with the stanchions on either side. If of corrugated iron, the roof must not only be lined or thatched with matting, &c., as a protection against heat, but, on steamers, must also be fitted either with skylights or ridge-ventilators, which shall have a ventilating area of not less than ten superficial feet to every hundred emigrants, computed as in section 92 of the Act, accommodated on board, and shall be so constructed as to exclude rain and allow the free escape of heated air. In steamers of the daily mail service, the ventilating area may be reduced to not less than six superficial feet to every hundred emigrants.

Enclosure of deck space for emigrants.

86. The space measured off for emigrants shall be fitted along the sides of the vessel, with a boarding three feet high, rising from the plankshear of the vessel, and with thick and sound canvas curtains hanging from roof to deck, with ventilating space under the eaves, and fastening closely to the deck below. But from the months of October to March, both inclusive, the three feet boarding shall completely enclose the emigrants' deck space, and, besides the side curtains, there shall be similar curtains hung, one at each end of the deck, so as to convert the entire space allotted to emigrants into a thoroughly sheltered compartment, with ventilating spaces near the roof for the exit of heated and unwholesome air. This large compartment shall, moreover, be subdivided into three smaller compartments by a couple of intermediate curtains stretched right across the deck space, from one side of the vessel to the other; but these two curtains, instead of extending almost up to the roof, as those at the sides and ends must do, shall be raised to a height of six feet only, measuring from the deck upwards, the space above being left clear and open for the purposes of free ventilation. In steamers of the daily mail service, the height of the boarding may be reduced to not less than two feet nine inches, and such boarding may not be continued round the stern of the vessel; but a suitable removable curtain following the iron rail may be substituted therefor.

Protection of emigrants' deck space against wet.

87. The space for emigrants shall be protected also against spray from the paddle-wheels; otherwise the space opposite the paddleboxes on both sides of steamer, and on one side of a flat, if it is to be lashed alongside during the voyage, shall not be measured for the accommodation of emigrant passengers.

Casing of funnel.

88. In order to prevent the heat of the funnel from raising the temperature of the emigrants' deck, in all steamers, in which the space immediately over the engines is neither excluded and railed off, nor ventilated above by skylights or other means, that portion of the funnel between such passengers' deck and the roof shall be enclosed, at a distance of at least eighteen inches all round, by a strong wooden air-shaft or casing, which shall be carried through the deck at the lower end, and through the roof at the upper, so as to afford free exit above the roof for the body of warm air immediately surrounding the funnel. In steamers of the daily mail service, such

wooden casing may be dispensed with, if the iron casing provided for exit of warm air is found to be sufficiently protective, but not otherwise.

89. The space intended for hospital purposes shall be provided on the upper deck of the steamer or flat, and a canvas screen shall divide it off from the rest of the deck space.

Situation of hospital.

90. A suitable compartment, approved by the Medical Inspector, shall be set apart for a dispensary; and bamboos shall be fastened, fore and aft, along the central stanchions within the emigrants' deck space, in order to enable the emigrants to hang up their bundles and blankets for the day.

Compartment for dispensary.

91. All dangerously exposed places near hatches, ladders, bathing places, latrines, communication and landing stages, shall be securely railed in against accidents.

Railing in of unprotected openings.

92. Embarkation, landing, and all communicating stages likely to be used by emigrants, shall be at least three feet wide, well fastened, and provided with hand-rails—a requirement that shall be strictly complied with whenever emigrants are to be embarked or landed. In steamers of the daily mail service, the width of the stages may not be less than two feet.

Embarkation and landing stages.

93. One or two fire-proof cabooses, fitted inside with brick and plaster, and sufficiently large to accommodate the full number of boilers, according to scale, shall be firmly secured in the after part of the vessel, and so placed as to prevent any risk of contamination from the hospital.

Cabooses for emigrants.

94. Four iron water-tanks, each capable of containing four hundred gallons of water, shall be provided on board, and each such tank shall be fitted with at least three moderate-sized taps, of simple construction, capable of being secured against use when desirable, and with a padlocked iron cover, besides a canvas over-all to exclude dust, &c. A ship's force-pump, with hose complete shall also be provided for the exclusive purpose of supplying water to the tanks, and shall on no ground whatever, excepting an outbreak of fire on board, be otherwise used. These tanks shall be conveniently placed, and filled before the arrival of the steamer at the place of embarkation, with the best water available, for the exclusive use of the emigrants. The water of two of the tanks only shall be in use at the same time, the remaining two tanks being reserved as settling tanks. In steamers of the daily mail service, the tanks may be reduced to two, each capable of containing 200 gallons of water, and may be placed below, with a pump arrangement on deck, for the supply of water for drinking and cooking purposes through three moderate-sized taps.

Iron tanks for drinking water.

95. Every vessel licensed to carry emigrants shall be provided with a covered trough, fitted with at least six large and simple taps, placed at such distances apart as to admit of six persons abreast washing their clothes at the same time, and connected with a fixed pump for the constant supply of water therein. Two such troughs shall be provided when the number of emigrants to be carried exceeds three hundred, computed with reference to section 92 of the Act.

Troughs for washing purposes.

96. A sufficiently large and well protected space for bathing shall be set apart for the use of the emigrants, and shall be fitted with a suitable showerbath of simple construction, and capable of distributing the shower over a large area, with a moveable canvas screen, to be invariably used when women are bathing, and with a suitable pump for supplying water thereto, which may be utilized also for filling the trough.

Arrangements for bathing of emigrants.

97. Latrines with doors in front shall be securely fitted as far aft as possible, and at some distance from the deck space for emigrants from their drinking water, and from the cooking places, &c., and in every compartment a metal vessel, secured by a chain, shall be provided for drawing river water for washing purposes. The inside of every compartment, as well as the metal vessel and chain, shall be painted with coal-tar—a process that shall be repeated at the close of every trip after the compartment has been thoroughly cleaned. In steamers of the daily mail service, three latrines may be provided in one of the sponson-deck houses, to be set apart exclusively for the purpose.

Latrines for emigrants.

98. There shall be two separate sets of latrines for males and females respectively placed, if possible, on opposite sides of the deck, and each set shall consist of at least four compartments for the use of any number up to two hundred emigrants, and of one additional compartment for every hundred in excess of the first two hundred, reference in counting numbers being had to section 92 of the Act. In steamers of the daily mail service, the deck-house set apart for the latrines shall have at least three compartments for males and three compartments for females.

Size and number of latrines.

99. Lanterns shall be hung up in their places ready for use.

Lanterns.

100. Two life-buoys shall hang over or near the stern of every vessel, and the boats shall be in good working order, and fitted with requisites for immediate use, when necessary. In steamers of the daily mail service, the number of buckets may be reduced to ten.

Boats and life-buoys.

101. All emigrant passenger vessels shall have on board a fire-engine, with a sufficiently long flexible hose, that would be capable of discharging water over every part of the vessel; fire-buckets, and all other appliances needful in case of fire. The fire-buckets shall be twenty in number, and they, as well as all other fittings, shall always be kept in a proper place, in good order, and be ready for use on the shortest notice.

Provision of fire-engine and appliances.

Section 3.—Embarkation Agent.

Notice of readiness to embark emigrants.

102. Emigrants shall not be embarked unless everything is perfectly ready, and the vessel is prepared to start, of which timely notice shall be sent to the Embarkation Agent.

Presence of emigration officers at embarkation.

103. The Embarkation Agent, the Medical Inspector, the contractor concerned or his agent, the medical officer, and the peon or other person in charge of labourers, shall be present at every embarkation of emigrants. If the number to be embarked be small, a competent assistant may be deputed by the Embarkation Agent and the Medical Inspector to supervise the embarkation.

Stoppage of traffic during embarkation.

104. During embarkation, all traffic, unless carried on by means of a separate stage and gangway, and every kind of work interfering with embarkation, shall be stopped.

Tally of emigrants at embarkation.

105. Two men shall be stationed at the gangway, one to count and the other to keep a careful tally of the number of emigrants as they come on board, one by one, in answer to their names.

Examination of emigrants on board in bad weather.

106. The emigrants shall be mustered and examined under shelter on board, if the weather at the time of embarkation be unfavourable.

Identification of emigrants with their way-bills.

107. The emigrants, divided into batches under their peons and sirdars, shall be called on board by name, one at a time, and identified with those on the way-bills of the batches to be embarked.

Detention of sick emigrants.

108. Any emigrant taken ill and unfit to go shall be detained and sent to the hospital depôt, and such of his relatives and dependents, if any, as desire to remain, or whom it is, for sufficient reason, deemed proper to retain, shall be detained.

Mustering of establishment on board.

109. When all are on board, the embarkation stage shall be removed, and the establishment of peons, sirdars, and topasses shall be mustered in order to see that they are present according to scale. Then all embarkation papers shall be carefully corrected, signed, and delivered; after which the vessel shall leave as speedily as possible, the Embarkation Agent or his assistant remaining at the ghât till she starts.

110. As soon as possible after a vessel leaves, the Embarkation Agent shall forward, duly completed up to date of embarkation, the copies of the way-bills of the despatched batches to the Labour District Officer and to the Superintendent of Emigration respectively for information. The Embarkation Agent shall also forward a deferred telegram to each head-quarter station of a district or sub-division, within whose jurisdiction any emigrants are to be disembarked, informing the Magistrate of the name of the steamer, name of the debarkation port, the number of emigrants to be landed there, and the names of gardens of destination.

Despatch of copies of way-bills to officers concerned.

Section 4.—Masters of vessels.

111. The master of any vessel intending to apply for a license to carry more than twenty emigrant passengers shall provide the permanent fittings as prescribed in the rules 81 to 101; and shall thereafter apply in writing to the Superintendent of Emigration, or other officer duly empowered by the local Government for an inspection of such fittings, and of the legal capacity of the deck space for the accommodation of such passengers.

Provision of fittings in licensed vessel.

112. The Superintendent or other officer shall thereupon examine the fittings; and, after satisfying himself that the requirements of the rules have been complied with, shall grant a certificate of approval in form (No. 29), specifying the number of emigrant passengers that the vessel may carry.

Superintendent's certificate of approval of fittings.

113. The master of any vessel intending to carry labourers as emigrant passengers under his license shall provide the following:—

Provision by master against carrying labourers.

(*a*) Stores, medicines, medical comforts, and cooking utensils in accordance with the requirements of Schedules B, C, and D.

(*b*) A medical officer licensed by the Medical Inspector or other officer so empowered.

(*c*) The establishment of attendants as prescribed in Schedule E.

114. On arrival at Goalundo, the master desiring a license shall make a written application to the Embarkation Agent, or other officer duly empowered by the local Government, and shall in such application state the following particulars:—

Master's application for license.

(*a*) Whether the terms for which the shipwrights and engineer surveyor's certificates were granted have expired, or will expire during the passage.

(*b*) Whether any accident to the vessel for which license is desired, or epidemic among the passengers, occurred during the previous trip.

(*c*) Whether the permanent fittings prescribed by the rules governing transport have been provided, and the requisite certificate of their approval obtained from the officer so authorized.

(*d*) Whether it is intended to carry labourers, and if so, whether the medical officer, the establishment of attendants, and the stores as prescribed in the rules and schedules have been provided.

(*e*) Whether the deck space intended for the accommodation of native passengers has been cleared of cargo; and the stores for labourers, if any, conveniently arranged for survey.

He shall at the same time be prepared for survey by clearing the whole or such portion of the deck space as may be intended for the accommodation of emigrant passengers; and, if labourers are to be carried, by having the prescribed provisions and other stores arranged conveniently for examination.

115. The Embarkation Agent or other officer as aforesaid, on receipt of the application for license, shall, in consultation with the Medical Inspector, hold the survey of the vessel's fittings and available space; and, if labourers are to be carried, of the requisite stores, at which both master and medical officer are to be present. The certificate of approval granted under Rule 80 shall be produced by the master at such survey; and the Embarkation Agent or other officer as aforesaid shall accept the permanent fittings as therein described, on satisfying himself that they have not since been altered or damaged. He shall also, in the event of the entire deck space being reserved for emigrant passengers, accept and enter in the prescribed form of license (form No. 30 or 31), which he may in his discretion grant to the master, the number such space is stated in the certificate to be capable of accommodating; but if only a part of such space be reserved, he shall, after ascertaining the number that may be accommodated therein, specify in the license such number only.

Survey of vessel's fittings and stores.

116. A special examination shall invariably be made by the Medical Inspector of any vessel in which much sickness has occurred on the voyage immediately preceding; and the license applied for by the master shall not be granted unless the master carries out such measures of cleaning, disinfecting, deck-caulking, &c., as the Medical Inspector may think

Special examination of unhealthy vessels.

necessary. If a vessel is found to be recurringly unhealthy for emigrants after material alterations and improvements have been made in her accommodation, a license shall be refused her.

Grant of licenses on approval of arrangements.

117. After everything has been examined and approved, the master and the medical officer shall sign the prescribed provision and medical store lists and final landing statements (forms Nos. 32, 33, and 34 respectively), and when the Embarkation Agent is satisfied that all is correct, and that the master of the steamer has a copy of the Act and Rules, he shall license the vessel.

Location of all passengers on the same deck.

118. Free emigrants and passengers other than labourers may be accommodated on board the same vessel with labourers, and on the same deck, provided that the total number under conveyance does not exceed the maximum number specified in the license: but such passengers shall on *no consideration* be permitted to locate themselves within the spaces specially allotted for the use of emigrant passengers proceeding under the Act.

Exclusion of animals from the emigrants' deck.

119. Horses, pigs, and other animals shall not be allowed on the same deck with the emigrants. Vicious animals shall not be allowed on the same vessel with the emigrants.

Freedom of emigrants' deck from cargo.

120. Masters shall see that the deck space for emigrants is kept clear of cargo, &c., so long as emigrants are under conveyance, and that ladders, stages, &c., are safely secured and railed with a double railing.

Joint responsibilities of master and medical officer.

121. The master of an emigrant vessel and the medical officer in charge, whose professional training and capacity must be equal to that of an apothecary or Assistant Surgeon, shall conjointly be responsible for the care and good treatment of the emigrants during the passage. The medical officer shall strictly carry out the special instructions contained in the form (No. 35) delivered to him by the Embarkation Agent for his guidance.

Assistance of master to medical officer.

122. The medical officer shall insist upon the establishment specially entertained for attendance on the emigrants discharging their duties punctually and properly; and the master shall render all the assistance in his power to the medical officer, in order that he may maintain discipline on board, and conform strictly with all the requirements of the rules regulating transport.

Duties of establishment for emigrants.

123. Peons, garden-sardars, or other persons in charge of emigrants, shall obey the instructions of the master and the medical officer, and shall immediately report to them any neglect of duty or occurrence of disease, or accidents or disagreements affecting the emigrants. The master and the medical officer shall thoroughly investigate the matter under report as soon as possible thereafter.

Appointment of watchers for hospital.

124. Peons and sardars shall have their day and night duties fairly divided and clearly defined. When there are sick emigrants in hospital, peons, sardars, and topasses shall be deputed to hospital duty, so that the sick may constantly be cared for; and the attendants on duty shall be regularly relieved by others in rotation. Careful night-nursing of the sick by the attendants shall be strictly insisted on, and looked to by the medical officer.

Destruction of objectionable articles found with emigrants.

125. As soon after the embarkation as possible, the emigrants shall be comfortably berthed, and their bundles searched for any indigestible food, grain, or old rags they may have contrived to take with them, all of which shall be thrown overboard. This precaution shall receive repeated attention throughout the passage.

Protection of emigrants against interference by crew.

126. The emigrants' deck space shall not be encroached upon in any way by either crew or passengers other than emigrants, nor shall they be permitted to interfere with the emigrants. The topasses shall sweep the decks morning and evening and after every meal, and shall keep them always clean and dry.

Cleaning of emigrants' deck.

127. The decks shall be cleaned by the emigrants daily; but shall be washed only when weather, time, and other circumstances permit, the emigrants being landed or accommodated on another deck till their deck is thoroughly dry.

Disinfection of latrines.

128. The latrines shall be constantly cleaned and disinfected, and occasionally fumigated. Attention shall also be paid to the cleanliness and disinfection of the bed-pans when in use.

Promotion of ventilation of emigrants' decks.

129. Whenever the weather permits, the side curtains shall be raised to admit of free perflation of air, and under all circumstances thorough ventilation shall be promoted by every available means.

Disposal of emigrants' blankets.

130. The emigrants on rising in the morning shall, after well shaking them, fold and sling their blankets out of the way.

Daily mustering of emigrants.

131. The emigrants shall be mustered every morning, and examined by the medical officer. Those who are well shall, weather permitting, bathe daily, and wash their clothes at least twice a week.

Airing of emigrants' clothing.

132. Emigrants' clothes, mats, and blankets shall be aired and put in the sun as often as possible, especially after damp weather.

133. Rations shall be issued daily by the medical officer according to the scale prescribed in schedule B, and sufficiently early to admit of the food being prepared for distribution punctually at 9 o'clock in the forenoon and 4 o'clock in the afternoon; and all such issues, as well as those of medical comforts, shall immediately thereafter be entered by such officer in the prescribed provision and other lists, and certified by him and the master concerned. Boiling rice in bad water shall not be permitted; and when the food is ready, the medical officer shall invariably satisfy himself as to its being properly cooked, and shall see that it is fairly distributed. Stale food shall not be kept by either cooks or emigrants; and all utensils shall be cleaned out and shewn to the medical officer after each meal. Motherless infants and invalids shall have suitable and freshly prepared food (milk, soup, sago, &c.) ordered for them every three or four hours.

Attention to emigrants' food by medical officer.

134. In the event of any pilfering of stores being detected, immediate enquiry shall be made by the medical officer and master, and the offender prosecuted at the first convenient station arrived at thereafter.

Prosecution for theft of stores.

135. A constant supply of good drinking water shall be kept up in the tanks. These shall be used alternately, the water in each being allowed to settle after the addition of alum in the proportion of six grains to the gallon; and every effort shall be made to prevent emigrants from drinking the river water fresh drawn from the side of the vessel. The water shall be pumped directly into the tanks from the river in mid-stream, and clear from all possible risk of pollution from the latrine, &c.

Drinking water for emigrants.

136. Emigrants on board steamers and flats shall not be allowed to draw water from the river over the sides of the vessels, and thereby to incur the risk of accidents.

Protection against emigrants drawing river water.

137. The master of every steamer towing a flat and the medical officer in charge shall strictly prohibit all emigrants or other native passengers from crossing over from one vessel to another; and, with this object in view, shall not permit communicating stages between the vessels to be placed where they favour ready intercourse. Any communicating stages that may be absolutely necessary for the use of the officers and crew shall be constantly watched, in order to prevent accidents and the spread of disease.

Prevention of passengers from crossing over to another vessel.

138. The emigrant passengers as a rule shall not be required to labour during the passage, but in exceptional cases of urgent necessity only such of them as are considered by the medical officer to be well fitted for work may be employed, provided that such work is free from extraordinary risk to life, and that the master supplies those so employed with extra rations at the rate of two and a half chittacks of rice and half a chittack of dâll for each man *per diem*. The emigrants should always be encouraged to occupy their time with reasonable amusements.

Engagement of labourers in work.

139. They shall be properly arranged at night, and prevented from crowding together: and padlocked lanterns shall burn all night in the dispensary, and near latrines and gangways.

Distribution of emigrants at night.

140. The master of every licensed vessel, on arrival at every place where a Magistrate is stationed, shall report to such Magistrate the number of passengers and crew on board, the general state of their health, and the number of deaths that occurred on the passage; and omission to do so shall entail prosecution or refusal of license to carry emigrants thereafter.

Intimation of vessel's arrival at each station to Magistrate.

141. The master or the medical officer shall place the way-bill (form No. 38) of the vessel received from any Embarkation Agent before the inspecting officers at each station, in order that they may enter their remarks on the several points indicated in such way-bill.

Remarks in vessel's way-bill by inspecting officers.

142. The master and the medical officer shall furnish to inspecting officers all necessary information, and shall afford them every facility for the satisfactory discharge of their duties under the provisions of the Act and rules.

Facilities for inspection of vessels.

143. After the last official inspection at the place of final debarkation, the master or medical officer shall forward the vessel's way-bill, in original, together with the medical diary, cholera register, and issue lists of provisions and medical comforts relating to the emigrants embarked at Goalundo to the Emigration Agent at that place for his remarks, and for transmission to the Superintendent of Emigration, Calcutta, for submission of the way-bill with his remarks to the local Government.

Disposal of vessel's way-bill after last inspection.

144. Emigrants shall not be permitted by the master to land finally at any place excepting that named in the vessel's way-bill as their destination, save under circumstances of necessity provided for in the Act and rules.

Landing of emigrants as per vessel's way-bill.

145. The master of a licensed vessel at the close of every trip shall forward to the Emigration Agent at Dhubri for information and transmission to the Superintendent of Emigration at Calcutta a mortality return in the prescribed form (No. 39) shewing the deaths that occurred during the trip among the crew and passengers other than emigrants under the Act.

Report of mortality by master.

Embarkation Agent.

INSTRUCTIONS.

The memorandum on the reverse should be accurately filled in for the information of the Emigration Department.

2. All the noteworthy events, occurrences, and incidents of the voyage should be duly reported to the officers who may visit the vessel for the purposes of inspection.

3 A journal recording accurately and briefly the daily occurrences of the voyage should be daily written up, and the initials of the master obtained at the close of each day, and those of the inspecting officers on the dates of their inspections. Such journal, together with the special cholera report, if any, a complete way-bill of the Goalundo and Dhubri shipments, and any other papers relating to the passage, should be posted under cover of a forwarding letter to the Embarkation Agent last concerned in the embarkation of the emigrants under conveyance for endorsement of any remarks he may desire to offer and for transmission, through any other Embarkation Agent concerned, to the Superintendent of Emigration at Calcutta.

4 The emigrants during the winter months should be made to wear their warm clothing, whenever the conditions of the weather render such a precaution necessary.

5. The effects of the emigrants under conveyance to the labour-districts should be searchingly examined under personal supervision after embarkation and at intervals during the voyage, and all improper articles of food and dirty rags found amongst them should be at once removed and destroyed.

6. Every care should be taken to secure the serving out of properly cooked food to the emigrants, and special and continuous attention should be paid to the regular and proper feeding of infants and children and the sick with milk and other suitable and nourishing diet. Strict attention should also be paid to the maintaining of a constant supply of good drinking water, as well as to the carrying out of the arrangements for the supply of water for bathing and washing purposes.

7. At the close of the voyage the debarkation officer should be requested to examine the quality of the stores supplied on the passage, and to countersign the provision and medical stores lists, if satisfied that the stores have been issued according to scale.

8. On the landing of emigrants at their destinations the medical officer should see that disembarkations are not effected at any but authorized landing-places, and should also carefully fill in health certificates and the abstract on the way-bill of each batch.

9. When cholera or any other disease in an epidemic form breaks out, a special report should be prepared showing, if possible, the probable cause of such an occurrence. The prescribed register of cholera cases should be carefully filled in, and the medical diary should show the details of treatment of each case from day to day. Every precaution should be taken to prevent the spread of the disease, and its occurrence should be reported to the Magistrate of the first station arrived at thereafter.

10. Any emigrant attacked by small-pox on the passage should be landed at the first opportunity, unless there are strong reasons to the contrary.

Section 5. Medical Officers.

Keeping of medical diary and ordinary journal by medical officer.

146. Every medical officer proceeding in charge of emigrants shall keep a medical diary in the prescribed form (No. 37), as well as a journal of the principal events of the passage, and shall write them up daily and carefully. He shall, moreover, on arrival at every inspection station place the above documents before the inspecting officers for their initials against the latest entry. Every death shall be reported immediately to the master of the steamer, who, if there be no relatives on board entitled thereto, shall take over charge of any property or money left by the deceased, and shall deliver the same to the Magistrate at the next station, or at the last place of debarkation for disposal.

Liability of medical officers to dismissal.

147. Every medical officer proceeding in charge of emigrants shall, in case of misconduct or neglect of his duties, or of the requirements of the rules regulating transport, be liable to dismissal on the requisition of any Medical Inspector or other officer so empowered.

Regulation of change of diet by medical officer.

148. All extra food and any change in diet shall be regulated by the medical officer only on his own responsibility.

Utilization of deck of flat in case of epidemic.

149. In the event of an epidemic of dangerously communicable disease occurring on the passage, the master, if required by the medical officer, shall give up the upper deck of an available flat for the better distribution of the emigrant passengers.

Treatment of sick emigrants.

150. Emigrants suffering from slight illness may be attended in their berths; but all serious cases shall be treated in hospital. Patients attacked by cholera or small-pox, or other dangerously communicable disease, with all that belongs to them, shall be instantly and thoroughly isolated from the healthy; and the family or batch in which such disease occurred shall be kept on another deck, or as far apart as possible from the rest of the emigrants without exciting alarm.

Measures of disinfection of deck.

151. Places originally occupied by emigrants removed on account of communicable disease shall be instantly cleaned, and the deck shall be thoroughly scraped and scrubbed with hot sand and disinfecting powder, and, if circumstances admit, fumigation with burning sulphur shall also be carried out.

Measures for prevention of an epidemic.

152. Besides the immediate isolation and treatment of the first case of dangerously communicable disease, every precaution shall be taken to prevent an epidemic, strict attention being paid to premonitory symptoms, general and personal cleanliness, careful disinfection and disposal of excreta, disinfection and destruction of infected articles, free ventilation, and care of the healthy. On the occurrence of cholera a register of the cases shall be kept in the prescribed form (No. 36).

Destruction of infected clothing.

153. All clothes, blankets, mats, &c., that have been in any way in contact with those suffering from serious communicable disease, or have been soiled, or are suspected of infection or impurity, shall be burnt on shore in the presence of the medical officer, who should take special care to have them burnt invariably to leeward; or thrown overboard, whenever burning is impracticable.

To

In furnishing you with the above form, the undersigned invites your careful attention to the following instructions, which must be strictly complied with.

Embarkation Agent.

INSTRUCTIONS.

(*a.*)—Masters of steamers and manjees in charge of boats are particularly warned against omitting to report their arrival at each inspecting station to the senior magisterial officer and to the civil medical officer. Omission to do so will entail prosecution, or deprivation of license for the future.

(*b.*)—The master or medical officer should place this form before the inspecting officers at each station, in order that they may enter their replies against the several questions therein.

(*c.*)—At the end of the voyage after the last inspection at the place of final disembarkation, the master or medical officer must forward this way-bill to the Embarkation Agent at the last place of embarkation for his remarks, and for transmission to any other Embarkation Agent concerned in the shipment for his remarks, and for ultimate submission to the Local Government through the Superintendent of Emigration concerned.

1. *Deck space.* (*a*) Whether the number of passengers exceeded that entered in the master's license; and if so, by how many? (*b*) Whether there was any apparent overcrowding, or whether the accommodation in this respect seemed sufficient?				
2. *State of Decks.* Whether the decks were thoroughly clean? If found to be foul, what orders were passed for their purification, and whether detention of the vessel was necessary?				
3. *Personal cleanliness of the Emigrants.* Whether the emigrants were fairly clean and free from offensive smell? If particularly dirty, what orders were passed, and whether detention of vessel was necessary on this account?				
4. *Water-supply for drinking purposes* (*a*) How and when were the water-tanks last filled? (*b*) Had they enough water in them? (*c*) Whether the water was clean or muddy? (*d*) Whether the taps were sufficient in number, simple in construction, and in good working order? (*e*) Whether the lids were fastened down so as to prevent access to the water?				
5. *Water-supply for ablution purposes* (*a*) What facilities were there for personal ablution, washing of clothes, pots and pans, &c.? (*b*) Whether the structural arrangements for the supply of ablution water were sufficient for the number of emigrants on board? (*c*) Whether these arrangements were in good working order? (*d*) Whether an abundant supply of ablution water had been provided on the passage?				
6. *Latrines.* (*a*) Whether the latrine accommodation was sufficient? (*b*) Whether the latrines were clean and free from offensive smell?				
7. *Hospital.* (*a*) Whether the hospital accommodation was good and sufficient? (*b*) Whether the hospital was clean and free from offensive smell? (*c*) How many patients were under treatment, and for what diseases?				
8. *Ventilation.* Whether there was sufficient ventilation for the decks, and whether ventilation is provided for at night when the purdahs are dropped?				
9. *Clothing.* Whether the emigrants had the prescribed amount and description of clothing?				
10. *Food* Whether the food was of proper quality? Whether any complaints were made? Whether medical officer in charge sees that the food is properly cooked? If opportunity offered of seeing cooked food, whether it was found properly cooked?				
11. *Medical Stores.* Whether the issue register of medical stores was duly written up? and whether in comparison with register of patients under treatment, the issue seemed adequate?

Section 6—Country boats.

Appointment of head manjee.

154. When emigrants are to be conveyed to any labour district in boats, an intelligent head manjee shall be selected by common consent of the others, and appointed by the Embarkation Agent to exercise general control over them in keeping the boats together, preserving order, and assisting the medical officer or other persons in charge during the passage. The appointment of a head manjee, however, shall not lessen the responsibility of each individual manjee. Under the law each one shall be personally liable for every offence or neglect of duty.

Appointment of medical officer when emigrants exceed fifty souls.

155. If the number under conveyance in a fleet of boats exceeds fifty emigrants, the despatchers of such emigrants shall conjointly provide a medical officer—duly licensed by the Medical Inspector or other officer so empowered—to take charge of the boats, and to supply the medicines that may be required for the treatment of the sick during the passage.

Observance of rules for steamers when applicable to boats.

156. A medical officer or other person proceeding in charge of emigrants in boats shall be guided by the rules relating to steamers, so far as they are applicable to boats.

Samples of emigrants' stores for examination.

157. In the case of boat despatches, the contractor or his agent shall place samples of the stores intended for the emigrants before the Embarkation Agent in time to admit of his examining and approving of them prior to holding the final survey of stores on board.

Grant of license after approval of arrangements.

158. After everything required under the Act and Rules has been approved, the manjee and the medical officer or other person in charge shall sign the provision lists; and when the Embarkation Agent is satisfied that every requirement has been met, and that the head manjee in charge of the flotilla has a copy of the Act and Rules, he shall license the boats.

Description of boats for emigrants.

159. Boats for the conveyance of emigrants shall be of uniformly moderate size, and strong and water-tight, and shall be provided with side windows having moveable jhamps. The machan or plank decks, masts, sails, oars, rudders, and all other requisites for the efficient management of boats shall be in thoroughly serviceable order; and all bamboo machan decks shall be matted.

Increase of roof for additional accommodation not ordinarily allowable.

160. No temporary addition to the size of the roof shall be allowed as a plea for carrying more persons than the boat was originally intended to accommodate, unless there be ample space, and the additional accommodation is in every respect satisfactory.

Hospital boat.

161. A moderate-sized boat shall be selected for a hospital; but if it be insufficient to provide the prescribed hospital space, two or more similar sized boats according to requirement shall be selected in preference to a large one for facility of movement. They shall be particularly well ventilated, fitted with plank decks, and subject to the same general conditions as the rest of the boats. Emigrants' stores of whatever kind shall on no account be placed in any hospital boat, which shall be distinguished from the passenger boats by a red flag prominently placed.

Medical officer's boat.

162. A small and swift boat shall be provided for the medical officer in charge and medical stores. The medical officer shall always be near the hospital boat, and a call for him from any passenger boat shall be signalled by the waving of a white cloth. The Embarkation Agent shall see that simple means of rapid communication are understood by all before they start.

Boats for emigrants' stores.

163. The strongest and driest boats, lined with dunnage, shall be selected for the conveyance of the stores for emigrants, and the manjees of the boats shall be held responsible for the proper care of such stores.

Marking of boats passed for emigrants.

164. All boats approved for the transport of emigrants to the labour districts shall be marked and numbered (stencilled in paint) thus :— 
on the bow, stern, or other prominent part, and the mark and number shall invariably be entered in each boat's license.

Lanterns.

165. Each boat shall be provided with a strong and serviceable lantern.

Report of accidents to boats to nearest Magistrate.

166. In the event of any of the boats being disabled by accident, the medical officer or other person in charge shall report such accident, or any other untoward circumstance, to the Magistrate at the nearest civil station, so that remedial measures may be taken and assistance rendered as soon as possible.

Control of boats by medical officer.

167. The medical officer shall endeavour to keep the boats forming the flotilla together, and shall keep the hospital boat following the fleet. He shall take care that the boats are not changed, and that the hospital boat is used only for the purpose intended.

Measures on outbreak of dangerously communicable disease.

168. In the event of seriously communicable disease occurring on the passage, the sick shall be removed to the hospital boat and the healthy shall be landed and made to bathe and wash their clothes, while the boat including its bilge is being thoroughly cleaned and disinfected. The emigrants shall not be allowed to re-enter their boat till everything is clean and dry about them.

General supervision by medical officer.

169. Besides constant attention to the sick, the medical officer shall see that the boats and their bilges are kept clean; that the emigrants are generally clean and well cared for; that foul or infected villages

or places are avoided, and that at night the boats are not fastened to any defiled or unwholesome bank.

Disposal of surplus stores.

170. The surplus of emigrants' stores on board of boats shall at the end of the passage, or after the emigrants for whom they were shipped have been landed, be made over under certificates of delivery to the agents appointed by the contractors to dispose of such surplus. But this shall be done only after such stores have been examined by the inspecting officers, and checked by means of the provision issue statement filled in by the medical officer or other person in charge on the passage, and certificates to this effect shall be signed by the medical officer or other person in charge and the Debarkation Officer. The medical officer or other person in charge shall not take part in the sale of surplus stores, nor have any interest whatever in the proceeds of such sales, or in the transmission of such proceeds to the contractors concerned. Any infringement of this rule by the medical officer or other person in charge shall render him liable to dismissal and non-employment thereafter.

NOTIFICATION.

The 22nd December 1883.—The Lieutenant-Governor is pleased to make the following rules in exercise of the powers conferred upon him by sections 143 and 144 of Act I of 1882 (the Inland Emigration Act). They will take effect from the 1st January 1884.

CHAPTER I.

GENERAL RULES.

Rules, Schedules, and Forms under the Inland Emigration Law.

Inclusion of schedules and forms in the rules.

1. The schedules and forms attached to these rules are prescribed for the several purposes specified in the heading of each, and shall be taken as part of the rules.

Fees payable under the Act.

2. The following shall be the amount of the several fees payable under the provisions of the Act:—

Under Section 13, the fee for a contractor's license (form No. 1) shall be Rs. 100 and that for a sub-contractor's (form No. 2) Rs. 50.

Under Section 24, the fees for a recruiter's license shall be Rs. 16.

Under Section 30, the fee payable to a medical officer for each labourer or dependent placed before him for examination under certificate (form No. 8) shall be two annas from the Inland Labour Transport Fund.

Under Sections 35 and 68 and 111 and 112, the fees for each person produced before a registering officer for the purpose of being registered as a labourer (forms Nos. 9 and 26 respectively) and (employers form No. 2 and Inspector's form No. 2 for use in Chittagong and Chittagong Hill Tracts) shall be one rupee.

Under Section 71, the fee payable to a medical officer for each labourer examined by him shall be eight annas.

Under Section 90, the fee payable on a license for a vessel to carry passengers for not more than one voyage shall be Rs. 16, provided that the fee shall not exceed four annas per head of the total number of passengers which the vessel is capable of carrying; and that for the license of a vessel to carry passengers for any term not exceeding one year shall be Rs. 50.

Under Section 109, the rate payable by an employer shall be eight annas on the 1st day of January and eight annas on the 1st day of July in respect of each labourer in his employ on those dates.

3. The same provision in every respect shall be made for the dependents of labourers as for the labourers themselves, and all rules regulating the treatment and transport of labourers shall be applicable to their dependents also.

Subordination of emigration officers.

4. Every Superintendent of Emigration, Embarkation Agent, and Medical Inspector appointed by the Lieutenant-Governor of Bengal under section 8 of the Act, shall act under general instructions received through the Superintendent of Emigration, Calcutta, and all reports and returns shall be made through such Superintendent.

Annual reports of emigration officers.

5. Every Superintendent of Emigration, Embarkation Agent, and Medical Inspector (appointed by the Lieutenant-Governor of Bengal), shall forward, as early as possible, and not later than two months after the close of every calendar year, an annual report reviewing all the operations of that year connected with the recruitment, accommodation in depôt, and transport of emigrants within the local limits of his jurisdiction to the Superintendent of Emigration, Calcutta; and such Superintendent shall, not later than two months thereafter, submit to the Government of Bengal his annual report for the same period. Such report shall be based on the information available in his own office, and on that furnished by the aforesaid officers in their respective reports, and shall treat of the following points, viz. the management and condition of the depôts licensed under the Act, the conduct of recruitment, the sickness and mortality in depôt, the number of emigrants despatched to the tea districts, the results of the passage thereto with special reference to mortality, and such other subjects as may be prescribed by the Government of Bengal.

Annual reports of Inspectors of Labourers.

6. Every Inspector of Labourers appointed under section 8 shall submit his annual report (to the Government of Bengal), through the Commissioner of the (Chittagong Division), and the report shall be based on the information supplied by the returns of employers of labourers under section 113, and on the results of his personal periodical inspections of labourers. The annual report shall treat of the following points: viz. the number of labourers of different classes on each plantation during the year under report, distinguishing between the labourers of the preceding year and fresh arrivals, those imported and those locally engaged under the Act, and between labourers as defined by Act I of 1882 and persons otherwise engaged; the extent to which employers of labour avail themselves of local labour contracts under sections 111 and 112, particularly in the case of newly-imported labourers; the causes and extent of sickness and mortality amongst the labourers of different classes; the number of births; the average amount of the earnings of labourers under contract and others; the number of convictions for crime, and the nature of the crimes committed; the number of arrests made under section 172,

and the manner in which the law has operated; the treatment and condition of labourers and their families located on each plantation; the nature of the house accommodation assigned to labourers; the degree of medical care bestowed on the sick, and the nature and extent of the hospital arrangements; the number of labourers under the Act whose contracts may have determined during the year, and generally of the working of the Act, and the position of the labourers in his jurisdiction.

Section 2.—Depôts.

Sites of depôts.

8. The site of every depôt shall be cleared, levelled, and drained; and all exposed wells and tanks shall be properly fenced in and protected from surface drainage, which, if necessary, may be required to be effected by the construction of masonry drains.

Depôt sleeping sheds.

9. Sleeping sheds shall be distinct from cooking sheds, and shall be provided with raised platforms or *machans*, high enough to admit of the ground below being readily cleaned; and mats shall be supplied in all cases where such platforms or *machans* are not boarded.

Sleeping shed accommodation according to depôt license.

10. In each sleeping shed the number of emigrants to be accommodated shall be calculated at the uniform rate of not less than fourteen superficial feet of space to each person; and shall never exceed that specified in the depôt license (form No. 7) granted by the Superintendent of Emigration, a copy of which shall be posted in a conspicuous place for the information of visiting officers.

Ventilation of depôt sleeping sheds.

11. Air and light shall be admitted freely into sleeping sheds through large openings for doors and windows, and through open spaces sheltered by the eaves, and moveable *jhamps* shall be fitted to all openings intended for doors and windows.

Depôt cooking sheds.

12. Cooking sheds, with fireplaces or *chulas* arranged in a row, shall have mud-plastered walls, and, wherever possible, tiled roofs; and a proper receptacle for rice-water and other kitchen refuse shall be provided.

Depôt water-supply.

13. A plentiful supply of the purest water obtainable shall be always provided for drinking, cooking, and washing in clean iron tanks to be approved by the Medical Inspector. Each tank shall be fitted with a padlocked cover, and with two or more large strong taps of simple construction; and in all cases where any doubt exists in the opinion of the Medical Inspector as to the uniform purity of the water supplied, each such tank shall be fitted also with a suitable and sufficient filtering apparatus.

Depôt latrines.

14. Latrines shall be separately provided for males and females, properly roofed, thoroughly well ventilated and lighted, and placed in an accessible position. The plan of the latrines, and the system adopted for the daily removal of night-soil and other refuse matter, shall be subjected to the approval of the Medical Inspector.

Depôt hospital.

15. A hospital for ordinary cases, with separate wards for male and female patients, shall be provided. The ward shall be dry, well raised, thoroughly ventilated, well lighted, and furnished with a separate platform or *machan* for each patient, which, when not boarded, shall be covered with matting.

Depôt dispensary.

16. A dispensary, with accommodation for the resident medical officer of the depôt, shall be placed in a convenient situation, and provided with such fittings and furniture as the Medical Inspector may deem necessary.

Section 3.—Places of Accommodation.

Places of accommodation in recruiting districts.

17. The establishment in the several districts of recruitment of places for the temporary accommodation of emigrants, previous to their despatch to the depôts of contractors, shall be regulated generally by the rules relating to such depôts, subject to such modification as the Magistrate of the district may with reference to the temporary nature of such accommodation consider necessary.

Inspection of places of accommodation by district officers.

18. The Magistrate of every district of recruitment shall, in respect of all places for the accommodation of emigrants within such district, exercise the powers vested in the Superintendent for the supervision of depôts. All such places shall be regularly inspected by the Magistrate, and by the officers authorized in that behalf by such Magistrate under the Act.

Responsibility of persons in charge of places of accommodation.

19. The sub-contractors, or recruiters in charge of places for the accommodation of emigrants, shall be responsible for any irregularities that may be committed in connection with the management of such places; and they shall keep such registers, and submit such reports and returns to the Magistrate having jurisdiction as he may require.

Section 4.—Depôt management.

Supervision of depôts by Superintendent.

20. The Superintendent, or his assistant, shall regularly visit every depôt when accommodating emigrants, and shall see that the provisions of the Act are fully carried out in the case of all labourers and their dependents arriving at such depôt, and that the terms of their engagement to work in the labour districts are thoroughly understood by them.

Supervision of depôts by Medical Inspector.

21. The sanitary state of the depôts shall be the special care of the Medical Inspector. He shall visit the depôts regularly, and see that all necessary precautions are taken against communicable disease; that the hospital and other medical arrangements at the depôts are sufficient; that all emigrants unprotected against small-pox are properly vaccinated, and that the depôt arrangements generally for the keep and health of emigrants are satisfactory from a medical point of view. At the close of every month he shall submit a report of his inspections in the prescribed form (No. 10) to the Superintendent.

Visitors' book for inspecting officers.

22. At each depôt there shall be kept a visitors' book, in which the Superintendent and the Medical Inspector shall enter their orders or remarks, and the dates of their visits. During such visits the contractor or his agent shall, without fail, place the depôt and hospital registers before the Superintendent and the Medical Inspector respectively for inspection, and shall on no account alter or correct any entries made therein without their knowledge and sanction.

Facilities for inspection of depôts.

23. Depôt gates shall be in charge of a *darwan*, and shall be open from 6 A.M. to 6 P.M. Every facility shall be given by the contractor and his employés to the inspecting officers when visiting the depôt at any time.

Compliance with orders of emigration officers.

24. All orders of the Superintendent and the Medical Inspector shall be carried out by the contractors and their employés on pain of cancellation of license, or loss of appointment respectively. Should a contractor consider that any order given to him by the Superintendent or Medical Inspector is unreasonable, he shall be at liberty to appeal against such order if passed by the Superintendent and Medical Inspector at Goalundo or Kusteah, to the Superintendent of Emigration, Calcutta, or if passed by the Superintendent of Emigration, Calcutta, to the Government of Bengal. Until, however, the order shall have been reversed by a higher authority it must be carried out.

Appointment of depôt agent.

25. If the contractor does not himself live in his depôt premises, he shall appoint, subject to the approval of the Superintendent, a proper person as his agent, who shall reside there constantly, and conduct the business on the contractor's responsibility. Every such agent shall be registered in the Superintendent's office.

Infringement of rules by contractor's agent.

26. Every contractor shall be responsible for any offence against the rules committed by his agent at any place in the same manner and to the same extent as though he himself had committed such offence.

Depôt registers and returns.

27. The contractor or his agent shall keep depôt registers in the prescribed forms (Nos. 11, 14, and 21 respectively), and shall punctually and accurately make the required entries therein. Monthly returns of accommodation and of sickness in depôt shall likewise be prepared in the prescribed forms (Nos. 12 and 13 respectively), and punctually forwarded to the office of the Superintendent by the 15th of the month following that for which they become due. Any default in these respects, or in the submission of prescribed returns generally when due, shall render the agent liable to loss of his appointment, and the contractor failing to adopt promptly the necessary remedial measures to cancellation of his license.

Appointment of depôt medical officer.

28. A resident medical officer to be licensed by the Medical Inspector shall be appointed by each contractor to his depôt, and his name shall be registered in the Superintendent's office. He shall be paid by the contractor, but shall be directly responsible to the Medical Inspector, who shall give him written instructions for his guidance. He shall not be dismissed without the consent of the Medical Inspector. He shall keep a hospital register in the prescribed form (No. 14), and shall, besides his other duties, assist in making out the monthly returns of sickness and mortality.

Responsibility of contractors in caring for emigrants.

29. The contractor, either directly or through his agent, shall be responsible for the good treatment and care of the emigrants, none of whom shall be discharged from the depôt without the permission of the Superintendent. He shall, moreover, be responsible to the Medical Inspector specially for the sanitary state of the depôt, and for the feeding, clothing, and medical treatment of all the emigrants accommodated therein.

Quality of clothing according to approved sample.

30. The clothing and blankets to be supplied to emigrants shall be according to scale, and of a quality equal to samples to be approved by the Superintendent and retained in his office.

Repairs of depôt sheds.

31. The sheds, hospitals, latrines, drains, &c., shall be constantly inspected, and any defects in them shall be immediately remedied. Mud-plastered walls shall be white-washed once a month.

32. On arrival of emigrants at the depôt, they shall be inspected by the contractor or his agent, and by the resident medical officer; their names shall be entered in the depôt register, and their arrival reported in the prescribed form (No. 15) in the forenoon of the next day to the Superintendent. Any casualty occurring in depôt shall be reported in the prescribed form (No. 16).

Procedure on arrival of emigrants in depôt.

33. The contractor shall ascertain that those sections of the Act which provide for the registration, and for the proper care and treatment of emigrants previous to their entering the depôt, have been complied with, and shall immediately thereafter submit a report regarding any recruiter, or other person in charge, who may be found to have infringed the law.

Irregularities of recruiters.

34. Excepting those whose state of health may prevent it, all emigrants shall be compelled to bathe on their arrival in depôt, and shall thereafter be decently and cleanly clothed according to the scale laid down in schedule A appended to the rules. Every article of clothing belonging to emigrants that is soiled, whether new or old, shall be thoroughly washed and dried before it is issued; and cast-off ragged clothes shall be gathered up and destroyed at once.

Clean clothing for emigrants.

35. A muster-roll of the emigrants in depôt shall be called every morning; and the resident medical officer, after careful examination, shall enter the names of the sick in his diary, which shall be countersigned by the contractor or resident agent.

Daily muster-roll of emigrants.

36. Emigrants shall wash their clothes at least twice a week when possible, and shall bathe daily. A liberal supply of soap shall be provided for the purpose.

Personal cleanliness of emigrants.

37. Emigrants shall not be permitted to wash their clothes and persons in the depôt tanks, but approved appliances for ablution purposes shall be specially provided on a suitable site so drained as to prevent the waste water from returning into the tank or other sources of water-supply. The water for all purposes shall be frequently examined by the Medical Inspector, and the contractor or his agent shall be held responsible for any failure in providing good, wholesome water.

Appliances for ablution purposes.

38. Emigrants shall be compelled to dust out and air their clothes and blankets daily, and shall not be allowed to remain in damp clothes.

Airing of emigrants' clothing.

39. Regular hours shall be set apart for cooking and feeding; and no cooking shall be allowed at any other time except for invalids, nor in any place except the cooking sheds, where alone emigrants shall feed and smoke.

Cooking and feeding arrangements.

40. The rations issued daily to each labourer and dependent in depôt shall be according to the scale laid down in Schedule B; and the meals and drinking water shall invariably be examined by the resident medical officer before being served out. When necessary, food suitable for infants and invalids (fresh milk, soup, sago, &c.,) shall be freshly prepared and regularly supplied throughout the twenty-four hours. Any neglect of infants or invalids on the part of the contractor, his agent, or resident medical officer, shall render such contractor liable to cancellation of license, or such agent or medical officer to the loss of appointment.

Daily inspection of meals by depôt medical officer.

41. After meals the resident medical officer shall see that the cooking sheds are carefully swept out, that all cooking utensils are thoroughly cleaned, and that no stale food is secreted either by the cooks or emigrants.

Cleaning of cooking utensils.

42. Excepting the hospital, latrines, drains, and receptacles for kitchen and other filth, which shall be kept constantly cleaned by the sweepers, the garden, sheds, and every part of the depôt shall be kept clean and in good order by the emigrants. The emigrants if they consent to work shall be regularly employed, but without fatigue, and kept as much as possible in the open air.

Employment of emigrants.

43. The peons on duty shall be constantly about the depôt and shall preserve order and cleanliness everywhere, especially during cooking and feeding and inspections. They shall see that no jungle or rubbish is permitted to accumulate in the depôt compound; that the spaces under and around the sleeping and other sheds are kept clean; and that the sweepers do their work regularly.

Cleanliness of depôt premises.

44. No cooking, feeding, or smoking shall be permitted in the sleeping sheds, which shall be kept thoroughly clean, well ventilated, and water-tight.

Prevention of other use of sleeping sheds.

45. The emigrants shall be properly distributed at night in their sleeping sheds, according to the number each shed is licensed to accommodate, and shall be prevented from crowding together.

Prevention of overcrowding in sleeping sheds.

46. Excepting locked lanterns hung in the dispensary, hospital, and at the entrance of every sleeping shed, and a light in the durwan's room, all lights and fires shall be put out by 9 o'clock at night.

Extinguishing of lights at night.

47. Excreta from the hospital or latrines, and filth of any description, shall not be buried within at least one thousand feet of any source of drinking water; nor be thrown into stagnant pools and *nullahs*, which may happen to be near the depôts.

Disposal of excreta.

48. The contractor or his agent shall arrange with the Vaccination Department for the vaccination of every emigrant unprotected from small-pox as soon as possible after admission into the depôt.

Vaccination of emigrants.

Treatment of sick emigrants.

49. Sick emigrants, excepting those suffering from cholera or other dangerously communicable disease, and otherwise provided for, shall not be sent to any other than the depôt hospital; nor be removed thence, nor from the depôt, without the written permission of the Medical Inspector.

Procedure on outbreak of serious communicable disease.

50. In the event of cholera or small-pox or other dangerously communicable disease appearing in the depôt, every labourer or dependent attacked shall immediately be sent to the authorized hospital for treatment, and the relatives of the affected persons, if any, not accompanying the patient, shall at the same time be placed in the segregation shed situated in an isolated part of the depôt compound, and shall not be removed thence without the written permission of the Medical Inspector. A report of the case shall then be submitted to the Medical Inspector, and within twenty-four hours the Superintendent shall be furnished with a descriptive statement, in the prescribed form (No. 17), of every emigrant sent to the authorized hospital, together with the reason for such removal. In the event of any emigrant sent to hospital dying or being permitted to return to the depôt, the death or re-admission of such emigrant shall be similarly reported to the Superintendent in form (No. 18).

Destruction of infected clothing.

51. Clothing, blankets, and mats that have been in contact with persons suffering from dangerously communicable disease (*e.g.* small-pox or cholera), hospital dressings, foul rags, and all combustible filth, shall be regularly and thoroughly burnt in a safe and suitable place, and in the presence of the resident medical officer. The segregation shed, immediately it ceases to be occupied, shall be carefully cleaned out and disinfected by fumigation or other efficient means.

Disposal of property of deceased emigrants.

52. On the death of any intending emigrant, the contractor, or agent, or medical officer shall immediately make an inventory of the property of such emigrant in a register in the prescribed form (No. 21), to be kept for the purpose, and shall forward such property as early as practicable to the office of the Superintendent for disposal. The claims made by relatives in depôt, if any, shall duly be communicated to the Superintendent, who shall, after making enquiry as to the heirs, dispose of the estate as circumstances may render necessary.

Procedure on contractors failing to provide contract.

53. Emigrants who are not engaged within thirty days of their arrival at any depôt shall be returned through the Superintendent's office to the districts where registered at the expense of the contractor, except when such emigrants elect to continue in such depôt in the hope of being ultimately engaged, or desire to be transferred to the depôt of some other contractor, or prefer to be discharged from the depôt; in which last case they shall, previous to discharge, be paid such compensation as may be ordered by the Superintendent. At the close of every month the contractor or his agent shall forward to the Superintendent's office a statement in the prescribed form (No. 22) of all the emigrants remaining in depôt over thirty days without execution of contract.

Disposal of rejected emigrants.

54. All emigrants that are declared by the Medical Inspector to be unfit to emigrate, and are finally rejected by the contractor or his agent, shall be returned through the Superintendent's office to the districts of registration at the expense of the contractor, unless they of their own accord insist on being discharged on the spot, when they shall be treated, save in respect of compensation in the same manner as emigrants for whom contractors fail to find employment.

Medical examination of rejected emigrants.

55. All rejected emigrants shall be examined by the Medical Inspector on the day that they are to be returned to their districts; and only those that are certified by him to be able to travel shall be forwarded to the Superintendent's office for disposal, while the rest shall be detained in depot under treatment until the Medical Inspector certifies to their being in a fit state to undertake the journey.

Application for execution of labour contracts.

56. When the employer or his agent has selected in any depôt the labourers required by him, a written application for the placing of such labourers on contract shall be sent by the contractor concerned or his agent to the Superintendent of Emigration at least one day before the date fixed upon for execution of contract.

Arrangements for examination of labourers.

57. Labourers intending to execute contracts, when placed before the Superintendent, shall have their copies of registration in their hands; and their blankets, clothing, and utensils, according to the scale prescribed in Schedule A, arranged beside them for inspection.

Knowledge and acceptance of terms by labourers.

58. The Superintendent, when placing labourers on contract, shall invariably satisfy himself that the employer or his agent has affixed his signature to all the contract papers, and that the labourers thoroughly understand and accept the terms and conditions of the contract they are executing. An abstract of every such contract shall be entered in a register to be kept by the Superintendent in the prescribed form (No. 19).

Medical inspection of contract labourers.

59. Labourers who have executed contracts shall be inspected by the Medical Inspector before despatch from the depôt with reference to their fitness to travel; and to that end a written application for such final inspection shall be forwarded by the contractor concerned or his agent to the Medical Inspector at least one day previous to the date of the intended despatch of such labourers to the districts for which engaged.

Section 5.—Despatches.

Arrangements for despatch of emigrants.

60. Every contractor preparing to despatch emigrants to Assam, Cachar, Sylhet, or Chittagong shall ascertain whether other contractors purpose despatching at the same time; and shall in communication with them, and subject to the Superintendent's approval, fix the date of despatch and arrange accordingly, allowing ample time for the discharge of all duties connected with the transport of emigrants under the Act.

Supervision of despatch of emigrants.

61. The Superintendent or his assistant, and the contractor or his agent, shall be present at every despatch of emigrants by train, steamer, or boat; and the contractor or his agent shall give timely notice to the Superintendent or to his assistant of every such intended despatch.

Provision for emigrants on the journey.

62. The contractor shall be responsible for the making of all necessary provision to ensure the health, safety, and comfort of emigrants during transit to the place of embarkation, or to their final landing place when despatched in country-boats. He shall supply the clothing according to scale in all cases; but in the case of boat despatches, he shall also supply the provisions, medical stores, medical officer, and attendants as prescribed in the schedules annexed to the rules.

Provision of way-bill for journey.

63. Every batch, prior to despatch from depôt, shall be provided with a way-bill in the prescribed form (No. 20), and the contractor or his agent shall caution the person in charge to take care of the document; to make it over to the Embarkation Agent concerned on arrival at the place of embarkation; and, if returned to him by that officer, to observe strictly the instructions therein laid down for his guidance.

Feeding of emigrants before journey.

64. Emigrants when about to proceed on a journey shall be provided with a cooked meal before they start.

Supply of food against a long journey.

65. If the journey be likely to occupy more than six hours, a supply of biscuits and sugar shall be distributed to the emigrants before they leave depôt in the proportion of two biscuits and an ounce of sugar to each emigrant, computed with reference to section 92 of the Act, and the agent or peon in charge shall under any circumstances provide milk for infants or young children that require it during such journey.

Attendance of establishment.

66. In the case of boat despatches, provisions and the establishment of cooks and topasses shall either precede or accompany the emigrants on their way to the place of embarkation.

Early arrival of emigrants at railway station.

67. If the journey be by train, the emigrants, accompanied by the contractor or agent concerned, shall be at the railway station fully half an hour earlier than the time fixed for departure, and shall be seated in their carriages at least five minutes before the train starts. Every batch shall be accompanied by the peon or other person in charge as appointed by the contractor or his agent.

Return to hospital of sick emigrants.

68. Any emigrants suddenly taken ill at the railway station shall be sent immediately to the depôt or other authorized hospital accompanied by his relatives and dependents.

Supply of water for the journey.

69. The purest drinking water obtainable shall be supplied for the journey by train in a sufficient number of suitable vessels conveniently placed with the emigrants in each carriage.

Alighting at railway station *en route*.

70. The agent shall arrange with the railway guard in charge to inform emigrants of the opportunities, as they occur on the journey, of leaving their carriage for a time, and to warn them as to the time by which they should return to their carriages.

Telegram advising despatch of emigrants.

71. The contractor or his agent, when despatching emigrants by train, shall, immediately on arriving at the railway station, send a telegram to the contractor's agent at the place of embarkation, intimating the intended despatch, and ordering a cooked meal to be prepared against the arrival of the batch.

Communication of telegram to Embarkation Agent.

72. The contractor's agent at the place of embarkation shall immediately on receipt of the telegram notifying despatch forward it for information to the Embarkation Agent.

NOTE.—(a) Columns under heads A to E, excepting 18 and 19 of the latter head to be filled in by the Superintendent of Emigration and Medical Inspector respectively, should be filled in by the contractor concerned in the despatch; those under head F, excepting column 25, to be filled in by Medical Inspector, by Embarkation Agent concerned: those under head G, together with the health certificate and abstract, by medical officer and master of vessel or by final inspecting officer concerned; and those under head H by debarkation or final inspecting officer concerned, who should thereafter return the way-bill to the peon or other person in charge of the batch to which it relates for delivery to the employer for perusal and return as indicated in the annexed instruction.

(b) Inspecting officers should write any special remarks they may wish to make in regard to the batch on the form provided on the reverse.

(c) Particulars of any batch marching to destination from place of embarkation should be furnished by utilizing columns 29 of F, 32 to 34 of G, and 36 to 38 of H, which have been adapted to meet requirements.

INSTRUCTIONS.

1. *Dhubri route to Assam.*—If the batch proceeds to Assam *viâ* Dhubri, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection with this way-bill before the Magistrate of Hooghly, and on arrival at Dhubri before the Embarkation Agent at that place, who will endorse his remarks on the way-bill, and then either make it over to the master of the steamer, should the batch proceed to destination by water, or return it to the person in charge, should the batch proceed to destination by land. In the former case the master must, after complying with the requisition at foot of way-bill, make over the document to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the peon or other person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Embarkation Agent at Dhubri for information and transmission to the Superintendent of Emigration at Calcutta. In the latter case the person in charge must, on arrival in the district or sub-division in which the garden where the labourers are to work is situate, place the emigrants with this way-bill before the Magistrate, who will, after endorsing his remarks on the way-bill, and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Embarkation Agent at Dhubri for information and transmission to the Superintendent of Emigration at Calcutta

2. *Goalundo route to Assam, Káchár, or Silhat.*—(*a*.)—If the batch proceeds to Assam *viâ* Goalundo, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection with this way-bill before the Magistrate of Hooghly, and on arrival at Goalundo before the Embarkation Agent, or in his absence the Magistrate at Goalundo, who will endorse his remarks on the way-bill and then make it over to the master of the steamer in which the batch is embarked The master, on the steamer's arrival at Dhubri, must place the way-bill before the Embarkation Agent at Dhubri for his endorsement after inspection of coolies; and on the completion of the voyage must, after complying with the requisition at foot of way-bill, make over the document to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the peon or other person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Embarkation Agent at Goalundo for information and transmission to the Superintendent of Emigration at Calcutta.

(*b*) If the batch proceeds to Káchár or Silhat, the person in charge must place the emigrants with this way-bill before the Embarkation Agent or Magistrate at the place of embarkation, and also before the Magistrate or Sub-divisional officers of all stations passed on the way, where such officers are readily accessible, and also before the debarkation officer at the place of their final landing, or should this not be possible, then, without fail, before the Magistrate of the district or sub-division in which the garden where the labourers are to work is situate, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Embarkation Agent or Magistrate concerned in the embarkation for information and transmission to the Superintendent of Emigration at Calcutta.

3. *Calcutta route to Chittagong.*—If the batch proceeds to Chittagong or the Chittagong Hill Tracts the person in charge must place the emigrants with this way-bill before the Magistrate at the place of disembarkation, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who in turn should forward it to the Superintendent of Emigration at Calcutta for information.

4. *Treatment of emigrants on the journey.*—The person in charge must take every care of the emigrants during the journey. He must give them a cooked meal before they start; and if the journey is likely to occupy more than six hours, he must distribute biscuits and sugar in the proportion of two biscuits and one ounce of sugar to each emigrant of and above ten years of age, and one biscuit and half an ounce of sugar to each emigrant under the age of ten years; and if more than eight hours, dry provisions must be supplied, such as choora, suttoo, and the like, in such quantity as may be determined by the Superintendent of Emigration or other authorized officer. It must be seen that the clothing provided is worn by the emigrants whenever the weather renders such a precaution necessary. At the close of every day's march, or of a train journey, the emigrants must be properly housed, and provided with a cooked meal and wholesome supply of water for drinking and ablution purposes.

5. *Any special instructions.*—

6. *Obedience to instructions.*—The instructions on the way-bill must be strictly complied with; and any failure to do so, or ill-treatment of any emigrant, will render the person in charge of the batch liable to punishment under the provisions of section 148 of Act I of 1882, or, in case he is a licensed person, to cancellation of license if needed.

CHAPTER III.

GARDEN-SARDARS' SYSTEM OF RECRUITMENT.

Application for local agent's license.

73. Every employer of labour, in charge of any estate in a labour district, desiring to obtain, under section 59 of the Act, a license (form No. 24) for any person to be a local agent for the purpose of representing him in the recruiting districts, and supervising the collection of labourers by his garden-sardars, shall apply to the Superintendent of Emigration authorized to grant such license, either directly or through his agent.

Application for local agent's special license.

74. If any employer applies for a special license under section 62 (form No. 25) on behalf of any local agent, in order to enable him to engage labourers without the intervention of a garden-sardar, and such local agent is at the time representing other employers by virtue of a license under section 59, the written consent of all such other employers to the grant of such special license shall invariably be obtained and furnished with the application.

75. Every local agent shall be held responsible for the proper conduct of recruitment by garden sardars working under his supervision; and shall see that their recruiting operations are in all respects distinct and apart from those of contractor's and their employés.

Responsibilities of local agents in respect to selection of labourers.

76. In every case in which the physical fitness for labour of intending emigrants is required by any employer in his sardar's certificate (form No. 23) to be determined previous to registration, the local agent, if any, or the sardar of such employer, shall ensure the necessary medical examination in form (No 27) and be otherwise directly responsible for the class of labourers engaged to proceed to the labour district.

Inspection of places of accommodation for sirdari labourers.

77. It shall be the duty of the District Magistrate to see that every place approved for the accommodation of intending emigrants recruited by garden-sardars is regularly and thoroughly inspected by the officers charged with that duty.

Provision of way-bill for journey.

78. The way-bill (form No. 28) required by section 76 to be provided for the journey shall be carefully and correctly filled in with all the necessary particulars regarding the labourers forming the batch by the sirdar or other person appointed to accompany them to their destination; and local agents, if any, shall be held responsible for the garden-sirdar's fulfilment of this duty.

Return of way bills by employers.

79. On the arrival of a batch of labourers at its destination, or port of disembarkation as the case may be, the sardar or other person in charge shall make over the way-bill of the batch to the employer of such labourers, who, after endorsing thereon his remarks, shall forward it to the district or sub-divisional magisterial officer for information and transmission to the Embarkation Agent, or the Superintendent of Emigration concerned, in the despatch of the labourers.

No. 23.

INSTRUCTIONS.

1. *Dhubri route to Assam.*—If the batch proceeds to Assam *viâ* Dhubri, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection, with the way-bill, before the Magistrate of Hooghly, and on arrival at Goalundo, before the Embarkation Agent at that place, who will endorse his remarks on the way-bill, and then either make it over to the master of the steamer, should the batch proceed to destination by water, or return it to the person in charge, should the batch proceed to destination by land. In the former case, the master must be careful, when emigrants are being finally landed, to make over the way-bill to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the sardár or other person in charge of the batch for delivery to the employer After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Embarkation Agent at Dhubri, for information and transmission to the Superintendent of Emigration at Calcutta. In the latter case, the person in charge must, on arrival in the district or sub-division in which the garden where the labourers are to work is situate, place the emigrants with this way bill before the Magistrate, who will, after endorsing his remarks on the way-bill, and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Embarkation Agent at Dhubri, for information and transmission to the Superintendent of Emigration at Calcutta.

2. *Goalundo route to Assam, Kúchár, or Sylhet.*—(*a*) If the batch proceeds to Assam *viâ* Goalundo, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection, with the way-bill, before the Magistrate of Hooghly, and, on arrival at Dhubri, before the Embarkation Agent, or in his absence the Magistrate at Goalundo, who will endorse his remarks on the way-bill, and then make it over to the master of the steamer in which the batch is embarked. The master, on the steamer's arrival at Dhubri, must place the way-bill before the Embarkation Agent at Dhubri for his endorsement after inspection of the emigrants, and on the completion of the voyage, or when any batch is about to be landed at its destination, make over the document to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the sardár or other person in charge of the batch, for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Embarkation Agent at Goalundo for information and transmission to the Superintendent of Emigration at Calcutta.

(*b*) If the batch proceeds to Káchár or Sylhet, the person in charge must place the emigrants, with this way-bill, before the Embarkation Agent or Magistrate at the place of embarkation, and also before the Magistrate or Sub-divisional Officers of all stations passed on the way, where such officers are readily accessible, and also before the debarkation officer at the place of their final landing; or should this not be possible, then, without fail, before the Magistrate of the district or sub-division in which the garden where the labourers are to work is situate, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch, for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Embarkation Agent or Magistrate concerned in the embarkation, for information and transmission to the Superintendent of Emigration at Calcutta.

3. *Calcutta route to Chittagong.*—If the batch proceeds to Chittagong or Chittagong Hill Tracts, the person in charge must place the emigrants, with this way-bill, before the Magistrate at the place of disembarkation, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch, for delivery to the employer. After perusal and entry of casualties in the journey to garden, the employer must return the way-bill to the Magistrate of the district or sub-division, who, in turn, should forward it to the Superintendent of Emigration at Calcutta for information.

4. *Treatment of emigrants on the journey.*—The person in charge must take every care of the emigrants during the journey. He must give them a cooked meal before they start; and if the journey is likely to occupy more than six hours, he must distribute biscuits and sugar in the proportion of two biscuits and one ounce of sugar to each emigrant of, and above, ten years of age, and one biscuit and half an ounce of sugar to each emigrant under the age of ten years; and if more than eight hours, dry provision must be supplied, such as choora, sutto, and the like, in such quantity as may be determined by the Superintendent of Emigration or other authorized officer. It must be seen that the clothing provided is worn by the emigrants whenever the weather renders such a precaution necessary. At the close of every day's march, or of a train journey, the emigrants must be properly housed, and provided with a cooked meal and wholesome supply of water for drinking and ablution purposes.

5. *Any special instructions.*—

6. *Obedience to instructions.*—The instructions on the way-bill must be strictly complied with, and any failure to do so, or ill-treatment of any emigrant, will render the person in charge of the batch liable to punishment under the provisions of section 153 of Act I of 1882, or, in case he is a sardar, to refusal of certificate thereafter.

Name of station.	Date.	Remarks which inspecting officers may desire to record.

CHAPTER IV.

TRANSPORT.

Section 1.—General Rules.

Supervision of embarkation depôts.

80. The Medical Inspector at every place of embarkation shall see that the embarkation depôts are kept in proper order, and shall exercise the same powers in respect of them as are exercised in respect of depôts by Medical Inspectors, reporting, for the information of the Superintendent concerned, any failure of contractors or their employés to attend to his orders. Water and conservancy arrangements shall receive special attention.

Measurement of deck space.

81. Exclusive of hospital, gangways, ventilating hatches, and space for crew and attendants, and in respect of boats for rowing and bailing out, properly sheltered deck space shall be provided on board steamers, flats, or boats at the rate of ten superficial feet to each emigrant, computed with reference to section 92 of the Act, during the months of November, December, and January, and of twelve superficial feet for the remaining months of the year. In steamers of the daily mail service, besides suitable and available space on main deck, fore and after cabins also may be measured for the accommodation of emigrants, at an increased rate per emigrant of twelve and fourteen superficial feet respectively.

Measurement of hospital space.

82. Hospital space shall be provided for five per cent. of the total number of emigrants to be carried, computed with reference to section 92 of the Act, but such space shall be allotted at double the rate allowed for healthy adults, viz. twenty or twenty-four superficial feet to each statute adult, according to season, making reasonable allowance for space occupied by other requirements.

Section 2.—Fittings of Steamers and Flats.

Engineers and shipwright surveyors' certificates.

83. It shall be ascertained that the term for which the engineers and shipwright surveyors' certificates were granted to the vessels has not expired, or will not expire during the passage.

Situation of fittings of emigrant vessels.

84. All fittings shall be provided entirely on board that vessel which is to convey the emigrants to their destination; but, if necessary, and with the Medical Inspector's consent, the hospital may be provided on an upper deck of the adjoining flat or steamer, if it accompany for the entire journey.

Roofs of emigrant vessels.

85. The roof of every vessel shall be strong, watertight, and not less than five feet in height at its junction with the stanchions on either side. If of corrugated iron, the roof must not only be lined or thatched with matting, &c., as a protection against heat, but, on steamers, must also be fitted either with skylights or ridge-ventilators, which shall have a ventilating area of not less than ten superficial feet to every hundred emigrants, computed as in section 92 of the Act, accommodated on board, and shall be so constructed as to exclude rain and allow the free escape of heated air. In steamers of the daily mail service, the ventilating area may be reduced to not less than six superficial feet to every hundred emigrants.

Enclosure of deck space for emigrants.

86. The space measured off for emigrants shall be fitted along the sides of the vessel, with a boarding three feet high, rising from the planksheer of the vessel, and with thick and sound canvas curtains hanging from roof to deck, with ventilating space under the eaves, and fastening closely to the deck below. But from the months of October to March, both inclusive, the three feet boarding shall completely enclose the emigrants' deck space, and, besides the side curtains, there shall be similar curtains hung, one at each end of the deck, so as to convert the entire space allotted to emigrants into a thoroughly sheltered compartment, with ventilating spaces near the roof for the exit of heated and unwholesome air. This large compartment shall, moreover, be subdivided into three smaller compartments by a couple of intermediate curtains stretched right across the deck space, from one side of the vessel to the other; but these two curtains, instead of extending almost up to the roof, as those at the sides and ends must do, shall be raised to a height of six feet only, measuring from the deck upwards, the space above being left clear and open for the purposes of free ventilation. In steamers of the daily mail service, the height of the boarding may be reduced to not less than two feet nine inches, and such boarding may not be continued round the stern of the vessel; but a suitable removable curtain following the iron rail may be substituted therefor.

Protection of emigrants' deck space against wet.

87. The space for emigrants shall be protected also against spray from the paddle-wheels; otherwise the space opposite the paddleboxes on both sides of steamer, and on one side of a flat, if it is to be lashed alongside during the voyage, shall not be measured for the accommodation of emigrant passengers.

Casing of funnel.

88. In order to prevent the heat of the funnel from raising the temperature of the emigrants' deck, in all steamers, in which the space immediately over the engines is neither excluded and railed off, nor ventilated above by skylights or other means, that portion of the funnel between such passengers' deck and the roof shall be enclosed, at a distance of at least eighteen inches all round, by a strong wooden air-shaft or casing, which shall be carried through the deck at the lower end, and through the roof at the upper, so as to afford free exit above the roof for the body of warm air immediately surrounding the funnel. In steamers of the daily mail service, such

wooden casing may be dispensed with, if the iron casing provided for exit of warm air is found to be sufficiently protective, but not otherwise.

Situation of hospital.

89. The space intended for hospital purposes shall be provided on the upper deck of the steamer or flat, and a canvas screen shall divide it off from the rest of the deck space.

Compartment for dispensary.

90. A suitable compartment, approved by the Medical Inspector, shall be set apart for a dispensary; and bamboos shall be fastened, fore and aft, along the central stanchions within the emigrants' deck space, in order to enable the emigrants to hang up their bundles and blankets for the day.

Railing in of unprotected openings.

91. All dangerously exposed places near hatches, ladders, bathing places, latrines, communication and landing stages, shall be securely railed in against accidents.

Embarkation and landing stages.

92. Embarkation, landing, and all communicating stages likely to be used by emigrants, shall be at least three feet wide, well fastened, and provided with hand-rails—a requirement that shall be strictly complied with whenever emigrants are to be embarked or landed. In steamers of the daily mail service, the width of the stages may not be less than two feet.

Cabooses for emigrants.

93. One or two fire-proof cabooses, fitted inside with brick and plaster, and sufficiently large to accommodate the full number of boilers, according to scale, shall be firmly secured in the after part of the vessel, and so placed as to prevent any risk of contamination from the hospital.

Iron tanks for drinking water.

94. Four iron water-tanks, each capable of containing four hundred gallons of water, shall be provided on board, and each such tank shall be fitted with at least three moderate-sized taps, of simple construction, capable of being secured against use when desirable, and with a padlocked iron cover, besides a canvas over-all to exclude dust, &c. A ship's force-pump, with hose complete, shall also be provided for the exclusive purpose of supplying water to the tanks, and shall on no ground whatever, excepting an outbreak of fire on board, be otherwise used. These tanks shall be conveniently placed, and filled before the arrival of the steamer at the place of embarkation, with the best water available, for the exclusive use of the emigrants. The water of two of the tanks only shall be in use at the same time, the remaining two tanks being reserved as settling tanks. In steamers of the daily mail service, the tanks may be reduced to two, each capable of containing 200 gallons of water, and may be placed below, with a pump arrangement on deck, for the supply of water for drinking and cooking purposes through three moderate-sized taps.

Troughs for washing purposes.

95. Every vessel licensed to carry emigrants shall be provided with a covered trough, fitted with at least six large and simple taps, placed at such distances apart as to admit of six persons abreast washing their clothes at the same time, and connected with a fixed pump for the constant supply of water therein. Two such troughs shall be provided when the number of emigrants to be carried exceeds three hundred, computed with reference to section 92 of the Act.

Arrangements for bathing of emigrants.

96. A sufficiently large and well protected space for bathing shall be set apart for the use of the emigrants, and shall be fitted with a suitable showerbath of simple construction, and capable of distributing the shower over a large area, with a moveable canvas screen, to be invariably used when women are bathing, and with a suitable pump for supplying water thereto, which may be utilized also for filling the trough.

Latrines for emigrants.

97. Latrines with doors in front shall be securely fitted as far aft as possible, and at some distance from the deck space for emigrants from their drinking water, and from the cooking places, &c., and in every compartment a metal vessel, secured by a chain, shall be provided for drawing river water for washing purposes. The inside of every compartment, as well as the metal vessel and chain, shall be painted with coal-tar—a process that shall be repeated at the close of every trip after the compartment has been thoroughly cleaned. In steamers of the daily mail service, three latrines may be provided in one of the sponson-deck houses, to be set apart exclusively for the purpose.

Size and number of latrines.

98. There shall be two separate sets of latrines for males and females respectively placed, if possible, on opposite sides of the deck, and each set shall consist of at least four compartments for the use of any number up to two hundred emigrants, and of one additional compartment for every hundred in excess of the first two hundred, reference in counting numbers being had to section 92 of the Act. In steamers of the daily mail service, the deck-house set apart for the latrines shall have at least three compartments for males and three compartments for females.

Lanterns.

99. Lanterns shall be hung up in their places ready for use.

Boats and life-buoys.

100. Two life-buoys shall hang over or near the stern of every vessel, and the boats shall be in good working order, and fitted with requisites for immediate use, when necessary. In steamers of the daily mail service, the number of buckets may be reduced to ten.

Provision of fire-engine and appliances.

101. All emigrant passenger vessels shall have on board a fire-engine, with a sufficiently long flexible hose, that would be capable of discharging water over every part of the vessel; fire-buckets, and all other appliances needful in case of fire. The fire-buckets shall be twenty in number, and they, as well as all other fittings, shall always be kept in a proper place, in good order, and be ready for use on the shortest notice.

Section 3.—Embarkation Agent.

Notice of readiness to embark emigrants.

102. Emigrants shall not be embarked unless everything is perfectly ready, and the vessel is prepared to start, of which timely notice shall be sent to the Embarkation Agent.

Presence of emigration officers at embarkation.

103. The Embarkation Agent, the Medical Inspector, the contractor concerned or his agent, the medical officer, and the peon or other person in charge of labourers, shall be present at every embarkation of emigrants. If the number to be embarked be small, a competent assistant may be deputed by the Embarkation Agent and the Medical Inspector to supervise the embarkation.

Stoppage of traffic during embarkation.

104. During embarkation, all traffic, unless carried on by means of a separate stage and gangway, and every kind of work interfering with embarkation, shall be stopped.

Tally of emigrants at embarkation.

105. Two men shall be stationed at the gangway, one to count and the other to keep a careful tally of the number of emigrants as they come on board, one by one, in answer to their names.

Examination of emigrants on board in bad weather.

106. The emigrants shall be mustered and examined under shelter on board, if the weather at the time of embarkation be unfavourable.

Identification of emigrants with their way-bills.

107. The emigrants, divided into batches under their peons and sirdars, shall be called on board by name, one at a time, and identified with those on the way-bills of the batches to be embarked.

Detention of sick emigrants.

108. Any emigrant taken ill and unfit to go shall be detained and sent to the hospital depôt, and such of his relatives and dependents, if any, as desire to remain, or whom it is, for sufficient reason, deemed proper to retain, shall be detained.

Mustering of establishment on board.

109. When all are on board, the embarkation stage shall be removed, and the establishment of peons, sirdars, and topasses shall be mustered in order to see that they are present according to scale. Then all embarkation papers shall be carefully corrected, signed, and delivered; after which the vessel shall leave as speedily as possible, the Embarkation Agent or his assistant remaining at the ghât till she starts.

110. As soon as possible after a vessel leaves, the Embarkation Agent shall forward, duly completed up to date of embarkation, the copies of the way-bills of the despatched batches to the Labour District Officer and to the Superintendent of Emigration respectively for information. The Embarkation Agent shall also forward a deferred telegram to each head-quarter station of a district or sub-division, within whose jurisdiction any emigrants are to be disembarked, informing the Magistrate of the name of the steamer, name of the debarkation port, the number of emigrants to be landed there, and the names of gardens of destination.

Despatch of copies of way-bills to officers concerned.

Section 4.—Masters of vessels.

111. The master of any vessel intending to apply for a license to carry more than twenty emigrant passengers shall provide the permanent fittings as prescribed in the rules 81 to 101; and shall thereafter apply in writing to the Superintendent of Emigration, or other officer duly empowered by the local Government for an inspection of such fittings, and of the legal capacity of the deck space for the accommodation of such passengers.

Provision of fittings in licensed vessel.

112. The Superintendent or other officer shall thereupon examine the fittings; and, after satisfying himself that the requirements of the rules have been complied with, shall grant a certificate of approval in form (No. 29), specifying the number of emigrant passengers that the vessel may carry.

Superintendent's certificate of approval of fittings.

113. The master of any vessel intending to carry labourers as emigrant passengers under his license shall provide the following:—

Provision by master against carrying labourers.

(*a*) Stores, medicines, medical comforts, and cooking utensils in accordance with the requirements of Schedules B, C, and D.

(*b*) A medical officer licensed by the Medical Inspector or other officer so empowered.

(*c*) The establishment of attendants as prescribed in Schedule E.

114. On arrival at Goalundo, the master desiring a license shall make a written application to the Embarkation Agent, or other officer duly empowered by the local Government, and shall in such application state the following particulars:—

Master's application for license.

(*a*) Whether the terms for which the shipwrights and engineer surveyor's certificates were granted have expired, or will expire during the passage.

(*b*) Whether any accident to the vessel for which license is desired, or epidemic among the passengers, occurred during the previous trip.

(*c*) Whether the permanent fittings prescribed by the rules governing transport have been provided, and the requisite certificate of their approval obtained from the officer so authorized.

(*d*) Whether it is intended to carry labourers, and if so, whether the medical officer, the establishment of attendants, and the stores as prescribed in the rules and schedules have been provided.

(*e*) Whether the deck space intended for the accommodation of native passengers has been cleared of cargo; and the stores for labourers, if any, conveniently arranged for survey.

He shall at the same time be prepared for survey by clearing the whole or such portion of the deck space as may be intended for the accommodation of emigrant passengers; and, if labourers are to be carried, by having the prescribed provisions and other stores arranged conveniently for examination.

115. The Embarkation Agent or other officer as aforesaid, on receipt of the application for license, shall, in consultation with the Medical Inspector, hold the survey of the vessel's fittings and available space; and, if labourers are to be carried, of the requisite stores, at which both master and medical officer are to be present. The certificate of approval granted under Rule 80 shall be produced by the master at such survey; and the Embarkation Agent or other officer as aforesaid shall accept the permanent fittings as therein described, on satisfying himself that they have not since been altered or damaged. He shall also, in the event of the entire deck space being reserved for emigrant passengers, accept and enter in the prescribed form of license (form No. 30 or 31), which he may in his discretion grant to the master, the number such space is stated in the certificate to be capable of accommodating; but if only a part of such space be reserved, he shall, after ascertaining the number that may be accommodated therein, specify in the license such number only.

Survey of vessel's fittings and stores.

116. A special examination shall invariably be made by the Medical Inspector of any vessel in which much sickness has occurred on the voyage immediately preceding; and the license applied for by the master shall not be granted unless the master carries out such measures of cleaning, disinfecting, deck-caulking, &c., as the Medical Inspector may think

Special examination of unhealthy vessels.

necessary. If a vessel is found to be recurringly unhealthy for emigrants after material alterations and improvements have been made in her accommodation, a license shall be refused her.

Grant of licenses on approval of arrangements.

117. After everything has been examined and approved, the master and the medical officer shall sign the prescribed provision and medical store lists and final landing statements (forms Nos. 32, 33, and 34 respectively), and when the Embarkation Agent is satisfied that all is correct, and that the master of the steamer has a copy of the Act and Rules, he shall license the vessel.

Location of all passengers on the same deck.

118. Free emigrants and passengers other than labourers may be accommodated on board the same vessel with labourers, and on the same deck, provided that the total number under conveyance does not exceed the maximum number specified in the license: but such passengers shall on *no consideration* be permitted to locate themselves within the spaces specially allotted for the use of emigrant passengers proceeding under the Act.

Exclusion of animals from the emigrants' deck.

119. Horses, pigs, and other animals shall not be allowed on the same deck with the emigrants. Vicious animals shall not be allowed on the same vessel with the emigrants.

Freedom of emigrants' deck from cargo.

120. Masters shall see that the deck space for emigrants is kept clear of cargo, &c., so long as emigrants are under conveyance, and that ladders, stages, &c., are safely secured and railed with a double railing.

Joint responsibilities of master and medical officer.

121. The master of an emigrant vessel and the medical officer in charge, whose professional training and capacity must be equal to that of an apothecary or Assistant Surgeon, shall conjointly be responsible for the care and good treatment of the emigrants during the passage. The medical officer shall strictly carry out the special instructions contained in the form (No. 35) delivered to him by the Embarkation Agent for his guidance.

Assistance of master to medical officer.

122. The medical officer shall insist upon the establishment specially entertained for attendance on the emigrants discharging their duties punctually and properly; and the master shall render all the assistance in his power to the medical officer, in order that he may maintain discipline on board, and conform strictly with all the requirements of the rules regulating transport.

Duties of establishment for emigrants.

123. Peons, garden-sardars, or other persons in charge of emigrants, shall obey the instructions of the master and the medical officer, and shall immediately report to them any neglect of duty or occurrence of disease, or accidents or disagreements affecting the emigrants. The master and the medical officer shall thoroughly investigate the matter under report as soon as possible thereafter.

Appointment of watchers for hospital.

124. Peons and sardars shall have their day and night duties fairly divided and clearly defined. When there are sick emigrants in hospital, peons, sardars, and topasses shall be deputed to hospital duty, so that the sick may constantly be cared for; and the attendants on duty shall be regularly relieved by others in rotation. Careful night-nursing of the sick by the attendants shall be strictly insisted on, and looked to by the medical officer.

Destruction of objectionable articles found with emigrants.

125. As soon after the embarkation as possible, the emigrants shall be comfortably berthed, and their bundles searched for any indigestible food, grain, or old rags they may have contrived to take with them, all of which shall be thrown overboard. This precaution shall receive repeated attention throughout the passage.

Protection of emigrants against interference by crew.

126. The emigrants' deck space shall not be encroached upon in any way by either crew or passengers other than emigrants, nor shall they be permitted to interfere with the emigrants. The topasses shall sweep the decks morning and evening and after every meal, and shall keep them always clean and dry.

Cleaning of emigrants' deck.

127. The decks shall be cleaned by the emigrants daily; but shall be washed only when weather, time, and other circumstances permit, the emigrants being landed or accommodated on another deck till their deck is thoroughly dry.

Disinfection of latrines.

128. The latrines shall be constantly cleaned and disinfected, and occasionally fumigated. Attention shall also be paid to the cleanliness and disinfection of the bed-pans when in use.

Promotion of ventilation of emigrants' deck.

129. Whenever the weather permits, the side curtains shall be raised to admit of free perflation of air, and under all circumstances thorough ventilation shall be promoted by every available means.

Disposal of emigrants' blankets.

130. The emigrants on rising in the morning shall, after well shaking them, fold and sling their blankets out of the way.

Daily mustering of emigrants.

131. The emigrants shall be mustered every morning, and examined by the medical officer. Those who are well shall, weather permitting, bathe daily, and wash their clothes at least twice a week.

Airing of emigrants' clothing.

132. Emigrants' clothes, mats, and blankets shall be aired and put in the sun as often as possible, especially after damp weather.

133. Rations shall be issued daily by the medical officer according to the scale prescribed in schedule B, and sufficiently early to admit of the food being prepared for distribution punctually at 9 o'clock in the forenoon and 4 o'clock in the afternoon; and all such issues, as well as those of medical comforts, shall immediately thereafter be entered by such officer in the prescribed provision and other lists, and certified by him and the master concerned. Boiling rice in bad water shall not be permitted; and when the food is ready, the medical officer shall invariably satisfy himself as to its being properly cooked, and shall see that it is fairly distributed. Stale food shall not be kept by either cooks or emigrants; and all utensils shall be cleaned out and shewn to the medical officer after each meal. Motherless infants and invalids shall have suitable and freshly prepared food (milk, soup, sago, &c.) ordered for them every three or four hours.

Attention to emigrants' food by medical officer.

134. In the event of any pilfering of stores being detected, immediate enquiry shall be made by the medical officer and master, and the offender prosecuted at the first convenient station arrived at thereafter.

Prosecution for theft of stores.

135. A constant supply of good drinking water shall be kept up in the tanks. These shall be used alternately, the water in each being allowed to settle after the addition of alum in the proportion of six grains to the gallon; and every effort shall be made to prevent emigrants from drinking the river water fresh drawn from the side of the vessel. The water shall be pumped directly into the tanks from the river in mid-stream, and clear from all possible risk of pollution from the latrine, &c.

Drinking water for emigrants.

136. Emigrants on board steamers and flats shall not be allowed to draw water from the river over the sides of the vessels, and thereby to incur the risk of accidents.

Protection against emigrants drawing river water.

137. The master of every steamer towing a flat and the medical officer in charge shall strictly prohibit all emigrants or other native passengers from crossing over from one vessel to another; and, with this object in view, shall not permit communicating stages between the vessels to be placed where they favour ready intercourse. Any communicating stages that may be absolutely necessary for the use of the officers and crew shall be constantly watched, in order to prevent accidents and the spread of disease.

Prevention of passengers from crossing over to another vessel.

138. The emigrant passengers as a rule shall not be required to labour during the passage, but in exceptional cases of urgent necessity only such of them as are considered by the medical officer to be well fitted for work may be employed, provided that such work is free from extraordinary risk to life, and that the master supplies those so employed with extra rations at the rate of two and a half chittacks of rice and half a chittack of dâll for each man *per diem*. The emigrants should always be encouraged to occupy their time with reasonable amusements.

Engagement of labourers in work.

139. They shall be properly arranged at night, and prevented from crowding together: and padlocked lanterns shall burn all night in the dispensary, and near latrines and gangways.

Distribution of emigrants at night.

140. The master of every licensed vessel, on arrival at every place where a Magistrate is stationed, shall report to such Magistrate the number of passengers and crew on board, the general state of their health, and the number of deaths that occurred on the passage; and omission to do so shall entail prosecution or refusal of license to carry emigrants thereafter.

Intimation of vessel's arrival at each station to Magistrate.

141. The master or the medical officer shall place the way-bill (form No. 38) of the vessel received from any Embarkation Agent before the inspecting officers at each station, in order that they may enter their remarks on the several points indicated in such way-bill.

Remarks in vessel's way-bill by inspecting officers.

142. The master and the medical officer shall furnish to inspecting officers all necessary information, and shall afford them every facility for the satisfactory discharge of their duties under the provisions of the Act and rules.

Facilities for inspection of vessels.

143. After the last official inspection at the place of final debarkation, the master or medical officer shall forward the vessel's way-bill, in original, together with the medical diary, cholera register, and issue lists of provisions and medical comforts relating to the emigrants embarked at Goalundo to the Emigration Agent at that place for his remarks, and for transmission to the Superintendent of Emigration, Calcutta, for submission of the way-bill with his remarks to the local Government.

Disposal of vessel's way-bill after last inspection.

144. Emigrants shall not be permitted by the master to land finally at any place excepting that named in the vessel's way-bill as their destination, save under circumstances of necessity provided for in the Act and rules.

Landing of emigrants as per vessel's way-bill.

145. The master of a licensed vessel at the close of every trip shall forward to the Embarkation Agent at Dhubri for information and transmission to the Superintendent of Emigration at Calcutta a mortality return in the prescribed form (No. 39) shewing the deaths that occurred during the trip among the crew and passengers other than emigrants under the Act.

Report of mortality by master.

Embarkation Agent.

INSTRUCTIONS.

The memorandum on the reverse should be accurately filled in for the information of the Emigration Department.

2. All the noteworthy events, occurrences, and incidents of the voyage should be duly reported to the officers who may visit the vessel for the purposes of inspection.

3. A journal recording accurately and briefly the daily occurrences of the voyage should be daily written up, and the initials of the master obtained at the close of each day, and those of the inspecting officers on the dates of their inspections. Such journal, together with the special cholera report, if any, a complete way-bill of the Goalundo and Dhubri shipments, and any other papers relating to the passage, should be posted under cover of a forwarding letter to the Embarkation Agent last concerned in the embarkation of the emigrants under conveyance for endorsement of any remarks he may desire to offer and for transmission, through any other Embarkation Agent concerned, to the Superintendent of Emigration at Calcutta.

4. The emigrants during the winter months should be made to wear their warm clothing, whenever the conditions of the weather render such a precaution necessary.

5. The effects of the emigrants under conveyance to the labour-districts should be searchingly examined under personal supervision after embarkation and at intervals during the voyage, and all improper articles of food and dirty rags found amongst them should be at once removed and destroyed.

6. Every care should be taken to secure the serving out of properly cooked food to the emigrants, and special and continuous attention should be paid to the regular and proper feeding of infants and children and the sick with milk and other suitable and nourishing diet. Strict attention should also be paid to the maintaining of a constant supply of good drinking water, as well as to the carrying out of the arrangements for the supply of water for bathing and washing purposes.

7. At the close of the voyage the debarkation officer should be requested to examine the quality of the stores supplied on the passage, and to countersign the provision and medical stores lists, if satisfied that the stores have been issued according to scale.

8. On the landing of emigrants at their destinations the medical officer should see that disembarkations are not effected at any but authorized landing-places, and should also carefully fill in health certificates and the abstract on the way-bill of each batch.

9. When cholera or any other disease in an epidemic form breaks out, a special report should be prepared showing, if possible, the probable cause of such an occurrence. The prescribed register of cholera cases should be carefully filled in, and the medical diary should show the details of treatment of each case from day to day. Every precaution should be taken to prevent the spread of the disease, and its occurrence should be reported to the Magistrate of the first station arrived at thereafter.

10. Any emigrant attacked by small-pox on the passage should be landed at the first opportunity, unless there are strong reasons to the contrary.

Section 5. Medical Officers.

Keeping of medical diary and ordinary journal by medical officer.

146. Every medical officer proceeding in charge of emigrants shall keep a medical diary in the prescribed form (No. 37), as well as a journal of the principal events of the passage, and shall write them up daily and carefully. He shall, moreover, on arrival at every inspection station place the above documents before the inspecting officers for their initials against the latest entry. Every death shall be reported immediately to the master of the steamer, who, if there be no relatives on board entitled thereto, shall take over charge of any property or money left by the deceased, and shall deliver the same to the Magistrate at the next station, or at the last place of debarkation for disposal.

Liability of medical officers to dismissal.

147. Every medical officer proceeding in charge of emigrants shall, in case of misconduct or neglect of his duties, or of the requirements of the rules regulating transport, be liable to dismissal on the requisition of any Medical Inspector or other officer so empowered.

Regulation of change of diet by medical officer.

148. All extra food and any change in diet shall be regulated by the medical officer only on his own responsibility.

Utilization of deck of flat in case of epidemic.

149. In the event of an epidemic of dangerously communicable disease occurring on the passage, the master, if required by the medical officer, shall give up the upper deck of an available flat for the better distribution of the emigrant passengers.

Treatment of sick emigrants.

150. Emigrants suffering from slight illness may be attended in their berths; but all serious cases shall be treated in hospital. Patients attacked by cholera or small-pox, or other dangerously communicable disease, with all that belongs to them, shall be instantly and thoroughly isolated from the healthy; and the family or batch in which such disease occurred shall be kept on another deck, or as far apart as possible from the rest of the emigrants without exciting alarm.

Measures of disinfection of deck.

151. Places originally occupied by emigrants removed on account of communicable disease shall be instantly cleaned, and the deck shall be thoroughly scraped and scrubbed with hot sand and disinfecting powder, and, if circumstances admit, fumigation with burning sulphur shall also be carried out.

Measures for prevention of an epidemic.

152. Besides the immediate isolation and treatment of the first case of dangerously communicable disease, every precaution shall be taken to prevent an epidemic, strict attention being paid to premonitory symptoms, general and personal cleanliness, careful disinfection and disposal of excreta, disinfection and destruction of infected articles, free ventilation, and care of the healthy. On the occurrence of cholera a register of the cases shall be kept in the prescribed form (No. 36).

Destruction of infected clothing.

153. All clothes, blankets, mats, &c., that have been in any way in contact with those suffering from serious communicable disease, or have been soiled, or are suspected of infection or impurity, shall be burnt on shore in the presence of the medical officer, who should take special care to have them burnt invariably to leeward; or thrown overboard, whenever burning is impracticable.

To

In furnishing you with the above form, the undersigned invites your careful attention to the following instructions, which must be strictly complied with.

Embarkation Agent.

INSTRUCTIONS.

(*a*)—Masters of steamers and manjees in charge of boats are particularly warned against omitting to report their arrival at each inspecting station to the senior magisterial officer and to the civil medical officer. Omission to do so will entail prosecution, or deprivation of license for the future.

(*b.*)—The master or medical officer should place this form before the inspecting officers at each station, in order that they may enter their replies against the several questions therein.

(*c.*)—At the end of the voyage after the last inspection at the place of final disembarkation, the master or medical officer must forward this way-bill to the Embarkation Agent at the last place of embarkation for his remarks and for transmission to any other Embarkation Agent concerned in the shipment for his remarks, and for ultimate transmission to the Local Government through the Superintendent of Emigration concerned.

Results of inspection.

Questions.	Dhubri.	Gauhati.	Tezpur.	Dibrughur.
1. *Deck space.* (*a*) Whether the number of passengers exceeded that entered in the master's license; and if so, by how many? (*b*) Whether there was any apparent overcrowding, or whether the accommodation in this respect seemed sufficient?				
2. *State of Decks.* Whether the decks were thoroughly clean? If found to be foul, what orders were passed for their purification, and whether detention of the vessel was necessary?				
3. *Personal cleanliness of the Emigrants.* Whether the emigrants were fairly clean and free from offensive smell? If particularly dirty, what orders were passed, and whether detention of vessel was necessary on this account?				
4. *Water-supply for drinking purposes.* (*a*) How and when were the water-tanks last filled? (*b*) Had they enough water in them? (*c*) Whether the water was clean or muddy? (*d*) Whether the taps were sufficient in number, simple in construction, and in good working order? (*e*) Whether the lids were fastened down so as to prevent access to the water?				
5. *Water-supply for ablution purposes.* (*a*) What facilities were there for personal ablution, washing of clothes, pots and pans, &c.? (*b*) Whether the structural arrangements for the supply of ablution water were sufficient for the number of emigrants on board? (*c*) Whether these arrangements were in good working order? (*d*) Whether an abundant supply of ablution water had been provided on the passage?				
6. *Latrines.* (*a*) Whether the latrine accommodation was sufficient? (*b*) Whether the latrines were clean and free from offensive smell?				
7. *Hospital.* (*a*) Whether the hospital accommodation was good and sufficient? (*b*) Whether the hospital was clean and free from offensive smell? (*c*) How many patients were under treatment, and for what diseases?				
8. *Ventilation.* Whether there was sufficient ventilation for the decks, and whether ventilation is provided for at night when the purdahs are dropped?				
9. *Clothing.* Whether the emigrants had the prescribed amount and description of clothing?				
10. *Food.* Whether the food was of proper quality? Whether any complaints were made? Whether medical officer in charge sees that the food is properly cooked? If opportunity offered of seeing cooked food, whether it was found properly cooked?				
11. *Medical Stores.* Whether the issue register of medical stores was duly written up? and whether in comparison with register of patients under treatment, the issue seemed adequate?				
12. *Medical Diary.* Whether the medical diary was duly written up to date?

Master.

Section 6—Country boats.

Appointment of head manjee.

154. When emigrants are to be conveyed to any labour district in boats, an intelligent head manjee shall be selected by common consent of the others, and appointed by the Embarkation Agent to exercise general control over them in keeping the boats together, preserving order, and assisting the medical officer or other persons in charge during the passage. The appointment of a head manjee, however, shall not lessen the responsibility of each individual manjee. Under the law each one shall be personally liable for every offence or neglect of duty.

Appointment of medical officer when emigrants exceed fifty souls.

155. If the number under conveyance in a fleet of boats exceeds fifty emigrants, the despatchers of such emigrants shall conjointly provide a medical officer—duly licensed by the Medical Inspector or other officer so empowered—to take charge of the boats, and to supply the medicines that may be required for the treatment of the sick during the passage.

Observance of rules for steamers when applicable to boats.

156. A medical officer or other person proceeding in charge of emigrants in boats shall be guided by the rules relating to steamers, so far as they are applicable to boats.

Samples of emigrants' stores for examination.

157. In the case of boat despatches, the contractor or his agent shall place samples of the stores intended for the emigrants before the Embarkation Agent in time to admit of his examining and approving of them prior to holding the final survey of stores on board.

Grant of license after approval of arrangements.

158. After everything required under the Act and Rules has been approved, the manjee and the medical officer or other person in charge shall sign the provision lists; and when the Embarkation Agent is satisfied that every requirement has been met, and that the head manjee in charge of the flotilla has a copy of the Act and Rules, he shall license the boats.

Description of boats for emigrants.

159. Boats for the conveyance of emigrants shall be of uniformly moderate size, and strong and water-tight, and shall be provided with side windows having moveable jhamps. The machan or plank decks, masts, sails, oars, rudders, and all other requisites for the efficient management of boats shall be in thoroughly serviceable order; and all bamboo machan decks shall be matted.

Increase of roof for additional accommodation not ordinarily allowable.

160. No temporary addition to the size of the roof shall be allowed as a plea for carrying more persons than the boat was originally intended to accommodate, unless there be ample space, and the additional accommodation is in every respect satisfactory.

Hospital boat.

161. A moderate-sized boat shall be selected for a hospital; but if it be insufficient to provide the prescribed hospital space, two or more similar sized boats according to requirement shall be selected in preference to a large one for facility of movement. They shall be particularly well ventilated, fitted with plank decks, and subject to the same general conditions as the rest of the boats. Emigrants' stores of whatever kind shall on no account be placed in any hospital boat, which shall be distinguished from the passenger boats by a red flag prominently placed.

Medical officer's boat.

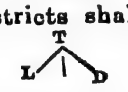
162. A small and swift boat shall be provided for the medical officer in charge and medical stores. The medical officer shall always be near the hospital boat, and a call for him from any passenger boat shall be signalled by the waving of a white cloth. The Embarkation Agent shall see that simple means of rapid communication are understood by all before they start.

Boats for emigrants' stores.

163. The strongest and driest boats, lined with dunnage, shall be selected for the conveyance of the stores for emigrants, and the manjees of the boats shall be held responsible for the proper care of such stores.

Marking of boats passed for emigrants.

164. All boats approved for the transport of emigrants to the labour districts shall be marked and numbered (stencilled in paint) thus :— on the bow, stern, or other prominent part, and the mark and number shall invariably be entered in each boat's license.



Lanterns.

165. Each boat shall be provided with a strong and serviceable lantern.

Report of accidents to boats to nearest Magistrate.

166. In the event of any of the boats being disabled by accident, the medical officer or other person in charge shall report such accident, or any other untoward circumstance, to the Magistrate at the nearest civil station, so that remedial measures may be taken and assistance rendered as soon as possible.

Control of boats by medical officer.

167. The medical officer shall endeavour to keep the boats forming the flotilla together, and shall keep the hospital boat following the fleet. He shall take care that the boats are not changed, and that the hospital boat is used only for the purpose intended.

Measures on outbreak of dangerously communicable disease.

168. In the event of seriously communicable disease occurring on the passage, the sick shall be removed to the hospital boat and the healthy shall be landed and made to bathe and wash their clothes, while the boat including its bilge is being thoroughly cleaned and disinfected. The emigrants shall not be allowed to re-enter their boat till everything is clean and dry about them.

General supervision by medical officer.

169. Besides constant attention to the sick, the medical officer shall see that the boats and their bilges are kept clean; that the emigrants are generally clean and well cared for; that foul or infected villages

or places are avoided, and that at night the boats are not fastened to any defiled or unwholesome bank.

Disposal of surplus stores.

170. The surplus of emigrants' stores on board of boats shall at the end of the passage, or after the emigrants for whom they were shipped have been landed, be made over under certificates of delivery to the agents appointed by the contractors to dispose of such surplus. But this shall be done only after such stores have been examined by the inspecting officers, and checked by means of the provision issue statement filled in by the medical officer or other person in charge on the passage, and certificates to this effect shall be signed by the medical officer or other person in charge and the Debarkation Officer. The medical officer or other person in charge shall not take part in the sale of surplus stores, nor have any interest whatever in the proceeds of such sales, or in the transmission of such proceeds to the contractors concerned. Any infringement of this rule by the medical officer or other person in charge shall render him liable to dismissal and non-employment thereafter.

NOTIFICATION.

The 29th December 1883.—It is hereby notified for general information that, under the provisions of section 1, Act IV (B.C.) of 1873, the Lieutenant-Governor intends to direct that all deaths, occurring after the 15th February next within that part of the district of Darjeeling which lies to the west of the river Teesta, shall be registered, unless good reasons against the measure are shown within one month from the date of the publication of this notification within the aforesaid area.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 8th January 1884.—Whereas a notification was published in the *Calcutta Gazette* of the 10th October 1883, declaring the intention of the Lieutenant-Governor to extend the provisions of Act V (B.C.) of 1880 (the Bengal Vaccination Act) to the Kotechandpore Municipality, in the district of Jessore, and whereas no objection has been raised to such extension within six weeks of the publication of the notification within the Municipality, the Lieutenant-Governor, in the exercise of the powers conferred on him by section 1 of the said Act, directs that the extension shall take effect from the 1st February 1884.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 3rd January 1884.—The following rules to regulate the account of expenditure on drainage schemes sanctioned under Act VI (B.C.) of 1880 having been approved by the Lieutenant-Governor of Bengal, are published for general information :—

Rules for the account of Expenditure on Drainage Schemes sanctioned under Act VI (B.C.) of 1880.

1. In the following rules the word "scheme" means any project or portion of a project sanctioned by the Government under section 54 of the Act as a separate scheme.

2. Expenditure on any scheme for the drainage and improvement of any tract of land under Act VI (B.C.) of 1880 will be incurred on estimates adopted by the Commissioners appointed under the Act and sanctioned by Government.

3. The expenditure will be incurred partly by the Public Works Department and partly by the Civil Department. The expenditure in the Civil Department will be in respect of compensation for lands taken for the purposes of the Act, and for damage inflicted in carrying out the scheme, salaries of officers, servants and establishments, and cost of surveys and valuations (other than those made by officers of the Public Works Department), whether antecedent or subsequent to the preparation of the scheme and plans.

4. On the vouchers on which such expenditure is incurred it will be distinctly stated for what particular scheme the payments are made, and no voucher shall be paid at the treasury unless it is first passed by the Collector of the district as a charge to a particular scheme under the Act.

5. The expenditure will be passed by the Accountant-General to charge of a special advance head to be opened for each scheme upon his accounts, and an account of all the transactions under each such account (opening and closing with a balance) will be forwarded by him to the Collector at the end of each quarter for communication to the Commissioners. The account should be made up in such detail as to show the *general* nature of the expenditure included in it, such as "surveys," "compensation for land," &c.

6. The accounts of expenditure in the Public Works Department will similarly be kept separately for each "scheme," the charges being in the first place passed to debit of a special advance head to be opened upon the books of the Examiner.

7. A quarterly account of the expenditure so charged will be prepared by the Examiner, and by him transmitted to the Accountant-General for communication to the Collector and the Commissioners. This account will show the general nature of the expenditure only, such as "establishments," "works," "stores" or any other similar particulars.

8. At the final closing of the account of each year, but not till then, the total charge upon the Examiner's books will be transferred to those of the Accountant-General, which will then show, under a separate advance account for each scheme, the total expenditure in each year, both in the Civil and in the Public Works Department.

9. At the end of each quarter, until the work is finally completed, the officer in charge of the works will, as required by section 27, make a detailed report to the Drainage Commissioners, through the Collector, of the progress of the works and the expenditure thereupon, so far as known to him, from the date to which the next preceding report has been brought down.

10. The quarterly account received from the Accountant-General by the Commissioners will be received as the statement of the accounts of Government in respect of each scheme. They will, on receipt, be examined by the Commissioners against the register of sanctioned charges (for Civil Department), and be compared with the quarterly report

of the officer in charge of the works (for Public Works Department). The Commissioners will report to the Accountant-General objections they may have to raise to the accounts whether in respect of their completeness in point of the detail required for their purposes or in respect of their accuracy.

11. It shall be the duty of the Accountant-General to meet such criticisms, as far as consistent with the facts, by adjustments which will appear in the succeeding quarterly accounts. But the Accountant-General is the final authority in respect of the correctness of the account.

12. A copy of the certificate of completion of work required by section 28 of the Act will be sent by the officer in charge of the work to the Accountant-General, who will thereupon calculate the interest due up to date of completion, and add it to the total cost charged in his books to the advance head, for recovery from the persons concerned.

13. The interest shall be made up by reckoning for interest the total of the net expenditure shown in each quarterly account from the end of the quarter to which it appertains.

14. A complete account will now be made up by the Accountant-General in such detail as the Drainage Commissioners may require, but not in greater detail than that of the quarterly account. This complete account shows the total recoverable under the Act.

15. The Accountant-General will at the same time draw up a statement, agreeing with the above, showing the quarterly totals in the following form :—

Quarter ending.	Amount of expenditure.			Amount of interest till (a specified date.)
	Civil.	Public Works.	Total.	

The complete account, together with this statement, will be communicated by the Accountant-General to the Collector for communication to the Commissioners, and will be subscribed by the Accountant-General as a certificate under section 27 of the Act.

A. P. MACDONNELL,
Offg. Secretary to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 7th January 1884.—It is hereby notified for general information that the Lieutenant-Governor approves the following additions to, and alterations in, the Rules for the guidance of officers engaged in the administration of the Salt Department in the Lower Provinces of Bengal :—

The following is added to Rule 42 at page 12 of the Salt Manual :—

"Failure to comply with this rule will render such person liable to a fine not exceeding Rs. 500; and if it shall appear to the officer trying the case that the omission was made with a fraudulent intent, he shall direct the salt to be confiscated."

The following is added to Rule 43 at page 12 of the Salt Manual :—

"Provided that the person in charge of the salt, referred to in Rule 42, and the proprietor of the salt, referred to in Rule 43, shall not both be fined in respect of the same omission."

Rule 44, at pages 12 and 13 of the Salt Manual, is altered as follows :—

For "under section 148 of the Code of Criminal Procedure (Act X of 1872)," *substitute* "under section 204 of the Code of Criminal Procedure (Act X of 1882)."

For "as provided in the same section," *substitute* "as provided in section 90."

For "section 93" quoted in the rule, *substitute* "Section 57."

A. P. MACDONNELL,
Offg. Secretary to the Govt. of Bengal.

No. 5.—With reference to Government of India Public Works Department Notification No 7 of the 3rd instant, Mr. C. Von Ahn, Executive Engineer, fourth grade, temporary rank, is posted to the Benares-Cuttack Railway Surveys.

The 8th January 1884.

Notification —*No.* 6.—Mr. H. C. Levinge, B.A., C.E., Chief Engineer, and Secretary to the Government of Bengal in the Public Works Department, having retired from the service, the Lieutenant-Governor desires to place on record his high appreciation of the very effective and able assistance rendered by that officer to the Government of Bengal. Mr. Levinge has been the adviser of that Government on all questions connected with irrigation since the year 1879, and with railways since 1881; and his excellent services as Chief Engineer of the Department have received the acknowledgment of previous Lieutenant-Governors.

The large projects of the Orissa Canals still in progress have always found a strong advocate and promoter in Mr. Levinge; but the great works connected with the system of irrigation from the Sone river, which are now almost completed, were designed and have been executed under his supervision from their first commencement, and his name will always be honorably remembered in connection with them.

The Lieutenant-Governor regrets the loss to the public service of an officer of the great professional ability and administrative capacity which have throughout marked Mr. Levinge's career in India.

No. 7.—*Leave.*—Mr. H. Bell, Engineer-in-Chief, Tirhoot Railway Extensions, Construction Section, is granted six weeks' privilege leave, with effect from the 4th instant.

PORT OFFICE, *Calcutta, the 7th January* 1884.

[First Publication.]

NOTIFICATION.

The 14th January 1884.—It is hereby notified that under the provisions of section 12, Act VII (B.C.) of 1864, the Lieutenant-Governor is pleased to exclude from the ring fence defined in the last clause of section I of the rules approved and notified in the *Calcutta Gazette* of 27th October 1880, under section 11 of the same Act, the Ruthtolla Ghât and the Port Commissioners' godowns and tramway within the railway fencing between Ruthtolla and Chitpore; and to declare the said ghât and the godowns and the tramway to be situated within the limits of the operation of the salt law. In the eighth line, therefore, of the last clause of section I of the aforesaid rules, the following words shall be inserted after the words "East Indian Railway at Howrah," viz. "at Ruthtolla Ghât, including the Port Commissioners' godowns and the tramway within the railway fencing between Ruthtolla Ghât and Chitpore."

2. In the list of pass stations published in section III of the rules above mentioned, the following shall also be inserted between the districts "24-Pergunnahs" and "Howrah," "Calcutta.....1. Ruthtolla Ghât near the Port Commissioners' godowns and tramway."

3. It is also hereby notified for general information that the landing of salt at Armenian Ghât is prohibited for the future.

NOTIFICATION.

The 3rd January 1884.—The following rules to regulate the account of expenditure on drainage schemes sanctioned under Act VI (B.C.) of 1880 having been approved by the Lieutenant-Governor of Bengal, are published for general information:—

Rules for the account of Expenditure on Drainage Schemes sanctioned under Act VI (B.C.) of 1880.

1. In the following rules the word "scheme" means any project or portion of a project sanctioned by the Government under section 54 of the Act as a separate scheme.

2. Expenditure on any scheme for the drainage and improvement of any tract of land under Act VI (B.C.) of 1880 will be incurred on estimates adopted by the Commissioners appointed under the Act and sanctioned by Government.

3. The expenditure will be incurred partly by the Public Works Department and partly by the Civil Department. The expenditure in the Civil Department will be in respect of compensation for lands taken for the purposes of the Act, and for damage inflicted in carrying out the scheme, salaries of officers, servants and establishments, and cost of surveys and valuations (other than those made by officers of the Public Works Department), whether antecedent or subsequent to the preparation of the scheme and plans.

4. On the vouchers on which such expenditure is incurred it will be distinctly stated for what particular scheme the payments are made, and no voucher shall be paid at the treasury unless it is first passed by the Collector of the district as a charge to a particular scheme under the Act.

5. The expenditure will be passed by the Accountant-General to charge of a special advance head to be opened for each scheme upon his accounts, and an account of all the transactions under each such account (opening and closing with a balance) will be forwarded by him to the Collector at the end of each quarter for communication to the Commissioners. The account should be made up in such detail as to show the *general* nature of the expenditure included in it, such as "surveys," "compensation for land," &c.

6. The accounts of expenditure in the Public Works Department will similarly be kept separately for each "scheme," the charges being in the first place passed to debit of a special advance head to be opened upon the books of the Examiner.

7. A quarterly account of the expenditure so charged will be prepared by the Examiner, and by him transmitted to the Accountant-General for communication to the Collector and the Commissioners. This account will show the general nature of the expenditure only, such as "establishments," "works," "stores" or any other similar particulars.

8. At the final closing of the account of each year, but not till then, the total charge upon the Examiner's books will be transferred to those of the Accountant-General, which will then show, under a separate advance account for each scheme, the total expenditure in each year, both in the Civil and in the Public Works Department.

9. At the end of each quarter, until the work is finally completed, the officer in charge of the works will, as required by section 27, make a detailed report to the Drainage Commissioners, through the Collector, of the progress of the works and the expenditure thereupon, so far as known to him, from the date to which the next preceding report has been brought down.

10. The quarterly account received from the Accountant-General by the Commissioners will be received as the statement of the accounts of Government in respect of each scheme. They will, on receipt, be examined by the Commissioners against the register of sanctioned charges (for Civil Department), and be compared with the quarterly report of the officer in charge of the works (for Public Works Department). The Commissioners will report to the Accountant-General objections they may have to raise to the accounts whether in respect of their completeness in point of the detail required for their purposes or in respect of their accuracy.

11. It shall be the duty of the Accountant-General to meet such criticisms, as far as consistent with the facts, by adjustments which will appear in the succeeding quarterly accounts. But the Accountant-General is the final authority in respect of the correctness of the account.

12. A copy of the certificate of completion of work required by section 28 of the Act will be sent by the officer in charge of the work to the Accountant-General, who will thereupon calculate the interest due up to date of completion, and add it to the total cost charged in his books to the advance head, for recovery from the persons concerned.

13. The interest shall be made up by reckoning for interest the total of the net expenditure shown in each quarterly account from the end of the quarter to which it appertains.

14. A complete account will now be made up by the Accountant-General in such detail as the Drainage Commissioners may require, but not in greater detail than that of the quarterly account. This complete account shows the total recoverable under the Act.

15. The Accountant-General will at the same time draw up a statement, agreeing with the above, showing the quarterly totals in the following form :—

Quarter ending.	Amount of expenditure.			Amount of interest till (a specified date.)
	Civil.	Public Works.	Total.	

The complete account, together with this statement, will be communicated by the Accountant-General to the Collector for communication to the Commissioners, and will be subscribed by the Accountant-General as a certificate under section 27 of the Act.

A. P. MacDonnell,
Offg. Secretary to the Govt. of Bengal.

NOTIFICATION.

The 7th January 1884.—It is hereby notified for general information that the Lieutenant-Governor approves the following additions to, and alterations in, the Rules for the guidance of officers engaged in the administration of the Salt Department in the Lower Provinces of Bengal :—

The following is added to Rule 42 at page 12 of the Salt Manual :—

"Failure to comply with this rule will render such person liable to a fine not exceeding Rs. 500; and if it shall appear to the officer trying the case that the omission was made with a fraudulent intent, he shall direct the salt to be confiscated."

The following is added to Rule 43 at page 12 of the Salt Manual :—

"Provided that the person in charge of the salt, referred to in Rule 42, and the proprietor of the salt, referred to in Rule 43, shall not both be fined in respect of the same omission."

Rule 41, at pages 12 and 13 of the Salt Manual, is altered as follows :—

For "under section 148 of the Code of Criminal Procedure (Act X of 1872)," *substitute* under section 204 of the Code of Criminal Procedure (Act X of 1882)."

For " as provided in the same section," *substitute* " as provided in section 90."

For " section 93 " quoted in the rule, *substitute* " Section 57."

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

IRRIGATION.

The 14th January 1884.

No. 12.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes to pass the following rules under section 90 of Act II (B C.) of 1882, "The Bengal Embankment Act":—

1. All estimates for works to be executed under this Act shall include 23 per cent. for establishment, and, in addition, the estimated cost of all petty establishments employed for watching or guarding embankments, and for working sluices.

2. Where tools and plant are to be provided by Government, a charge of 3 per cent. on the outlay will be made, and this percentage shall be added to the estimates.

3. The Collector shall, previous to submitting a report to the Commissioner under sections 11, 19 or 43 of the Act, obtain the written opinion of the Superintending Engineer, which shall form part of the record of proceedings in the case.

4. No estimate under section 49 of the Act shall be transmitted to the Collector until it has been countersigned by the Superintending Engineer, who is responsible that the repairs proposed to be executed are necessary, for the manner in which it is proposed to execute them, and that the rates entered in the estimate are fair and reasonable.

5. The Superintending Engineer shall, on the requisition of the Collector, furnish a written opinion on any work it is proposed to execute under the Act, causing all necessary surveys to be made.

6. Where the Collector, under the last preceding section, requires surveys to be made, he shall either cause the estimated cost of the same to be paid to the Engineer, or procure sanction, under the ordinary rules for the disbursement of public money, to the proposed expenditure. Such deposit or sanction shall provide for the salaries and allowances of the Engineers and Surveyors it is intended to employ.

7. The Superintending Engineer shall, in any enquiry under section 51 of the Act, on receiving a requisition to that effect from the Collector, give his written opinion as to the boundaries of the lands affected by such works or repairs, and the extent to which they have been benefited or affected. This opinion shall form part of the record of proceedings in the case.

8. When it is considered that the ordinary procedure under the Act would be attended with grave and imminent danger to life and property, and proceedings under section 25 of the Act are taken by the Collector, or under section 29 by the Engineer, the Collector shall make an immediate report to the Commissioner, and forward a copy thereof to the Superintending Engineer. In such cases the Commissioner shall lose no time in submitting a copy of this report, with his opinion thereon, through the Board of Revenue for the orders of Government.

9. All orders passed under section 31 of the Act shall be in writing, and the applicant shall be entitled to receive a copy of the same free of charge on application. The Engineer shall delegate to all Public Works sub-divisional officers the power of receiving applications under section 31 of the Act for temporary road-ways and temporary water-courses, but no person so appointed shall pass an order for the construction of a temporary water-course, unless he has been specially authorized to do so by the Superintending Engineer. Such authority shall specify the embankments in regard to which only this power is to be exercised. In all cases where an application for a temporary water-course is made to a person appointed by the Engineer, such application shall be submitted to the Engineer for transmission to the Collector. The Engineer, in forwarding applications under this section to the Collector, shall state in writing whether in his opinion they can be sanctioned without endangering the safety of the embankment.

10. All Public Works sub-divisional officers shall be authorized to open or shut sluices under general rules to be issued by the Engineer with the approval of the Collector. A copy of all rules made under this section shall be transmitted to the Superintending Engineer.

11. Any order to remove an embankment or obstruction or to repair damage, passed under section 79 of the Act shall be appealable to the court to which an appeal ordinarily lies from the decision of the Magistrate who passes the order.

12. The Engineer shall submit to the Collector, through the Superintending Engineer, an annual report of all expenditure incurred on embankments in the district, distinguishing between those kept up at the cost of Government, and those maintained from funds supplied from other sources. The sums receivable under contracts shall be mentioned. In this report a succinct account of the state of the embankments, of the action of floods during the year, and of any proceedings taken under the Embankment Act, shall be given. The Collector shall forward this report through the Commissioner and Board of Revenue, with his own remarks, for the information of Government.

NOTICE TO MARINERS.—(No. 3).

INDIA—WEST COAST.

PORTUGUESE TERRITORY.

MORMUGAO HARBOUR.

Deposit of stone off the end of the Breakwater, Mormugao.

THE Chief Engineer and Agent of the West of India Portuguese Railway Company has given notice, that a *rubble mound* is in course of construction under water some distance off the end of the Breakwater proper.

A *Conical* buoy, painted *red*, has been moored 100 feet ahead of this mound, which will be kept there all the year round so as to mark it

The *red conical* buoy laid over the *Mormugao Rock* at the entrance of the harbour will also be continued in its position.

By direction of the Government of Bengal,

J. MENTEITH BREBNER,
Offg. Port Officer of Calcutta.

NOTICE TO MARINERS.—(No. 1.)

BAY OF BENGAL—COAST OF ORISSA.

FALSE POINT HARBOUR.

Buoy marking shoal off Reddie Head.

WITH reference to this Departmental Notice to Mariners No. 20, issued on the 1st May 1883, the Port Officer, False Point, has given notice that the fifth class *iron red* buoy which had been laid on the northern edge of the shoal off Reddie Head (Northern approach to False Point harbour) has been removed.

3½ fathoms are to be found on the shoal at low water ordinary springs, and as it is so close to the shore no greater depth could be expected there.

By direction of the Government of Bengal,

J MENTEITH BREBNER,
Offg. Port Officer of Calcutta.

PORT OFFICE, *Calcutta, the 2nd January* 1884.

NOTIFICATION.

The 14th January 1884.—It is hereby notified that under the provisions of section 12, Act VII (B.C.) of 1864, the Lieutenant-Governor is pleased to exclude from the ring fence defined in the last clause of section I of the rules approved and notified in the *Calcutta Gazette* of 27th October 1880, under section 11 of the same Act, the Ruthtolla Ghât and the Port Commissioners' godowns and tramway within the railway fencing between Ruthtolla and Chitpore; and to declare the said ghât and the godowns and the tramway to be situated within the limits of the operation of the salt law. In the eighth line, therefore, of the last clause of section I of the aforesaid rules, the following words shall be inserted after the words "East Indian Railway at Howrah," viz. "at Ruthtolla Ghât, including the Port Commissioners' godowns and the tramway within the railway fencing between Ruthtolla Ghât and Chitpore."

2. In the list of pass stations published in section III of the rules above mentioned, the following shall also be inserted between the districts "24-Pergunnahs" and "Howrah," "Calcutta.....1. Ruthtolla Ghât near the Port Commissioners' godowns and tramway."

3. It is also hereby notified for general information that the landing of salt at Armenian Ghât is prohibited for the future.

A. P. MACDONNELL,
Offg. Secretary to the Govt. of Bengal.

NOTIFICATION.

The 3rd January 1884.—The following rules to regulate the account of expenditure on drainage schemes sanctioned under Act VI (B.C.) of 1880 having been approved by the Lieutenant-Governor of Bengal, are published for general information:—

Rules for the account of Expenditure on Drainage Schemes sanctioned under Act VI (B.C.) of 1880.

1. In the following rules the word "scheme" means any project or portion of a project sanctioned by the Government under section 54 of the Act as a separate scheme.

2. Expenditure on any scheme for the drainage and improvement of any tract of land under Act VI (B.C.) of 1880 will be incurred on estimates adopted by the Commissioners appointed under the Act and sanctioned by Government.

3. The expenditure will be incurred partly by the Public Works Department and partly by the Civil Department. The expenditure in the Civil Department will be in respect of compensation for lands taken for the purposes of the Act, and for damage inflicted in carrying out the scheme, salaries of officers, servants and establishments, and cost of surveys and valuations (other than those made by officers of the Public Works Department), whether antecedent or subsequent to the preparation of the scheme and plans.

4. On the vouchers on which such expenditure is incurred it will be distinctly stated for what particular scheme the payments are made, and no voucher shall be paid at the treasury unless it is first passed by the Collector of the district as a charge to a particular scheme under the Act.

5. The expenditure will be passed by the Accountant-General to charge of a special advance head to be opened for each scheme upon his accounts, and an account of all the transactions under each such account (opening and closing with a balance) will be forwarded by him to the Collector at the end of each quarter for communication to the Commissioners. The account should be made up in such detail as to show the *general* nature of the expenditure included in it, such as "surveys," "compensation for land," &c.

6. The accounts of expenditure in the Public Works Department will similarly be kept separately for each "scheme," the charges being in the first place passed to debit of a special advance head to be opened upon the books of the Examiner.

7. A quarterly account of the expenditure so charged will be prepared by the Examiner, and by him transmitted to the Accountant-General for communication to the Collector and the Commissioners. This account will show the general nature of the expenditure only, such as "establishments," "works," "stores" or any other similar particulars.

8. At the final closing of the account of each year, but not till then, the total charge upon the Examiner's books will be transferred to those of the Accountant-General, which will then show, under a separate advance account for each scheme, the total expenditure in each year, both in the Civil and in the Public Works Department.

9. At the end of each quarter, until the work is finally completed, the officer in charge of the works will, as required by section 27, make a detailed report to the Drainage Commissioners, through the Collector, of the progress of the works and the expenditure thereupon, so far as known to him, from the date to which the next preceding report has been brought down.

10. The quarterly account received from the Accountant-General by the Commissioners will be received as the statement of the accounts of Government in respect of each scheme. They will, on receipt, be examined by the Commissioners against the register of sanctioned charges (for Civil Department), and be compared with the quarterly report of the officer in charge of the works (for Public Works Department). The Commissioners will report to the Accountant-General objections they may have to raise to the accounts whether in respect of their completeness in point of the detail required for their purposes or in respect of their accuracy.

11. It shall be the duty of the Accountant-General to meet such criticisms, as far as consistent with the facts, by adjustments which will appear in the succeeding quarterly accounts. But the Accountant-General is the final authority in respect of the correctness of the account.

12. A copy of the certificate of completion of work required by section 28 of the Act will be sent by the officer in charge of the work to the Accountant-General, who will thereupon calculate the interest due up to date of completion, and add it to the total cost charged in his books to the advance head, for recovery from the persons concerned.

13. The interest shall be made up by reckoning for interest the total of the net expenditure shown in each quarterly account from the end of the quarter to which it appertains.

14. A complete account will now be made up by the Accountant-General in such detail as the Drainage Commissioners may require, but not in greater detail than that of the quarterly account. This complete account shows the total recoverable under the Act.

15. The Accountant-General will at the same time draw up a statement, agreeing with the above, showing the quarterly totals in the following form :—

Quarter ending.	Amount of expenditure.			Amount of interest till (a specified date.)
	Civil.	Public Works.	Total.	

The complete account, together with this statement, will be communicated by the Accountant-General to the Collector for communication to the Commissioners, and will be subscribed by the Accountant-General as a certificate under section 27 of the Act.

A. P. MACDONNELL,
Offg. Secretary to the Govt. of Bengal.

NOTIFICATION.

The 7th January 1884.—It is hereby notified for general information that the Lieutenant-Governor approves the following additions to, and alterations in, the Rules for the guidance of officers engaged in the administration of the Salt Department in the Lower Provinces of Bengal :—

The following is added to Rule 42 at page 12 of the Salt Manual :—

"Failure to comply with this rule will render such person liable to a fine not exceeding Rs. 500; and if it shall appear to the officer trying the case that the omission was made with a fraudulent intent, he shall direct the salt to be confiscated."

The following is added to Rule 43 at page 12 of the Salt Manual :—

"Provided that the person in charge of the salt, referred to in Rule 42, and the proprietor of the salt, referred to in Rule 43, shall not both be fined in respect of the same omission."

Rule 44, at pages 12 and 13 of the Salt Manual, is altered as follows:—

For "under section 148 of the Code of Criminal Procedure (Act X of 1872)," *substitute* "under section 204 of the Code of Criminal Procedure (Act X of 1882)."

For "as provided in the same section," *substitute* "as provided in section 90."

For "section 93" quoted in the rule, *substitute* "Section 57."

A. P. MACDONNELL,
Offg. Secretary to the Govt. of Bengal.

IRRIGATION.

The 14th January 1884.

No. 12.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes to pass the following rules under section 90 of Act II (B C) of 1882, "The Bengal Embankment Act":—

1. All estimates for works to be executed under this Act shall include 23 per cent. for establishment, and, in addition, the estimated cost of all petty establishments employed for watching or guarding embankments, and for working sluices.

2. Where tools and plant are to be provided by Government, a charge of 3 per cent. on the outlay will be made, and this percentage shall be added to the estimates.

8. The Collector shall, previous to submitting a report to the Commissioner under sections 11, 19 or 43 of the Act, obtain the written opinion of the Superintending Engineer, which shall form part of the record of proceedings in the case.

4. No estimate under section 49 of the Act shall be transmitted to the Collector until it has been countersigned by the Superintending Engineer, who is responsible that the repairs proposed to be executed are necessary, for the manner in which it is proposed to execute them, and that the rates entered in the estimate are fair and reasonable.

5. The Superintending Engineer shall, on the requisition of the Collector, furnish a written opinion on any work it is proposed to execute under the Act, causing all necessary surveys to be made.

6. Where the Collector, under the last preceding section, requires surveys to be made, he shall either cause the estimated cost of the same to be paid to the Engineer, or procure sanction, under the ordinary rules for the disbursement of public money, to the proposed expenditure. Such deposit or sanction shall provide for the salaries and allowances of the Engineers and Surveyors it is intended to employ.

7. The Superintending Engineer shall, in any enquiry under section 51 of the Act on receiving a requisition to that effect from the Collector, give his written opinion as to the boundaries of the lands affected by such works or repairs, and the extent to which they have been benefited or affected. This opinion shall form part of the record of proceedings in the case.

8. When it is considered that the ordinary procedure under the Act would be attended with grave and imminent danger to life and property, and proceedings under section 25 of the Act are taken by the Collector, or under section 29 by the Engineer, the Collector shall make an immediate report to the Commissioner, and forward a copy thereof to the Superintending Engineer. In such cases the Commissioner shall lose no time in submitting a copy of this report, with his opinion thereon, through the Board of Revenue for the orders of Government.

9. All orders passed under section 31 of the Act shall be in writing, and the applicant shall be entitled to receive a copy of the same free of charge on application. The Engineer shall delegate to all Public Works sub-divisional officers the power of receiving applications under section 31 of the Act for temporary road-ways and temporary water-courses, but no person so appointed shall pass an order for the construction of a temporary water-course, unless he has been specially authorized to do so by the Superintending Engineer. Such authority shall specify the embankments in regard to which only this power is to be exercised. In all cases where an application for a temporary water-course is made to a person appointed by the Engineer, such application shall be submitted to the Engineer for transmission to the Collector. The Engineer, in forwarding applications under this section to the Collector, shall state in writing whether in his opinion they can be sanctioned without endangering the safety of the embankment.

10. All Public Works sub-divisional officers shall be authorized to open or shut sluices under general rules to be issued by the Engineer with the approval of the Collector. A copy of all rules made under this section shall be transmitted to the Superintending Engineer.

11. Any order to remove an embankment or obstruction or to repair damage, passed under section 79 of the Act shall be appealable to the court to which an appeal ordinarily lies from the decision of the Magistrate who passes the order.

12. The Engineer shall submit to the Collector, through the Superintending Engineer, an annual report of all expenditure incurred on embankments in the district, distinguishing between those kept up at the cost of Government, and those maintained from funds supplied from other sources. The sums receivable under contracts shall be mentioned. In this report a succinct account of the state of the embankments, of the action of floods during the year, and of any proceedings taken under the Embankment Act, shall be given. The Collector shall forward this report through the Commissioner and Board of Revenue, with his own remarks, for the information of Government.

A. P. MACDONNELL,
Offg. Secretary to the Govt. of Bengal.

NOTICE.

The 25th January 1884.—It is hereby notified for general information that the Lieutenant-Governor intends, in the exercise of the powers vested in him by section 180 of Act IX (B.C.) of 1880, to confirm the following bye-laws, which have been framed by the district Road Committee of Chittagong at a meeting, unless good reasons be shown to the contrary within one month from the publication of this notice :—

1. Every boat conveying passengers for hire on any canal under the control of the Committee shall be registered within three months from the publication of these rules in the *Calcutta Gazette.*

2. At the time of registration, every boat shall be furnished with a ticket showing its registration number and the number of passengers which it shall be allowed to carry. Such number shall be determined at the rate of one passenger for every two maunds, according to the method of calculation prescribed in Rule 2 of the Canal Rules.

3. Every person plying for hire on any such canal without his boat being registered, or carrying in any boat more than the authorized number of passengers, shall be liable to a fine not exceeding Rs. 10.

4. The Chairman or Vice-Chairman may appoint halting-stations in any or all of the canals under the Committee. Such halting-stations shall be duly defined by notice boards, and any proprietor or persons in charge of a boat halting elsewhere shall be liable to a fine not exceeding Rs. 10.

5. Any boat or raft found not in charge of its owner or of some other person may be attached by the police or by any toll farmer and reported to the police as unclaimed property, and any person so leaving any such boat or raft shall be liable to a fine not exceeding Rs. 10.

6. It shall be the duty of every toll farmer on the canal to give information regarding any breach of the above rules, and any toll farmer who does not give information accordingly shall be liable to a fine not exceeding Rs. 10.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 23rd January 1884.—Whereas a notification was published at page 920, part I of the *Calcutta Gazette* of the 14th November 1883, declaring the Lieutenant-Governor's intention to revise the boundaries of the Madhubani Municipality in the district of Durbhunga, so as to include within its limits the village of Maharajgunge and portions of the villages of Bhawra and Sapta, and whereas no objection has been raised to the proposed measure, it is hereby notified for general information that, in accordance with the recommendation of the Commissioners of the Madhubani Municipality made at a meeting, and in the exercise of the powers conferred on him by section 13 of Act V (B.C.) of 1876, the Lieutenant-Governor declares that, for the purposes of the said Act, the village of Maharajgunge and portions of the villages of Bhawra and Sapta shall be united with the above municipality, with effect from the 1st January 1884. The Municipality thus extended will be bounded as follows:—

On the north—By Jugutpur and Magrowni.

On the east—By Magrowni and Ranti.

On the south—By a straight line from the point of meeting of Ranti, Bhawara and Madhubani to a masonry pillar at the south-west corner of Madhubani, and thence by Bowrah and Bhachi.

On the west—By a straight line from the point of meeting of Maharajgunge, Bhachi, and Sapta to the north-west corner of Rajah Missir's tank, and thence by a straight line to the point of meeting of Kamat Bhawanipore, Jugutpur and Kamal Dass' Brahmotar.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 24th January 1884.—It is hereby notified that, in the exercise of the powers conferred on him by section 314 of Act V (B.C.) of 1876, the Lieutenant-Governor intends to confirm the following bye-law, which has been framed by the Commissioners of the Dacca Municipality at a meeting, unless good reasons be shown to the contrary within one month from the date of the publication of this notification within the Municipality:—

"Whoever shall load or unload cargo at any ghât or landing-place on the northern bank of the Boorigunga between the Northbrook Hall and Amiruddin Daroga's house, except at such houses and at such ghâts as may from time to time be fixed by the Commissioners at a meeting, shall be liable to a fine not exceeding Rs. 25.

"*Explanation.*—The word cargo in this bye-law does not include the personal luggage of a boat passenger."

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

NOTICE.

The 28th January 1884.—Notice is hereby given, under clause 2, section 34, Act V (B.C.) of 1876, that the Lieutenant-Governor intends to vest in the Commissioners of the Ooterparah Municipality, in the district of Hooghly, the Charitable Dispensary situated within that municipality, the said dispensary not being private property or the property of any religious institution or society.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 28th January 1884.—Whereas an application has been made to the Lieutenant-Governor of Bengal by Mr. Gilbert Finlayson of Bankipore, hereinafter called the promoter for the purpose of constructing a line of tramway within the Municipality of Patna with the consent of the Municipal Commissioners of Patna given at a special meeting convened for the purpose agreeably to the provisions of section 3, Act III (B.C.) of 1883, the Bengal Tramways Act; and whereas in accordance with section 4 of the said Act the plans and drawings of the proposed works, together with an estimate and the provisional agreement hereinafter published made between the promoter and the local authority, have been submitted to Government; and whereas it appears to the Lieutenant-Governor, after due enquiry, to be expedient and proper to grant the said application, the Lieutenant-Governor, under the authority vested in him by section 5 of the Act, orders the construction of a line of tramway from a point near Begumpore, the Patna city station of the East Indian Railway, to a point adjoining the Post Office Bungalow at Bankipore, situated within the limits of the Patna Municipality, and empowers the said promoter thereof, Mr. Gilbert Finlayson, to make the tramway upon the gauge and in the manner described in the agreement hereinafter published, and to work the cars and carriages on the said line of tramway with such power, animal and mechanical, and to charge such rates of fare as are specified in the said agreement.

Articles of Agreement made this 23rd day of January One Thousand Eight Hundred and Eighty-four BETWEEN THE CHAIRMAN AND COMMISSIONERS OF THE PATNA CITY MUNICIPALITY incorporated under Act V of 1876 of the Lieutenant-Governor of Bengal in Council hereinafter together with their successors or assigns generally referred to as "The Local Authority" of the one part and GILBERT FINLAYSON of Bankipore hereinafter called the Grantee of the other part: WHEREAS the Local Authority has subject to the provisions of Act III of 1883 of the Lieutenant-Governor of Bengal in Council agreed to grant to the said Grantee the right to construct maintain and use a Tramway in Patna City and elsewhere as herein mentioned upon the terms and conditions hereinafter contained: AND WHEREAS all necessary maps plans sections and drawings of the work now prepared have been submitted to and approved by the Local Authority: NOW THESE PRESENTS WITNESS that in consideration of the covenants and agreements hereinafter contained and on the part of the Local Authority to be performed the said Grantee for himself his heirs executors and administrators doth covenant with the Local Authority so far as the covenants and agreements hereinafter contained are or ought to be performed by the said Grantee and his assigns and the Local Authority for and in consideration of the covenants and agreements hereinafter contained and on the part of the said Grantee and his assigns to be performed doth hereby covenant with the said Grantee and his assigns so far as the covenants and agreements hereinafter contained are or ought to be performed by the Local Authority in manner following, that is to say—

(1.) The Local Authority hereby grants to the said Grantee his heirs executors administrators and assigns (all which persons are hereinafter included in the words "the said Grantee") the right to construct maintain and use a Tramway or Tramways with single tracks and with all necessary sidings turn-outs connections and tracks to and from the stables of the Grantee on the following routes, viz., from a point near Begumpore the Patna City Station of East Indian Railway to a point adjoining the Post Office Bungalow, Bankipore, a single track and between such other places and by such other routes as may be hereafter approved by the Local Authority and sanctioned by the Local Government. The said Grantee may also construct maintain and use any Tramway or Tramways under this agreement with double tracks in such place or places as the Local Authority may expressly sanction a double track having regard to the width of the street and such other considerations as the Local Authority may in their absolute discretion think necessary to take into account. The said Grantee shall not except with the express approval and permission in writing of the Local Authority construct more than one turn-out or siding in any one mile of the said Tramway or Tramways and such turn-outs and sidings shall be of such dimensions as shall be approved by the Local Authority.

(2.) The said Grantee shall moreover (subject to the terms of these presents) have the exclusive right of laying constructing maintaining and using a Tramway or Tramways within the limits of the Patna Municipality on the terms contained in these presents: provided always that if the said Grantee shall at any time or times refuse or neglect for three months to accept any proposal by the said Local Authority for the construction maintenance and use of any Tramway or Tramways other than those mentioned in clause one which the said Local Authority may consider necessary or desirable it shall be lawful for the said Local Authority

to employ any other person or Company for the purposes aforesaid or any of them and to make such arrangement as its may think proper independently of the said Grantee.

(3.) The cars and carriages intended to run on the said Tramways shall be such as may from time to time be approved by the Local Authority and the same may from time to time be modified with the sanction of the Local Authority.

(4.) The said cars and carriages shall be worked with animal or mechanical power according as the Local Authority shall from time to time direct and as the convenience and safety of the public using the streets may make necessary or desirable. At first passenger cars shall be drawn only by horse or mule power: goods wagons running at night between the hours of 9 P. M. and 5 A. M. may be hauled by such steam engines as the Local Authority shall approve at a speed not greater than five miles an hour.

(5.) The maximum rate of fare (1) for passengers carried by the Tramway shall be for each passenger one anna per mile for the lower class and two annas per mile for the higher or first class: and (2) for goods shall be 8 annas per mile per one hundred maunds: and (3) for parcels shall be from terminus at Patna to terminus at Bankipore on the following scale viz., two annas for ten seers weight or under: three annas between ten and twenty seers weight and an additional anna for every further ten seers or part of ten seers. Parcels will ordinarily only be booked through and no reduction will be made for any parcel not required to be sent through nor shall the Grantee be bound to take any such parcel.

(6.) When any work on any road or bridge is finished the surplus rubbish on such road or bridge shall unless required by the said Grantee to fill up existing gaps in the roadway at other points be cleared away and deposited at such place or places within a distance (not exceeding two miles) as the Local Authority may direct for the use of the Local Authority.

(7.) The said Grantee shall at his own expense at all times maintain and keep in good condition and repair in such manner as the Local Authority shall direct in the case of double lines or turn-outs or sidings in addition to the portion of the road between the Tramways also so much of the road as extends twenty-four inches beyond the rails of and on each side of any Tramway instead of only eighteen inches as provided in section 16 of Act III of 1883.

(8.) The Tramway shall be constructed on a gauge of three feet three and three-eighth inches and shall be laid and maintained in such manner that the uppermost surface of the rails shall be on a level with the immediately adjacent surface of the road.

(9.) The sleepers, rails, materials implements and erections placed and erected by the said Grantee on the streets or roads under powers granted hereby or by Act III of 1883 shall be and remain the property of the said Grantee but he shall not erect remove or displace the same or any of them or any parts thereof without the consent in writing of the Local Authority.

(10.) In the construction of the Tramway specified in clause one of these presents as to be made now the said Grantee shall so construct and maintain the said Tramway with its sidings that no part of the same shall be within a less distance than seven feet from any part of the houses on the right side of the road or within a less distance than seventeen feet from any part of the houses on the left side of the road. Provided that if in any case the said limit of seventeen feet on the left side of the road cannot be obtained without in the opinion of the Local Authority hardship to the Grantee or without in such opinion causing him great expense the Local Authority shall on cause being shown and on being satisfied that no injury or inconvenience will thereby result to the ordinary road traffic permit the space required on that side of the road to be reduced to fifteen feet for a distance of not more than one hundred and twenty yards in one place; the said Grantee hereby further agrees and binds himself to construct and complete at his own expenditure and cost at the same time and in conterminous length with the Tramway as each length of the said Tramway is constructed a continuous permanent drain of an even section and on such levels and of such materials as have been approved by the Local Authority or by an officer appointed by it on its behalf and the said drain shall be constructed by the said Grantee for the benefit of the Local Authority to whom it shall belong when completed.

(11.) The said Grantee shall submit such periodical returns of traffic at not more frequent intervals than once a week in the following form :—

RETURN FOR THE WEEK ENDING

Number of passengers carried in the week.	Receipts from passenger traffic.	Number of maunds carried.	Receipts from goods and parcel traffic.	TOTAL.

Or in such modification thereof as the said Local Authority shall from time to time direct.

(12.) The said Grantee will if required by the Local Authority and Corporation before opening and breaking up the soil or pavement of any street or bridge deposit with the Bank of Bengal in the name of the Chief Officer of the Local Authority the sum of rupees five thousand or in the option of such officer Promissory Notes of the Government of India of the nominal value of rupees five thousand and the same will remain so deposited until the completion by the said Grantee of the line of Tramway then in construction. All interest accruing on the said sum or notes shall be credited to the said Grantee and subject as next hereinafter mentioned be paid to him as the same falls due. The local Authority shall be entitled to deduct all fines expenses and penalties out of the sum so deposited or the interest accruing on the said sum or notes or out of the proceeds of sale of such notes or a portion of such notes on completion of the said Tramway.

(13.) The provisions herein contained shall so far as applicable apply to all Tramways to be constructed by the said Grantee by any route or routes to be hereafter fixed or agreed to by the Local Authority and sanctioned by the Local Government and to the works connected with or incidental to such Tramways.

14. The said Grantee shall complete in every respect (ready for opening and working for traffic) the said Tramway now to be constructed and all necessary plant buildings stores live-stock and rolling-stock within twelve months from the date of the order of the Local Government under section 3 of the said Act III of 1883. In the event of the said Grantee failing so to complete the work the Local Authority shall be at liberty to determine this contract and to enter into arrangements with any other person or persons for the construction of Tramways within the limits of the Patna Municipality.

(15.) If the said Grantee fail in any respect to comply with any of the provisions of the said Act III of 1883 especially Sections 14, 15, 16, 17, 20, and 22, and the Local Authority shall find it necessary or desirable to do anything or incur any expense to remedy any such failure on the part of the said Grantee all expenses so incurred shall be on demand repaid to the Local Authority by the said Grantee and the certificate of the Chief Officer of the Local Authority shall be conclusive evidence that all expenses referred to in such certificate were so incurred and the said Grantee shall not be at liberty to dispute the same.

(16.) In consideration of the concession herein granted the said Grantee shall pay to the Local Authority a yearly rent of rupees one thousand five hundred per mile of double track and of rupees one thousand per mile of single track and a further yearly rent of rupees sixty for each turn-out or siding. No tracks necessary to connect the traffic lines with the stables carriage sheds factories or other property or properties of the said Grantee shall be included in the mileage on which rent is to be paid such necessary connecting tracks being rent free.

(17.) If the said rent or any part thereof shall not be paid on due date the said Grantee shall be liable to pay interest thereon at the rate of eight per cent. per annum from the due date until payment.

(18.) From and after the commencement of the fifteenth year of this contract to the end of the 21st the said Grantee shall not be at liberty to enter upon any fresh engagements or expenditure which would increase his capital account in connection with this contract without first notifying his intention to the said Local Authority and obtaining its approval thereof and sanction thereto in writing.

(19.) The date of the commencement of this concession shall be the date on which notice of the sanction of the Government of Bengal to the same shall be given to the said Grantee.

(20.) In the event of either section 39 or 40 of the said Act III of 1883 taking effect or being put in force and of the Local Authority exercising the right of purchase of any Tramway affected by either of the said clauses the value of the property purchased shall be ascertained in manner mentioned in clause 21 or at the option of the Local Authority the property shall be put up for sale by public auction in Patna with liberty to the Local Authority to bid.

(21.) The Local Authority shall have the right of purchasing the said Tramways with the plant buildings stores rolling-stock and everything connected therewith upon the expiration of twenty-one years from the commencement of this contract upon declaring its intention so to do in writing not less than six months before the expiration of the said twenty-one years, and shall have a renewed right of purchase at the end of every seven years after the expiration of the said twenty-one years upon similar notice being given and the consideration for such purchase shall be a cash payment of one and two-fifths of the amount of the invested capital of the said Grantee or securities of the Government of India or securities the interest whereon shall have been guaranteed by the Secretary of State for India in Council or debentures of the said Local Authority of such amount as to produce at the rate of interest current on such securities seven per cent. per annum on the amount of the said invested capital and if the consideration for such purchase shall be given in such securities as aforesaid the said Grantee shall be entitled to have in addition a first mortgage of all the property assets and profits of the Tramway or Tramways which shall have been purchased from him.

IN WITNESS whereof the said parties to these presents have hereunto set their respective hands and seals the day and year first above written.

NOTIFICATION.

The 29th January 1884.—In the exercise of the power conferred on him by section 38 of Act IV (B.C.) of 1871 (the Pooree Lodging-house Act), as amended by Act II (B.C.) of 1879, the Lieutenant-Governor intends to approve and confirm the following bye laws, which have been framed for the town of Raneegunge in the district of Burdwan for the management of all matters necessary for the due enforcement of the Act within the town, unless good reasons be shown to the contrary within one month from the date of publication of this notification.

BYE-LAWS UNDER SECTION 37, ACT IV (B.C.) OF 1871.

PART I.

On the appointment and constitution of a Committee to aid in carrying out Act IV (B.C.) of 1871 *in the town of Raneegunge.*

1. A Committee consisting of four official and four non-official members shall be appointed to assist the Sub-divisional Officer and Health Officer in carrying out the provisions of the Act.

2. On the 1st of March in each year the Sub-divisional Officer shall nominate the members to serve on the Committee during the ensuing official year, and shall report the nomination for the sanction of the Local Government.

3. In the event of the death, removal or resignation of any member of the Committee during his year of office, an official member shall be succeeded by the successor to his appointment or any other official, and in the case of a non-official member, his successor shall be appointed by the remainder of the Committee.

PART II.

Rules for the conduct of business.

4. A meeting of the Local Committee appointed by the local Government to assist the Sub-divisional Officer and the Health Officer to carry out the provisions of the Act shall be held for the transaction of business and inspection of accounts at the sub-divisional office on the fifteenth of every month not being a Sunday or holiday, in which case the meeting shall be held on the next open office day, provided that it shall be lawful for the Sub-divisional Officer to call a meeting at any other time during the month, recording his reasons for doing so.

5. Notice of every meeting shall be given to each member at least four clear days before the day appointed for the meeting.

6. No question shall be finally decided on the first occasion it is brought before the Committee, unless the nature of the question has been fully described in the notice prescribed by the last bye-law.

7. The subject or subjects brought before the Committee shall be decided by a majority of votes. In the event of divisions, the Sub-divisional Officer, or, in his absence, the Health Officer, shall have a casting vote.

8. The Health Officer shall be *ex-officio* Secretary to the Committee, and the Sub-divisional Officer, President. The proceedings of every meeting shall be recorded by the Secretary in a book kept for the purpose.

Part III.

On the receipt and disbursement of moneys under the Act.

9. On the 15th October in each year, a budget of probable receipts and of proposed expenditure during the ensuing year shall be submitted for the sanction of the Government.

10. It shall be competent for the Committee, subject to the orders of Government, to transfer sums from one item of the budget to another, provided that the total expenditure be not exceeded, and provided that an annual review of the same be submitted to the Commissioner.

11. In forming every annual estimate, an amount not exceeding 25 per cent. shall be reserved for emergent contingencies, such as a sudden outbreak of cholera and sickness, and necessity for employment of extra and special establishment.

12. At the close of every year, the Sub-divisional Officer shall submit a report on the working of the Act during the year, showing the works of improvement and conservancy carried out, and a detailed account of the receipts and expenditure during the year and the balance in hand at its close. This report shall be forwarded through the Commissioner to Government.

Part IV.

Miscellaneous.

13. Every lodging-house keeper taking out a license under this Act shall provide himself with a copy of the Act and with a printed copy of the notice prescribed in section 14 of the Act, which notice shall be in the form shown in appendix A of these bye-laws.

14. The register referred to in section 15 of the Act shall be in the form shown in appendix B of these bye-laws.

15. There shall be hung up in each compartment of a lodging-house a board on which shall be legibly written in English and Bengali the dimensions of such compartment and the number of lodgers it can properly accommodate, and this board shall bear the signature of the Health Officer.

The penalty for infringement after notice shall be a fine not exceeding Rs. 2 daily.

16. Every lodging-house or hotel keeper shall be bound, on requisition by the Health Officer, to provide himself with tickets or tokens bearing consecutive numbers, and to furnish each of his lodgers with one of such tickets or tokens.

17. For the purpose of this Act the year shall be considered to commence from 1st April, and all licenses shall run from that date.

IRRIGATION.

NOTIFICATION.

No. 58, *dated* 29*th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal:—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6 The following rates will be charged for the supply of water on application when available from June to November:—

I.—Under five year leases. { Lift, Re. 1 per acre per annum. Flow, Re. 1-8 ditto.

II.—Under one year leases. { Lift, Rs. 1-10 per acre per annum. Flow, Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs. 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following:—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires.

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewal of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars:—

1.—Name of village and pergunnah.

2.—Number of distributary from which water has been illicitly obtained.

3.—Manner in which water has been taken.

4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a*, the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a*, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

22. Remission of water-rates may be granted by the Collector on the ground of—

1—Failure to supply water.

2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C.) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26. Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

IRRIGATION.

The 14th January 1884.

No. 12.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes to pass the following rules under section 90 of Act II (B.C.) of 1882, "The Bengal Embankment Act":—

1. All estimates for works to be executed under this Act shall include 23 per cent. for establishment, and, in addition, the estimated cost of all petty establishments employed for watching or guarding embankments, and for working sluices.

2. Where tools and plant are to be provided by Government, a charge of 3 per cent. on the outlay will be made, and this percentage shall be added to the estimates.

3. The Collector shall, previous to submitting a report to the Commissioner under sections 11, 19 or 43 of the Act, obtain the written opinion of the Superintending Engineer, which shall form part of the record of proceedings in the case.

4. No estimate under section 49 of the Act shall be transmitted to the Collector until it has been countersigned by the Superintending Engineer, who is responsible that the repairs proposed to be executed are necessary, for the manner in which it is proposed to execute them, and that the rates entered in the estimate are fair and reasonable.

5. The Superintending Engineer shall, on the requisition of the Collector, furnish a written opinion on any work it is proposed to execute under the Act, causing all necessary surveys to be made.

6. Where the Collector, under the last preceding section, requires surveys to be made, he shall either cause the estimated cost of the same to be paid to the Engineer, or procure sanction, under the ordinary rules for the disbursement of public money, to the proposed expenditure. Such deposit or sanction shall provide for the salaries and allowances of the Engineers and Surveyors it is intended to employ.

7. The Superintending Engineer shall, in any enquiry under section 51 of the Act on receiving a requisition to that effect from the Collector, give his written opinion as to the boundaries of the lands affected by such works or repairs, and the extent to which they have been benefited or affected. This opinion shall form part of the record of proceedings in the case.

8. When it is considered that the ordinary procedure under the Act would be attended with grave and imminent danger to life and property, and proceedings under section 25 of the Act are taken by the Collector, or under section 29 by the Engineer, the Collector shall make an immediate report to the Commissioner, and forward a copy thereof to the Superintending Engineer. In such cases the Commissioner shall lose no time in submitting a copy of this report, with his opinion thereon, through the Board of Revenue for the orders of Government.

9. All orders passed under section 31 of the Act shall be in writing, and the applicant shall be entitled to receive a copy of the same free of charge on application. The Engineer shall delegate to all Public Works sub-divisional officers the power of receiving applications under section 31 of the Act for temporary road-ways and temporary water-courses, but no person so appointed shall pass an order for the construction of a temporary water-course, unless he has been specially authorized to do so by the Superintending Engineer. Such authority shall specify the embankments in regard to which only this power is to be exercised. In all cases where an application for a temporary water-course is made to a person appointed by the Engineer, such application shall be submitted to the Engineer for transmission to the Collector. The Engineer, in forwarding applications under this section to the Collector, shall state in writing whether in his opinion they can be sanctioned without endangering the safety of the embankment.

10. All Public Works sub-divisional officers shall be authorized to open or shut sluices under general rules to be issued by the Engineer with the approval of the Collector. A copy of all rules made under this section shall be transmitted to the Superintending Engineer.

11. Any order to remove an embankment or obstruction or to repair damage, passed under section 79 of the Act shall be appealable to the court to which an appeal ordinarily lies from the decision of the Magistrate who passes the order.

12. The Engineer shall submit to the Collector, through the Superintending Engineer, an annual report of all expenditure incurred on embankments in the district, distinguishing between those kept up at the cost of Government, and those maintained from funds supplied from other sources. The sums receivable under contracts shall be mentioned. In this report a succinct account of the state of the embankments, of the action of floods during the year, and of any proceedings taken under the Embankment Act, shall be given. The Collector shall forward this report through the Commissioner and Board of Revenue, with his own remarks, for the information of Government.

The importation into Bengal of spirit manufactured after the European method in Portuguese India shall be made subject to all the provisions of the Customs Act, and all the rules and regulations published under the Act, which may be at the time in force with respect to similar goods imported from any foreign port, except only that it shall not be charged with customs duty.

2. Such spirit shall be landed under the supervision of a Customs officer and deposited in a wharf or warehouse which is under the supervision of the Customs authorities, who shall forthwith advise the Collector of the district, or such other officer as may be in charge of the Excise Department, of the due arrival of the same, giving particulars of the name of the importer or consignee, the name of the vessel by which such spirit is imported, the manifested or declared quantity, and the place where such spirit is or will be stored. It will then be the duty of the Excise Department to make arrangements for the safe custody of such spirit.

3. The expenses of landing, carriage, packing and storage of such spirits on their reception into, or removal from, a public warehouse shall, if paid by any Government officer, be chargeable on the spirit, and be defrayed by, and recoverable from, the importer or consignee in the manner mentioned in section 119 of the Sea Customs Act VIII of 1878.

4. The Collector of the district, or such other officer as may be in charge of the Excise Department, shall, before granting a pass for the spirit, cause the same to be gauged and tested, and shall levy the excise duty chargeable thereon at the rate leviable at the place of importation on similar liquor manufactured after the European method in such place.

5. The sale within the Lower Provinces of Bengal of spirits manufactured after the European method in Portuguese India shall be subject to such rules as the Local Government may prescribe under the powers given it under the Excise Law.

IRRIGATION.

NOTIFICATION.

No. 58, *dated* 29*th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal :—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6. The following rates will be charged for the supply of water on application when available from June to November :—

I.—Under five year leases. { Lift, Re. 1 per acre per annum. Flow, Re. 1-8 ditto.

II.—Under one year leases. { Lift, Rs. 1-10 per acre per annum. Flow, Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs. 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following :—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries ; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires.

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewal of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned ; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars :—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a*, the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a*, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

22. Remission of water-rates may be granted by the Collector on the ground of—

1—Failure to supply water.
2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C.) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26. Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

LEASE FOR WATER-RATES.

(FORM A REFERRED TO IN RULE 12.)

LEASE No. for water for a crop of , grown on acres of land, situated in mouzah , pergunnah , at Rs. per acre. Amount due on the lease, Rs. , as detailed below; payable in instalments as follows:—

IRRIGATION.

The 14th January 1884.

No. 12.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes to pass the following rules under section 90 of Act II (B.C.) of 1882, "The Bengal Embankment Act":—

1. All estimates for works to be executed under this Act shall include 23 per cent. for establishment, and, in addition, the estimated cost of all petty establishments employed for watching or guarding embankments, and for working sluices.

2. Where tools and plant are to be provided by Government, a charge of 3 per cent. on the outlay will be made, and this percentage shall be added to the estimates.

3. The Collector shall, previous to submitting a report to the Commissioner under sections 11, 19 or 43 of the Act, obtain the written opinion of the Superintending Engineer, which shall form part of the record of proceedings in the case.

4. No estimate under section 49 of the Act shall be transmitted to the Collector until it has been countersigned by the Superintending Engineer, who is responsible that the repairs proposed to be executed are necessary, for the manner in which it is proposed to execute them, and that the rates entered in the estimate are fair and reasonable.

5. The Superintending Engineer shall, on the requisition of the Collector, furnish a written opinion on any work it is proposed to execute under the Act, causing all necessary surveys to be made.

6. Where the Collector, under the last preceding section, requires surveys to be made, he shall either cause the estimated cost of the same to be paid to the Engineer, or procure sanction, under the ordinary rules for the disbursement of public money, to the proposed expenditure. Such deposit or sanction shall provide for the salaries and allowances of the Engineers and Surveyors it is intended to employ.

7. The Superintending Engineer shall, in any enquiry under section 51 of the Act on receiving a requisition to that effect from the Collector, give his written opinion as to the boundaries of the lands affected by such works or repairs, and the extent to which they have been benefited or affected. This opinion shall form part of the record of proceedings in the case.

8. When it is considered that the ordinary procedure under the Act would be attended with grave and imminent danger to life and property, and proceedings under section 25 of the Act are taken by the Collector, or under section 29 by the Engineer, the Collector shall make an immediate report to the Commissioner, and forward a copy thereof to the Superintending Engineer. In such cases the Commissioner shall lose no time in submitting a copy of this report, with his opinion thereon, through the Board of Revenue for the orders of Government.

9. All orders passed under section 31 of the Act shall be in writing, and the applicant shall be entitled to receive a copy of the same free of charge on application. The Engineer shall delegate to all Public Works sub-divisional officers the power of receiving applications under section 31 of the Act for temporary road-ways and temporary water-courses, but no person so appointed shall pass an order for the construction of a temporary water-course, unless he has been specially authorized to do so by the Superintending Engineer. Such authority shall specify the embankments in regard to which only this power is to be exercised. In all cases where an application for a temporary water-course is made to a person appointed by the Engineer, such application shall be submitted to the Engineer for transmission to the Collector. The Engineer, in forwarding applications under this section to the Collector, shall state in writing whether in his opinion they can be sanctioned without endangering the safety of the embankment.

10. All Public Works sub-divisional officers shall be authorized to open or shut sluices under general rules to be issued by the Engineer with the approval of the Collector. A copy of all rules made under this section shall be transmitted to the Superintending Engineer.

11. Any order to remove an embankment or obstruction or to repair damage, passed under section 79 of the Act shall be appealable to the court to which an appeal ordinarily lies from the decision of the Magistrate who passes the order.

12. The Engineer shall submit to the Collector, through the Superintending Engineer, an annual report of all expenditure incurred on embankments in the district, distinguishing between those kept up at the cost of Government, and those maintained from funds supplied from other sources. The sums receivable under contracts shall be mentioned. In this report a succinct account of the state of the embankments, of the action of floods during the year, and of any proceedings taken under the Embankment Act, shall be given. The Collector shall forward this report through the Commissioner and Board of Revenue, with his own remarks, for the information of Government.

NOTICE TO MARINERS.—(No. 7).

BAY OF BENGAL—BURMA COAST.

GULF OF MARTABAN.

RANGOON RIVER.

Change in the beacons and in the buoyage of the river.

The Port Officer, Rangoon, has notified that several changes have been, and are about to be, effected in the *beacons* and in the *buoyage* of the Rangoon river, and that in future the following distinguishing marks and positions will be displayed :—

BEACONS.—*The Saddle tree*, which was hitherto a mark of great importance for the guidance of pilots, but now withering away, will shortly be replaced by a *beacon*, which is in course of construction.

The *Crossing Creek* and *Umbrella* beacons will be moved further inland.

A mast, 85 feet high, carrying a black ball, has been erected on Chokey Point, situated 65 feet from the level of high water line.

Note.—This latter *beacon* is intended for surveying purposes as well as to indicate the spit off Chokey Point by night.

WESTERN CHANNEL BUOYS.—*The Lower Eastern* buoy, surmounted by a *staff* and *black ball*, has been laid in 18 feet at low-water ordinary spring tides, $1\frac{5}{16}$ of a mile E. by S. of its old position, and the following bearings are given:—

Fairway Buoy	...	...	S. W. (westerly).
China Ba-keer Lighthouse		...	S W. by W. $\frac{1}{4}$ W. (westerly).
Lower Western Buoy	...	...	W. $\frac{3}{4}$ S.
Upper Western Buoy	...	...	N. $\frac{3}{4}$ W.
Centre Eastern Buoy	...	...	N. by E. $\frac{3}{4}$ E.
Eastern Grove Lighthouse		...	N. by E. $\frac{1}{4}$ E.

The *Centre Eastern* buoy has been moored in 18 feet at low-water ordinary spring tides $\frac{3}{5}$ of a mile W. N W. of its former position, with—

Upper Western Buoy, bearing		...	W. by N. $\frac{3}{4}$ N.
Elephant Point Obelisk	...	...	N by W $\frac{3}{4}$ W.
Eastern Grove Light-house		...	N. by E. (easterly).
Upper Eastern buoy	...	...	N. by E. $\frac{1}{4}$ E. (easterly).

The *Upper Eastern* buoy marks the position originally assigned, but will carry a triangle with staff.

MIDDLE BANK BUOYS.—The *Lower Eastern* and the *Upper Eastern* buoys will shortly be replaced by *new* buoys with *poles* and *globes*.

Note.—It is intended to place another buoy in the Western Channel as a *Centre Western* between the Upper and Lower Western buoys.

MAHWOON LUMP BUOY.—This *buoys* has been shifted 100 yards N. by W. of its former site, and lies in 13 feet at low-water ordinary spring tides in the following position :—

The Creek (just open)	...	...	W. by S. $\frac{3}{4}$ S.
Centre of high trees (on North bank of Basseiu creek)	...	...	N. N. W.
Syriam pagoda	...	...	N. $\frac{3}{4}$ E.
Entail point	...	...	S. by E. $\frac{1}{4}$ E.

Note.—There is a depth of 8 feet of water across the *Mahwoon Lumps*, which have extended some 100 yards in a line with the channel, but have not in any way encroached thereon.

SYRIAM FLAT BUOY.—A *buoy* painted *black* has been newly laid down on Syriam flat in 16 feet at low-water ordinary spring tides, a little to the westward of the 8 feet patch on the following bearings :—

Centre of Monkey Point Battery	...	...	W. ¼ N.
Shuay Dagan pagoda	...	...	N. W. by W ¾ W.
Syriam Pagoda	...	...	E. S. E.
King's Point	...	...	S. W. (westerly).

The bearings are magnetic.

AUSTRALIA—SOUTH COAST.

ENCOUNTER BAY—PORT VICTOR.

Exhibition of fixed White Light on the Break-water.

THE President, Marine Board, Port Adelaide, has notified that on the 1st January 1884 a light was exhibited from a *tripod* erected at the end of the Break-water, Port Victor, for the purpose of leading vessels clear into the anchorage.

The *light* is a *fixed white* light, elevated 26 feet above the level of high water, and in clear weather should be visible from a distance of five miles.

NOTE.—Vessels from the Westward should not haul up for the moorings until the light bears N. W. by N. (magnetic), so as to be certain of having passed the Seal Rock.

NOTICE TO MARINERS.—(No. 6.)

INDIA—WEST COAST.

MALABAR COAST.

MANGALORE—SOUTH KANARA.

Shifting of the entrance to, and change in the anchorage limits of, the Port.

Information has been received from the Port Officer, Madras, that the *Old* or *Goorpoor* mouth of the Mangalore harbour being nearly closed up, vessels making for the Inner harbour should use the *new* mouth at Ullal.

The passage to the bandar between the sand shoals inside the river is very narrow and dangerous, and will admit of *only very small* craft getting up to the anchorage opposite the Custom House.

There is an anchorage inside the river near Ullal, but all larger Native vessels should anchor outside of the bar.

By direction of the Government of Bengal,

J. MENTEITH BREBNER,

Offg. Port Officer of Calcutta.

IRRIGATION.

NOTIFICATION.

No. 58, *dated 29th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal:—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6 The following rates will be charged for the supply of water on application when available from June to November:—

I.—Under five year leases.	Lift,	Re. 1 per acre per annum.
	Flow,	Re. 1-8 ditto.
II.—Under one year leases.	Lift,	Rs. 1-10 per acre per annum.
	Flow,	Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs. 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following :—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries ; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires.

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewal of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned ; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars :—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a* the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a*, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

22. Remission of water-rates may be granted by the Collector on the ground of—

1—Failure to supply water.
2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C.) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26. Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

LEASE FOR WATER-RATES.

(FORM A REFERRED TO IN RULE 12)

LEASE No. for water for a crop of , grown on acres of land, situated in mouzah , pergunnah , at Rs. per acre. Amount due on the lease, Rs. , as detailed below; payable in instalments as follows:—

IRRIGATION.

The 14th January 1884.

No. 12.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes to pass the following rules under section 90 of Act II (B.C.) of 1882, "The Bengal Embankment Act":—

1. All estimates for works to be executed under this Act shall include 23 per cent. for establishment, and, in addition, the estimated cost of all petty establishments employed for watching or guarding embankments, and for working sluices.

2. Where tools and plant are to be provided by Government, a charge of 3 per cent. on the outlay will be made, and this percentage shall be added to the estimates.

3. The Collector shall, previous to submitting a report to the Commissioner under sections 11, 19 or 43 of the Act, obtain the written opinion of the Superintending Engineer, which shall form part of the record of proceedings in the case.

4. No estimate under section 49 of the Act shall be transmitted to the Collector until it has been countersigned by the Superintending Engineer, who is responsible that the repairs proposed to be executed are necessary, for the manner in which it is proposed to execute them, and that the rates entered in the estimate are fair and reasonable.

5. The Superintending Engineer shall, on the requisition of the Collector, furnish a written opinion on any work it is proposed to execute under the Act, causing all necessary surveys to be made.

6. Where the Collector, under the last preceding section, requires surveys to be made, he shall either cause the estimated cost of the same to be paid to the Engineer, or procure sanction, under the ordinary rules for the disbursement of public money, to the proposed expenditure. Such deposit or sanction shall provide for the salaries and allowances of the Engineers and Surveyors it is intended to employ.

7. The Superintending Engineer shall, in any enquiry under section 51 of the Act on receiving a requisition to that effect from the Collector, give his written opinion as to the boundaries of the lands affected by such works or repairs, and the extent to which they have been benefited or affected. This opinion shall form part of the record of proceedings in the case.

8. When it is considered that the ordinary procedure under the Act would be attended with grave and imminent danger to life and property, and proceedings under section 25 of the Act are taken by the Collector, or under section 29 by the Engineer, the Collector shall make an immediate report to the Commissioner, and forward a copy thereof to the Superintending Engineer. In such cases the Commissioner shall lose no time in submitting a copy of this report, with his opinion thereon, through the Board of Revenue for the orders of Government.

9. All orders passed under section 31 of the Act shall be in writing, and the applicant shall be entitled to receive a copy of the same free of charge on application. The Engineer shall delegate to all Public Works sub-divisional officers the power of receiving applications under section 31 of the Act for temporary road-ways and temporary water-courses, but no person so appointed shall pass an order for the construction of a temporary water-course, unless he has been specially authorized to do so by the Superintending Engineer. Such authority shall specify the embankments in regard to which only this power is to be exercised. In all cases where an application for a temporary water-course is made to a person appointed by the Engineer, such application shall be submitted to the Engineer for transmission to the Collector. The Engineer, in forwarding applications under this section to the Collector, shall state in writing whether in his opinion they can be sanctioned without endangering the safety of the embankment.

10. All Public Works sub-divisional officers shall be authorized to open or shut sluices under general rules to be issued by the Engineer with the approval of the Collector. A copy of all rules made under this section shall be transmitted to the Superintending Engineer.

11. Any order to remove an embankment or obstruction or to repair damage, passed under section 79 of the Act shall be appealable to the court to which an appeal ordinarily lies from the decision of the Magistrate who passes the order.

12. The Engineer shall submit to the Collector, through the Superintending Engineer, an annual report of all expenditure incurred on embankments in the district, distinguishing between those kept up at the cost of Government, and those maintained from funds supplied from other sources. The sums receivable under contracts shall be mentioned. In this report a succinct account of the state of the embankments, of the action of floods during the year, and of any proceedings taken under the Embankment Act, shall be given. The Collector shall forward this report through the Commissioner and Board of Revenue, with his own remarks, for the information of Government.

From—C. A. WILKINS, Esq., Officiating Registrar of the High Court,

To—All Sessions Judges and District Magistrates.

IN modification of the instructions contained in clause (*b*), Rule 10, Chapter II, page 33, Criminal Rules and Orders (1883), which requires that the annual returns relating to the Court of Session shall be submitted by Sessions Judges to the High Court, the High Court is pleased to direct that such returns shall be forwarded, not to the High Court, but to the District Magistrate, with a view to the information they contain being embodied by the Magistrate in his annual statements, where it will appear under the proper heads and in the appropriate columns.

2. On receipt of the above returns, which comprise annual statements 1, 3, 4, 5,*6 and 7, the District Magistrate will use the figures they contain to fill up such parts of his annual statements to the High Court as relate to the work of the Sessions Judge, in the same manner as he applies the information derived from that Court for the preparation of annual statement 2. *Vide* Rule 2, clause (*k*), page 15, Criminal Rules and Orders (1883).

* Including 5A.

3. The course above indicated should also be pursued in regard to the tables and comparative tables, of which Nos 3 to 12 inclusive (being those now submitted by the Sessions Judge to the High Court) should be forwarded by the Sessions Court to the District Magistrate with a view to their contents being incorporated in the Magistrate's returns.

4. It will be seen that the object of these instructions is to have one set of annual statements for each district, embracing all the criminal courts of such district, and showing the results of the entire criminal administration thereof; instead of, as at present, double or treble sets of statements involving divided responsibility and the necessity for reconciliation of discrepancies leading to calls for explanation and needless expenditure of time and labour.

NOTIFICATION.

THE following rules framed by the High Court under Act XVIII of 1879 (the Legal Practitioners' Act) are published for general information, in supersession of those published in the *Calcutta Gazette* of the 15th February 1882.

By order of the High Court,

FORT WILLIAM, *the 12th February* 1884. C. A. WILKINS, *Offg. Registrar.*

Rules.

Rules as to the qualification, admission, and certificates, &c., of Pleaders and Mukhtars in Courts subordinate to the High Court,—Section 6, clauses (a), (b), (c), and (d), Act XVIII of 1879.

I.—GENERAL.

(1). The following rules, framed by the High Court of Judicature at Fort William in Bengal, under Section 6, Act XVIII of 1879, in supersession of previous rules on the same subject, shall take effect from the date of their publication, except so far as they relate to the qualifications required by rules 3, 4, 5, and 6 respectively, as to which the rules dated 12th September 1874 shall continue in force until the 16th February 1884.

1*st*.—He must hold a certificate of having passed the Entrance Examination of the University of Calcutta, Madras, or Bombay, or a certificate of having passed the middle Vernacular or middle English Scholarship Examination or some other public examination certified by the Director of Public Instruction to be equivalent thereto;

2*nd*.—He must produce a satisfactory certificate of good moral character, and be above the age of twenty years.

IV.—EXAMINATIONS.

(7.) Every candidate for examination for Pleadership or for Mukhtarship shall, on or before the 15th November, or first open day thereafter in each year, apply to the Examiners for leave to present himself at the ensuing examination, and he shall establish to their satisfaction that he possesses the qualifications prescribed for such candidates.

(8.) Such application is not to be transmitted to the Examiners direct; but it is to be filed on or before the said 15th day of November, or first open day thereafter, in the Court of the District Judge within whose jurisdiction the candidate resides or is employed (Calcutta, for this purpose, being taken to be within the district of the 24-Pergunnahs), accompanied by the necessary documents and papers in original, with the receipt of the officer in charge of a Government Treasury for the fee required, previous to examination, by rule 20. The Judge shall thereupon enquire into the validity of the certificate of character presented by the candidate, and shall satisfy himself as to the identity of the candidate; and he shall, on or before the 1st December, transmit to the Examiners all such applications, with the documents accompanying, together with a list of the applications and annexures, and with his opinion in each case as to the sufficiency of the testimonials produced, and any other information which he may think it needful in any case to communicate.

(9.) The Examiners shall thereupon take the case of each candidate, with the report of the District Judge, into their consideration, and shall determine whether or not the candidate is possessed of the necessary qualifications. If the candidate is found qualified, the Examiners shall cause his name, the name of his father, his age and place of residence, and other needful particulars, to be entered in a register of persons permitted to appear at the examination.

(10.) An extract from the register shall be forwarded to the District Judge, with a declaration that the candidate is permitted to appear at the next ensuing examination at for delivery to him. The Judge shall cause a notice of his having received such extracts to be stuck up in his court-house, and shall deliver them to the candidates on application.

The District Judge, in carrying out this rule and rule 8, shall conform to such instructions as he may receive from the Examiners through their President or Secretary.

(11.) Every candidate for examination shall produce to the Examiners the extract from the register, when he presents himself for examination.

V.—ADMISSION.

(12.) Any person who shall have qualified under these rules, and who shall desire to be admited to practise, shall pay into the Government Treasury of the district in which he shall intend ordinarily to practise, the fee prescribed by rule 20; and shall, on presentation of the certificate of the Examiners, or of his diploma, of the receipt for the said fee, and of a stamp paper of the necessary value for his first certificate of practice, be entitled to apply to the High Court for admission, stating in what classes of Courts he desires to practise, with reference to Schedule 1 and Schedule 2 of Act XVIII of 1879.

(13.) The application, together with the certificate, the receipt, and the stamp paper required by rule 12, shall be presented to the Judge of the district in which the applicant intends

ordinarily to practise, and shall be forwarded by the Judge to the Registrar of the High Court, with such remarks as he may think fit to make thereon.

(14.) The name of the applicant and his place of abode, together with his father's name and place of abode, shall be affixed in some conspicuous place in the Court-house of the Judge to whom the application is sent and also in the High Court, at least six weeks before the applicant is admitted to practise.

(15.) The High Court may call for evidence of the respectability of the applicant in any case in which it may be deemed necessary.

VI.—CERTIFICATES.

(16.) Upon the applicant being admitted by the High Court, the Registrar of the High Court shall cause his name to be entered in the proper register, and shall grant him a certificate as required by section 7 of Act XVIII of 1879, authorizing him to practise up to the end of the current year, in the Courts, and, in the case of a Pleader, also the Revenue Offices specified therein.

(17.) The certificate shall bear the number assigned to it in the register, and shall be signed by the Registrar and forwarded to the District Judge, to be delivered to the applicant.

(18.) Any Pleader or Mukhtar who may apply for the renewal of his certificate under Section 7, Act XVIII of 1879, unless he has been ordinarily practising in the Court of the District Judge, or other officer authorized to renew certificates, shall with his application file a certificate of character from the Judge presiding in the Court in which the applicant ordinarily practises. The Munsif, Subordinate Judge, or Judge, of a Small Cause Court may forward the application for a renewed certificate to the District Judge.

(19.) The renewed certificate shall state only the particulars contained in the former certificate, and the fact and date of its renewal.

VII.—FEES.

(20.) The fees payable previous to examination, and on application for enrolment, shall be as follows:—

	Pleader.	*Mukhtar.*
Before examination	Rs. 30	Rs. 15
Before admission	,, 25	,, 10

(21.) If in any case in which a candidate, after having paid the fee required to be paid before examination, and having been found duly qualified and permitted to appear at any examination, is prevented by illness or other sufficient reason from appearing at such examination, and such candidate apply in writing to the Examiners, within one month from the date of such examination, to be allowed to appear at the next examination without payment of any fresh fee, the Examiners may take such application into their consideration, and if they consider the reason for such non-attendance a sufficient one, may allow such application.

VIII.—PENALTIES.

(22.) If any person, having passed the examination entitling him to be admitted and enrolled as a Pleader or as a Mukhtar, shall fail to apply for such admission and enrolment for a period of one year from the time of passing the examination, he shall not be admitted and enrolled unless, by special order of the High Court, the time for such application shall be extended.

(23.) If any person, having been admitted and enrolled as a Pleader or Mukhtar, shall neglect to take out a certificate, or, having obtained a certificate, shall fail to renew it for a period of three years, he shall be suspended and shall not be entitled to receive a certificate, or to have his certificate renewed, without further orders of the High Court.

(24.) Any person who shall hold any appointment under Government, or shall carry on any trade or other business, at the time of his application for admission as a Pleader or Mukhtar, shall state the fact in his application for admission; and the High Court may refuse to admit such person, or pass such orders thereon as it thinks proper.

(25.) Any person who, having been admitted as a Pleader or Mukhtar, shall accept any appointment under Government, or shall enter into any trade or other business, shall give notice thereof to the High Court, who may thereupon suspend such Pleader or Mukhtar from practice, or pass such orders as the said Court may think fit.

(26.) Any wilful violation of any of the above rules shall subject a Pleader or Mukhtar to suspension or dismissal.

(27.) The rules drawn up in accordance with Section 4, Act XX of 1865, for the qualification, admission, and enrolment of Pleaders and Mukhtars in Mofussil Courts, of the 12th of September 1874, with their amendments, are hereby repealed, except for the purposes of rule 1, of rule 3, clause 3rd, and of rule 5, clause 3rd of the present rules.

NOTIFICATION.

The 8th February 1884.—The following Notice to Mariners is published for general information.

A. P. MACDONNELL,
Offg. Secretary to the Govt. of Bengal.

GOVERNMENT OF BENGAL, GENERAL (MARINE) DEPARTMENT.

NOTICE TO MARINERS.—(No. 7).

BAY OF BENGAL—BURMA COAST.

GULF OF MARTABAN.

RANGOON RIVER.

Change in the beacons and in the buoyage of the river.

The Port Officer, Rangoon, has notified that several changes have been, and are about to be, effected in the *beacons* and in the *buoyage* of the Rangoon river, and that in future the following distinguishing marks and positions will be displayed :—

BEACONS.—*The Saddle tree*, which was hitherto a mark of great importance for the guidance of pilots, but now withering away, will shortly be replaced by a *beacon*, which is in course of construction.

The *Crossing Creek* and *Umbrella* beacons will be moved further inland.

A mast, 85 feet high, carrying a black ball, has been erected on Chokey Point, situated 65 feet from the level of high water line.

Note.—This latter *beacon* is intended for surveying purposes as well as to indicate the spit off Chokey Point by night.

WESTERN CHANNEL BUOYS.—*The Lower Eastern* buoy, surmounted by a *staff* and *black ball*, has been laid in 18 feet at low-water ordinary spring tides, $1\frac{5}{16}$ of a mile E. by S. of its old position, and the following bearings are given:—

Fairway Buoy	... ...	S. W. (westerly).
China Ba-keer Lighthouse	...	S. W. by W. ¼ W. (westerly).
Lower Western Buoy	... ...	W. ¾ S.
Upper Western Buoy	... ...	N. ¾ W.
Centre Eastern Buoy	... ...	N. by E. ¾ E.
Eastern Grove Lighthouse	...	N. by E. ¼ E.

The *Centre Eastern* buoy has been moored in 18 feet at low-water ordinary spring tides $\frac{3}{16}$ of a mile W. N. W. of its former position, with—

Upper Western Buoy, bearing	...	W. by N. ¾ N.
Elephant Point Obelisk	... ...	N by W ¾ W.
Eastern Grove Light-house	...	N. by E. (easterly).
Upper Eastern buoy	... ...	N. by E. ¼ E. (easterly).

The *Upper Eastern* buoy marks the position originally assigned, but will carry a triangle with staff.

MIDDLE BANK BUOYS.—The *Lower Eastern* and the *Upper Eastern* buoys will shortly be replaced by *new* buoys with *poles* and *globes*.

Note.—It is intended to place another buoy in the Western Channel as a *Centre Western* between the Upper and Lower Western buoys.

MAHWOON LUMP BUOY.—This *buoys* has been shifted 100 yards N. by W. of its former site, and lies in 13 feet at low-water ordinary spring tides in the following position :—

The Creek (just open)	... ...	W. by S. ¾ S.
Centre of high trees (on North bank of Bassein creek)	... ...	N. N. W.
Syriam pagoda	... ...	N. ¾ E.
Entail point	... ...	S. by E ¼ E.

Note.—There is a depth of 8 feet of water across the *Mahwoon Lumps*, which have extended some 100 yards in a line with the channel, but have not in any way encroached thereon.

SYRIAM FLAT BUOY.—A *buoy* painted *black* has been newly laid down on Syriam flat in 16 feet at low-water ordinary spring tides, a little to the westward of the 8 feet patch on the following bearings :—

Centre of Monkey Point Battery	...	W. ¼ N.
Shuay Dagan pagoda ...	...	N. W. by W. ¾ W.
Syriam Pagoda ...	...	E. S. E.
King's Point ...	...	S. W. (westerly).

The bearings are magnetic.

By direction of the Government of Bengal,

R. C. RUTHERFURD,

for Offg. Port Officer of Calcutta.

PORT OFFICE, *Calcutta, the 7th February* 1884.

NOTICE TO MARINERS.—(No. 8).

BAY OF BENGAL—BURMA COAST.

COAST OF TENASSERIM.

MERGUI HARBOUR.

Buoy off Mergui Harbour.

INFORMATION has been received from the Port Officer, Rangoon, that the *buoy*, which had been laid down to indicate the harbour entrance to Mergui, has been washed away.

Note.—Great care is therefore necessary when entering the harbour.

By direction of the Government of Bengal,

R. C. RUTHERFURD,

for Offg. Port Officer of Calcutta.

INDIA—EAST COAST.

BAY OF BENGAL—COAST OF ORISSA.

Re-exhibition of the Pooree permanent light.

WITH reference to this Departmental Notice to Mariners, No. 57 of the 17th December 1883, on the reported repairs to the lantern at Pooree, the Collector of Customs there has notified that the lantern of the permanent light has been repaired, and that the *white fixed* dioptric Chance's Port Light will again be exhibited from the 1st February 1884.

By direction of the Government of Bengal,

J. MENTEITH BREBNER,

Offg. Port Officer of Calcutta.

NOTICE TO MARINERS—(No. 5.)

AUSTRALIA—SOUTH COAST.

ENCOUNTER BAY—PORT VICTOR.

Exhibition of fixed White Light on the Break-water.

THE President, Marine Board, Port Adelaide, has notified that on the 1st January 1884 a light was exhibited from a *tripod* erected at the end of the Break-water, Port Victor, for the purpose of leading vessels clear into the anchorage.

The *light* is a *fixed white* light, elevated 26 feet above the level of high water, and in clear weather should be visible from a distance of five miles.

NOTE.—Vessels from the Westward should not haul up for the moorings until the light bears N. W. by N. (magnetic), so as to be certain of having passed the Seal Rock.

By direction of the Government of Bengal,

J. MENTEITH BREBNER,

Offg. Port Officer of Calcutta.

PORT OFFICE, *Calcutta, the 29th January* 1884.

[Third Publication]

NOTIFICATION.

The 4th February 1884.—The following Notice to Mariners is published for general information.

A. P. MACDONNELL,

Offg. Secretary to the Govt. of Bengal.

GOVERNMENT OF BENGAL, GENERAL (MARINE) DEPARTMENT.

NOTICE TO MARINERS.—(No. 6.)

INDIA—WEST COAST.

MALABAR COAST.

MANGALORE—SOUTH KANARA.

Shifting of the entrance to, and change in the anchorage limits of, the Port.

Information has been received from the Port Officer, Madras, that the *Old* or *Goorpoor* mouth of the Mangalore harbour being nearly closed up, vessels making for the Inner harbour should use the *new* mouth at Ullal.

The passage to the bandar between the sand shoals inside the river is very narrow and dangerous, and will admit of *only very small* craft getting up to the anchorage opposite the Custom House.

There is an anchorage inside the river near Ullal, but all larger Native vessels should anchor outside of the bar.

By direction of the Government of Bengal,

J. MENTEITH BREBNER,

Offg. Port Officer of Calcutta.

PORT OFFICE, *Calcutta, the 30th January* 1884.

IRRIGATION.

NOTIFICATION.

No. 58, *dated* 29*th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal:—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6. The following rates will be charged for the supply of water on application when available from June to November:—

I.—Under five year leases. { Lift, Re. 1 per acre per annum. Flow, Re. 1-8 ditto.

II.—Under one year leases. { Lift, Rs. 1-10 per acre per annum. Flow, Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following:—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires.

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewal of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars:—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a* the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a* on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

22. Remission of water rates may be granted by the Collector on the ground of—

1—Failure to supply water.
2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26 Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

IRRIGATION.

The 14th January 1884.

No. 12.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes to pass the following rules under section 90 of Act II (B C.) of 1882, "The Bengal Embankment Act":—

1. All estimates for works to be executed under this Act shall include 23 per cent. for establishment, and, in addition, the estimated cost of all petty establishments employed for watching or guarding embankments, and for working sluices.

2. Where tools and plant are to be provided by Government, a charge of 3 per cent. on the outlay will be made, and this percentage shall be added to the estimates.

3. The Collector shall, previous to submitting a report to the Commissioner under sections 11, 19 or 43 of the Act, obtain the written opinion of the Superintending Engineer, which shall form part of the record of proceedings in the case.

4. No estimate under section 49 of the Act shall be transmitted to the Collector until it has been countersigned by the Superintending Engineer, who is responsible that the repairs proposed to be executed are necessary, for the manner in which it is proposed to execute them, and that the rates entered in the estimate are fair and reasonable.

5. The Superintending Engineer shall, on the requisition of the Collector, furnish a written opinion on any work it is proposed to execute under the Act, causing all necessary surveys to be made.

6. Where the Collector, under the last preceding section, requires surveys to be made, he shall either cause the estimated cost of the same to be paid to the Engineer, or procure sanction, under the ordinary rules for the disbursement of public money, to the proposed expenditure. Such deposit or sanction shall provide for the salaries and allowances of the Engineers and Surveyors it is intended to employ.

7. The Superintending Engineer shall, in any enquiry under section 51 of the Act on receiving a requisition to that effect from the Collector, give his written opinion as to the boundaries of the lands affected by such works or repairs, and the extent to which they have been benefited or affected. This opinion shall form part of the record of proceedings in the case.

8. When it is considered that the ordinary procedure under the Act would be attended with grave and imminent danger to life and property, and proceedings under section 25 of the Act are taken by the Collector, or under section 29 by the Engineer, the Collector shall make an immediate report to the Commissioner, and forward a copy thereof to the Superintending Engineer. In such cases the Commissioner shall lose no time in submitting a copy of this report, with his opinion thereon, through the Board of Revenue for the orders of Government.

9. All orders passed under section 31 of the Act shall be in writing, and the applicant shall be entitled to receive a copy of the same free of charge on application. The Engineer shall delegate to all Public Works sub-divisional officers the power of receiving applications under section 31 of the Act for temporary road-ways and temporary water-courses, but no person so appointed shall pass an order for the construction of a temporary water-course, unless he has been specially authorized to do so by the Superintending Engineer. Such authority shall specify the embankments in regard to which only this power is to be exercised. In all cases where an application for a temporary water-course is made to a person appointed by the Engineer, such application shall be submitted to the Engineer for transmission to the Collector. The Engineer, in forwarding applications under this section to the Collector, shall state in writing whether in his opinion they can be sanctioned without endangering the safety of the embankment.

10. All Public Works sub-divisional officers shall be authorized to open or shut sluices under general rules to be issued by the Engineer with the approval of the Collector. A copy of all rules made under this section shall be transmitted to the Superintending Engineer.

11. Any order to remove an embankment or obstruction or to repair damage, passed under section 79 of the Act shall be appealable to the court to which an appeal ordinarily lies from the decision of the Magistrate who passes the order.

12. The Engineer shall submit to the Collector, through the Superintending Engineer, an annual report of all expenditure incurred on embankments in the district, distinguishing between those kept up at the cost of Government, and those maintained from funds supplied from other sources. The sums receivable under contracts shall be mentioned. In this report a succinct account of the state of the embankments, of the action of floods during the year, and of any proceedings taken under the Embankment Act, shall be given. The Collector shall forward this report through the Commissioner and Board of Revenue, with his own remarks, for the information of Government.

[Eleventh Publication.]

The 11th December 1883.

No. 453.—*Notification.*—With reference to notification No 440, dated the 4th instant, published at page 1232, Part I of the *Calcutta Gazette* of the 5th idem, it is hereby notified for general information that the estimate of the probable cost to be incurred in respect of the repairs and maintenance of the 65 miles of the Gunduck tuccavee embankment and the works connected therewith in the district of Chumparun during 20 years commencing from the 1st April 1883, amounts, at the rate of Rs. 200 per mile per annum, to Rs. 2,60,000, and that the Lieutenant-Governor proposes, under section 63 of Act II (B.C.) of 1882, to fix the aforesaid total sum of Rs. 2,60,000 as payable during the said 20 years by the zemindars of the estates benefited by such repairs, maintenance and works, should no valid objections thereto be preferred. Any person interested who desires to object to the above-mentioned order is required to prefer, within three months of the date of its first publication in the *Calcutta Gazette*, such objection as he may think proper to the Collector of Chumparun for consideration by the Lieutenant-Governor.

RANGOON RIVER.

Change in the beacons and in the buoyage of the river.

The Port Officer, Rangoon, has notified that several changes have been, and are about to be, effected in the *beacons* and in the *buoyage* of the Rangoon river, and that in future the following distinguishing marks and positions will be displayed :—

BEACONS.—*The Saddle tree*, which was hitherto a mark of great importance for the guidance of pilots, but now withering away, will shortly be replaced by a *beacon*, which is in course of construction.

The *Crossing Creek* and *Umbrella* beacons will be moved further inland.

A mast, 85 feet high, carrying a black ball, has been erected on Chokey Point, situated 65 feet from the level of high water line.

Note.—This latter *beacon* is intended for surveying purposes as well as to indicate the spit off Chokey Point by night.

WESTERN CHANNEL BUOYS.—*The Lower Eastern* buoy, surmounted by a *staff* and *black ball*, has been laid in 18 feet at low-water ordinary spring tides, $1\frac{6}{10}$ of a mile E. by S. of its old position, and the following bearings are given:—

Fairway Buoy	...	...	S. W. (westerly).
China Ba-keer Lighthouse		...	S. W. by W. $\frac{1}{4}$ W. (westerly).
Lower Western Buoy	...	...	W. $\frac{3}{4}$ S.
Upper Western Buoy	...	...	N. $\frac{3}{4}$ W.
Centre Eastern Buoy	...	...	N. by E. $\frac{3}{4}$ E.
Eastern Grove Lighthouse		...	N. by E. $\frac{1}{4}$ E.

The *Centre Eastern* buoy has been moored in 18 feet at low-water ordinary spring tides $\frac{3}{10}$ of a mile W. N. W. of its former position, with—

Upper Western Buoy, bearing		...	W. by N. $\frac{3}{4}$ N.
Elephant Point Obelisk	...	...	N by W $\frac{3}{4}$ W.
Eastern Grove Light-house		...	N. by E. (easterly).
Upper Eastern buoy	...	...	N. by E. $\frac{1}{4}$ E. (easterly).

The *Upper Eastern* buoy marks the position originally assigned, but will carry a triangle with staff.

MIDDLE BANK BUOYS.—The *Lower Eastern* and the *Upper Eastern* buoys will shortly be replaced by *new* buoys with *poles* and *globes*.

Note.—It is intended to place another buoy in the Western Channel as a *Centre Western* between the Upper and Lower Western buoys.

MAHWOON LUMP BUOY.—This *buoys* has been shifted 100 yards N. by W. of its former site, and lies in 18 feet at low-water ordinary spring tides in the following position :—

The Creek (just open)	...	...	W. by S. $\frac{3}{4}$ S.
Centre of high trees (on North bank of Bassein creek)	...	...	N. N. W.
Syriam pagoda	...	...	N. $\frac{3}{4}$ E.
Entail point	...	...	S. by E. $\frac{1}{4}$ E.

Note.—There is a depth of 8 feet of water across the *Mahwoon Lumps*, which have extended some 100 yards in a line with the channel, but have not in any way encroached thereon.

SYRIAM FLAT BUOY.—A *buoy* painted *black* has been newly laid down on Syriam flat in 16 feet at low-water ordinary spring tides, a little to the westward of the 8 feet patch on the following bearings :—

Centre of Monkey Point Battery	...	W. ½ N.
Shuay Dagan pagoda ...	...	N. W. by W ½ W.
Syriam Pagoda ...	...	E. S. E.
King's Point ...	...	S. W. (westerly).

IRRIGATION.

The 26th February 1884.

No. 108.—*Notification.*—The Lieutenant-Governor of Bengal is pleased, under section 90 of Act II (B.C) of 1882 (The Bengal Embankment Act), to pass the following rules for carrying out the provisions of the said Act. A draft of these rules has been published in the *Calcutta Gazette* for one month commencing with the 14th January 1884:—

1. All estimates for works to be executed under this Act shall include 23 per cent. for establishment, and, in addition, the estimated cost of all petty establishments employed for watching or guarding embankments, and for working sluices.

2. Where tools and plant are to be provided by Government, a charge of 3 per cent. on the outlay will be made, and this percentage shall be added to the estimates.

3. The Collector shall, previous to submitting a report to the Commissioner under sections 11, 19 or 43 of the Act, obtain the written opinion of the Superintending Engineer, which shall form part of the record of proceedings in the case.

No notices regarding new works, the estimated cost of which exceeds Rs. 2,500, shall be published under section 8 of the Act until the estimates, specifications and plans have received the approval of the Chief Engineer.

4. No estimate under section 49 of the Act shall be transmitted to the Collector until it has been countersigned by the Superintending Engineer, who is responsible that the repairs proposed to be executed are necessary, for the manner in which it is proposed to execute them, and that the rates entered in the estimate are fair and reasonable.

5. The Superintending Engineer shall, on the requisition of the Collector, furnish a written opinion on any work it is proposed to execute under the Act, causing all necessary surveys to be made.

6. Where the Collector, under the last preceding section, requires surveys to be made, he shall either cause the estimated cost of the same to be paid to the Engineer, or procure sanction, under the ordinary rules for the disbursement of public money, to the proposed expenditure. Such deposit or sanction shall provide for the salaries and allowances of the Engineers and Surveyors it is intended to employ.

7. The Superintending Engineer shall, in any enquiry under section 51 of the Act, on receiving a requisition to that effect from the Collector, give his written opinion as to the boundaries of the lands affected by such works or repairs, and the extent to which they have been benefited or affected. This opinion shall form part of the record of proceedings in the case.

7A. Notwithstanding that there is no express mention in section 52 of the Act, of objections preferred before the Collector to the Engineer's accounts and certificate of expenses, on the ground that certain lands are not benefited by the works or repairs as specified in such certificate, the Collector should entertain and consider such objections. As the disposal of such objections will often depend on professional enquiries, the Collector should consult the Engineer, and if necessary, the Superintending Engineer, before passing orders, and the substance of the reference to the Engineer, and of his reply, shall form part of the record.

If the Collector shall, on such objection, come to the conclusion that any alteration should be made in the certificate which has been signed by the Engineer under section 51, he may at any time, before making an order charging or apportioning the amount under section 58 of the Act, make such alteration as provided in section 52.

8. When it is considered that the ordinary procedure under the Act would be attended with grave and imminent danger to life and property, and proceedings under section 25 of the Act are taken by the Collector, or under section 29 by the Engineer, the Collector shall

make an immediate report to the Commissioner, and forward a copy thereof to the Superintending Engineer. In such cases the Commissioner shall lose no time in submitting a copy of this report, with his opinion thereon, through the Board of Revenue for the orders of Government.

9. All orders passed under section 31 of the Act shall be in writing, and the applicant shall be entitled to receive a copy of the same free of charge on application. The Engineer shall delegate to all Public Works sub-divisional officers the power of receiving applications under section 31 of the Act for temporary road-ways and temporary water-courses, but no person so appointed shall pass an order for the construction of a temporary water-course, unless he has been specially authorized to do so by the Superintending Engineer. Such authority shall specify the embankments in regard to which only this power is to be exercised. In all cases where an application for a temporary water-course is made to a person appointed by the Engineer, such application shall be submitted to the Engineer for transmission to the Collector. The Engineer, in forwarding applications under this section to the Collector, shall state in writing whether in his opinion they can be sanctioned without endangering the safety of the embankment.

10. All Public Works sub-divisional officers shall be authorized to open or shut sluices under general rules to be issued by the Engineer with the approval of the Collector. A copy of all rules made under this section shall be transmitted to the Superintending Engineer.

11. Any order to remove an embankment or obstruction, or to repair damage, passed under section 79 of the Act, shall be appealable to the court to which an appeal ordinarily lies from the decision of the Magistrate who passes the order.

12. The Engineer shall submit to the Collector, through the Superintending Engineer, an annual report of all expenditure incurred on embankments in the district, distinguishing between those kept up at the cost of Government and those maintained from funds supplied from other sources. The sums receivable under contracts shall be mentioned. In this report a succinct account of the state of the embankments, of the action of floods during the year, and of any proceedings taken under the Embankment Act, shall be given. The Collector shall forward this report through the Commissioner and Board of Revenue, with his own remarks, for the information of Government.

IRRIGATION.

NOTIFICATION.

No. 58, *dated* 29*th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal :—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6. The following rates will be charged for the supply of water on application when available from June to November :—

I.—Under five year leases. { Lift, Re. 1 per acre per annum. Flow, Re. 1-8 ditto.

II.—Under one year leases. { Lift, Rs. 1-10 per acre per annum. Flow, Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs. 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following :—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries ; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires.

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewal of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars :—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a*, the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a*, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

22. Remission of water-rates may be granted by the Collector on the ground of—

1—Failure to supply water.
2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C) of 1870, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26. Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

LEASE FOR WATER-RATES.

(FORM A REFERRED TO IN RULE 12.)

LEASE No. for water for a crop of , grown on acres of land, situated in mouzah , pergunnah , at Rs. per acre. Amount due on the lease, Rs. , as detailed below; payable in instalments as follows :—

We the undersigned do hereby engage to pay to the Canal Revenue Superintendent, or other person duly authorized by him to receive them, the sums specified against our names in this lease. We also hereby engage to abide by the rules for regulating the sale, supply and distribution of canal water, and all matters connected therewith, as published under Bengal Government Notification * * *

We nominate , of village pergunnah , as the person through whom we are willing to pay the amounts severally due from us on account of water. We also hereby engage that, if one or more persons among ourselves relinquish the whole or any part of the land specified against his or their names, and if one or more of the persons concerned in this lease cultivate the land, then the cultivator or cultivators thereof will be liable for the water-rates, and the person or persons who may relinquish the land will be entitled to a proportionate remission; but if the land be let to persons other than those noted above, and if they cultivate it, then the person or persons relinquishing shall report

such relinquishment to the Deputy Revenue Superintendent, failing which he or they shall remain liable for the water-rates.

CALCUTTA,
The 4th February 1884.

A. CROFT,
Director of Public Instruction.

NOTICE.

In accordance with Government of Bengal No. 287T, of the 21st May 1881, Education Department, and No. 531 of the 11th April 1882, Medical and Municipal Department, notice is hereby given to those whom it may concern that the next half-yearly examination of compounders will be held at 11 A.M., on Monday the 7th of April 1884, and subsequent days, at the Campbell Medical School.

2. Every candidate must produce a certificate signed by a qualified medical man, who knows of his personal knowledge that he has worked for three years as a compounder, and is of opinion that he has a good practical knowledge of Materia Medica and Pharmacy.

3. Applicants will have to register their names and submit their certificates, together with a fee of Rs. 3 on or before the 15th March 1884, at the office of the Superintendent, Campbell Medical School.

4. Should any candidate fail to pass the required examination, he will forfeit his fee.

S. COULL MACKENZIE, M.D., *Surgeon-Major,*
Supdt., Campbell Medical School.

The 14th February 1884.

It is hereby notified for general information that the next half-yearly examination of Assistant and Deputy Magistrates, and of officers in the Police, Jail, Medical and Forest Departments in the Chotanagpore Division will be held at Ranchi on Monday, the 28th April 1884, and following days.

J. F. K. HEWITT, *Commissioner of Chotanagpore.*

RANCHI, *the 22nd February* 1884.

NOTIFICATIONS OF THE BOARD OF REVENUE.

HON'BLE H. L. DAMPIER, C.I.E.
16th February 1884.

IN exercise of the authority vested in them by section 27, Act XVIII of 1879, the Board of Revenue fix and regulate as follows the fees payable upon proceedings in the revenue offices *(in which costs are made payable by law)* by any party in respect of the fees of his adversary's advocate, pleader, vakil, attorney, mukhtyar, or revenue agent as follows :—

FEES OF ADVOCATE, PLEADER, VAKIL OR ATTORNEY.

I. The amount in respect of the fee of an adversary's advocate, pleader, vakil, or attorney, shall be allowed according to the following scale, viz. :—

In proceedings before the Board of Revenue—not exceeding Rs. 100.
In the Office of a Commissioner of Revenue—not exceeding Rs. 80.
In the office of a District Officer—Rupees 4 to 16.
In the office of a Deputy Collector—Rupees 1 to 10.

When the defence is joint or common

II. If several persons who have a joint or common interest succeed upon a joint contention or upon contentions substantially the same, not more than one fee shall be allowed, unless the presiding officer shall otherwise order, for reasons which shall be recorded. If only one fee be allowed, the presiding officer shall direct to whi h of the persons so succeeding it shall be paid, or shall apportion it among them in such manner as he shall think fit.

When several persons make separate defences.

III. If several persons who have separate interests set up separate and distinct contentions and succeed thereon, a fee for one advocate, pleader, vakil, or attorney for each of the persons who appear by a separate advocate, pleader, vakil, or attorney, may be allowed in respect of his separate interest.

Undefended cases.

IV. In any proceeding, application, or claim in any office, which is unopposed the amount to be paid as the fee of the adversary's advocate, pleader, vakil, or attorney shall ordinarily be calculated at one-half the sum at which it would have been charged had the case been defended.

Revivals or rehearings.

V. In proceedings for, or consequent upon, the revival or rehearing of a case, the fee of an advocate, pleader, vakil, or attorney, if allowed to the successful party, shall be fixed by the presiding officer of the office at an amount which shall not exceed one-half of the amount that would have been allowed by these rules in case of an original decree. The fee allowed in respect of the revival or rehearing will be irrespective of any fee which may be included in any costs, in respect of the original proceeding, which may be adjudged to the successful party by the order in review.

Appeals

VI. The amount to be allowed on account of the fees of an adversary's advocate, pleader, vakil, or attorney in an appeal shall be calculated on the same scale as in original proceedings, and the principles of the above clauses as to original proceedings shall be applied, as nearly as may be, to appeals.

Discretionary power.

VII. If, in any instance, the payment of fees according to the preceding rules shall not appear to the presiding officer of any revenue office to be just and equitable, he may exercise his discretion in charging the fee of the adversary's advocate, pleader, vakil, or attorney in such manner as may appear just and equitable; but whenever an allowance is made for the fee of an advocate pleader, vakil, or attorney the amount shall be calculated according to the scale appended to rule I.

FEES OF MUKHTYAR OR REVENUE AGENT.

VIII. The fees payable in respect of the employment of a mukhtyar or revenue agent shall be calculated by deducting one-fourth from the fees which would have been payable under these rules in respect of an advocate, pleader, vakil, or attorney, provided that no fees shall be made payable under these rules in respect of the employment of any mukhtyar or a revenue agent in any proceeding in which fees are made payable in respect of the employment of an advocate, pleader, vakil, or attorney.

IX. In any proceeding in which the presiding officer may consider that an advocate, pleader, vakil, or attorney has been unnecessarily employed, and that the employment of a mukhtyar or revenue agent would have been sufficient, the presiding officer may order that the fees payable under this rule in respect of the advocate, pleader, vakil, or attorney shall be calculated as if the person employed had been a mukhtyar or revenue agent.

By order of the Board of Revenue, L. P.,

H. J. S. COTTON,
Secretary.

IRRIGATION.

NOTIFICATION.

No. 58, *dated* 29*th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal:—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6. The following rates will be charged for the supply of water on application when available from June to November:—

I.—Under five year leases. { Lift, Re. 1 per acre per annum. Flow, Re. 1-8 ditto.

II.—Under one year leases. { Lift, Rs 1-10 per acre per annum. Flow, Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following:—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires.

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewal of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars:—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a* the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a*, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

22. Remission of water rates may be granted by the Collector on the ground of—

1—Failure to supply water.
2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B C) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26. Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

LEASE FOR WATER-RATES.

(FORM A REFERRED TO IN RULE 12.)

LEASE No. for water for a crop of , grown on acres of land, situated in mouzah , pergunnah , at Rs. per acre Amount due on the lease, Rs. , as detailed below; payable in instalments as follows:—

CALCUTTA, *the* 18*th February* 1884.

NOTICE.

In accordance with Government of Bengal No. 287T, of the 21st May 1881, Education Department, and No. 531 of the 11th April 1882, Medical and Municipal Department, notice is hereby given to those whom it may concern that the next half-yearly examination of compounders will be held at 11 A.M., on Monday the 7th of April 1884, and subsequent days, at the Campbell Medical School.

2. Every candidate must produce a certificate signed by a qualified medical man, who knows of his personal knowledge that he has worked for three years as a compounder, and is of opinion that he has a good practical knowledge of Materia Medica and Pharmacy.

3. Applicants will have to register their names and submit their certificates, together with a fee of Rs. 3, on or before the 15th March 1884, at the office of the Superintendent, Campbell Medical School.

4. Should any candidate fail to pass the required examination, he will forfeit his fee.

S. COULL MACKENZIE, M.D., *Surgeon-Major*,
Supdt., Campbell Medical School.

The 14th February 1884.

NOTIFICATIONS OF THE BOARD OF REVENUE.

HON'BLE H. L. DAMPIER, C.I.E.
16th February 1884.

IN exercise of the authority vested in them by section 27, Act XVIII of 1879, the Board of Revenue fix and regulate as follows the fees payable upon proceedings in the revenue offices *(in which costs are made payable by law)* by any party in respect of the fees of his adversary's advocate, pleader, vakil, attorney, mukhtyar, or revenue agent as follows :—

FEE OF ADVOCATE, PLEADER, VAKIL OR ATTORNEY.

I. The amount in respect of the fee of an adversary's advocate, pleader, vakil, or attorney, shall be allowed according to the following scale, viz. :—

In proceedings before the Board of Revenue—not exceeding Rs 100.
In the Office of a Commissioner of Revenue—not exceeding Rs. 80.
In the office of a District Officer—Rupees 4 to 16
In the office of a Deputy Collector—Rupees 1 to 10.

When the defence is joint or common.

II. If several persons who have a joint or common interest succeed upon a joint contention or upon contentions substantially the same, not more than one fee shall be allowed, unless the presiding officer shall otherwise order, for reasons which shall be recorded If only one fee be allowed, the presiding officer shall direct to which of the persons so succeeding it shall be paid, or shall apportion it among them in such manner as he shall think fit.

When several persons make separate defences.

III. If several persons who have separate interests set up separate and distinct contentions and succeed thereon, a fee for one advocate, pleader, vakil, or attorney for each of the persons who appear by a separate advocate, pleader, vakil, or attorney may be allowed in respect of his separate interest.

Undefended cases.

IV. In any proceeding, application, or claim in any office, which is unopposed the amount to be paid as the fee of the adversary's advocate, pleader, vakil, or attorney shall ordinarily be calculated at one-half the sum at which it would have been charged had the case been defended.

Revivals or rehearings.

V. In proceedings for, or consequent upon, the revival or rehearing of a case, the fee of an advocate, pleader, vakil, or attorney, if allowed to the successful party, shall be fixed by the presiding officer of the office at an amount which shall not exceed one-half of the amount that would have been allowed by these rules in case of an original decree. The fee allowed in respect of the revival or rehearing will be irrespective of any fee which may be included in any costs, in respect of the original proceeding, which may be adjudged to the successful party by the order in review.

Appeals

VI. The amount to be allowed on account of the fees of an adversary's advocate, pleader, vakil, or attorney in an appeal shall be calculated on the same scale as in original proceedings, and the principles of the above clauses as to original proceedings shall be applied, as nearly as may be, to appeals.

Discretionary power.

VII. If, in any instance, the payment of fees according to the preceding rules shall not appear to the presiding officer of any revenue office to be just and equitable, he may exercise his discretion in charging the fee of the adversary's advocate, pleader, vakil, or attorney in such manner as may appear just and equitable; but whenever an allowance is made for the fee of an advocate pleader, vakil, or attorney the amount shall be calculated according to the scale appended to rule I.

VIII. The fees payable in respect of the employment of a mukhtyar or revenue agent shall be calculated by deducting one-fourth from the fees which would have been payable under these rules in respect of an advocate, pleader, vakil, or attorney, provided that no fees shall be made payable under these rules in respect of the employment of any mukhtyar or a revenue agent in any proceeding in which fees are made payable in respect of the employment of an advocate, pleader, vakil, or attorney.

FEES OF MUKHTYAR OR REVENUE AGENT.

IX. In any proceeding in which the presiding officer may consider that an advocate, pleader, vakil, or attorney has been unnecessarily employed, and that the employment of a mukhtyar or revenue agent would have been sufficient, the presiding officer may order that the fees payable under this rule in respect of the advocate, pleader, vakil, or attorney shall be calculated as if the person employed had been a mukhtyar or revenue agent.

By order of the Board of Revenue, L. P.,

H. J. S. COTTON,
Secretary.

No. 246B.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 11th March 1884.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the construction of docks for sea-going and inland vessels, with warehouses for goods, and a railway to connect such docks and warehouses with an extension of the South-Eastern Railway, it is hereby declared that for the above purposes a piece of land measuring, more or less, 2,500 bighas, and bounded as follows, is required :—

On the north by the Garden Reach road from Watgunge road to Moteejheel. The eastern boundary of the land, commencing from Garden Reach road, runs along Watgunge road to Puddopookur road, where it turns south on the Puddopookur road, as far as the south end of Puddopookur tank. It then turns west on the road to the south of Puddopookur tank, from the south-west corner of which tank it joins Bissessur Mookerjee's lane by a line running due south. The boundary line then follows Bissessur Mookerjee's lane to its junction with Nullooaparra lane, along which it runs as far as the Circular Garden Reach road From the end of Nullooaparra lane it follows the Circular Garden Reach road for a distance of, more or less, 150 feet, and then again turns south, skirting the western boundary of Bhookylas, till it meets the Hurrobass road. The boundary line then runs east on the Hurrobass road as far as Bhookylas road, which it follows to the junction of that road with the Budge-Budge road. From this point the boundary is a straight line to a point on the west side of the Diamond Harbour road, opposite its junction with the Doorgapoor road.

The boundary then follows the Diamond Harbour road to a point 500 feet to the south of Doorgapoor road, where it crosses the Diamond Harbour road, and is then carried in a straight line to a point on Tolly's nullah, more or less, 2,000 feet to the south of Kallyghat Bridge The boundary line then follows Tolly's nullah for a length of 1,000 feet, when it turns west in a straight line to the junction of the Shahpoor and Diamond Harbour roads The boundary line then follows the Goragatchee road, Taratollah road, and Sonai third lane, to the junction of the latter with the Garden Reach Circular road. At the Circular Garden Reach road the boundary line again turns to the east, and follows this road as far as Meethapookur road, where it turns north along the Meethapookur road to the north-west corner of Meethapookur tank. From this point to Garden Reach road the boundary is the east bank of Moteejheel tank.

This declaration is made, under the provisions of Part II, section 6, Act X of 1870, to all whom it may concern.

A plan of the land may be inspected in the office of the Deputy Collector for Railways at the Board of Revenue.

IRRIGATION.

NOTIFICATION.

No. 58, *dated* 29*th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal:—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6. The following rates will be charged for the supply of water on application when available from June to November:—

I.—Under five year leases. { Lift, Re. 1 per acre per annum. Flow, Re. 1-8 ditto

II.—Under one year leases. { Lift, Rs. 1-10 per acre per annum. Flow, Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs. 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following:—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires.

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewal of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars:—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a* the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a*, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

22. Remission of water rates may be granted by the Collector on the ground of—

1—Failure to supply water.
2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B C) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26 Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

NOTIFICATIONS OF THE BOARD OF REVENUE.

HON'BLE H. L. DAMPIER, C.I.E.

16th February 1884.

IN exercise of the authority vested in them by section 27, Act XVIII of 1879, the Board of Revenue fix and regulate as follows the fees payable upon proceedings in the revenue offices *(in which costs are made payable by law)* by any party in respect of the fees of his adversary's advocate, pleader, vakil, attorney, mukhtyar, or revenue agent as follows :—

FEE OF ADVOCATE, PLEADER, VAKIL OR ATTORNEY.

I. The amount in respect of the fee of an adversary's advocate, pleader, vakil, or attorney, shall be allowed according to the following scale, viz. :—

In proceedings before the Board of Revenue—not exceeding Rs 100.
In the Office of a Commissioner of Revenue—not exceeding Rs. 80.
In the office of a District Officer—Rupees 4 to 16.
In the office of a Deputy Collector—Rupees 1 to 10.

When the defence is joint or common.

II. If several persons who have a joint or common interest succeed upon a joint contention or upon contentions substantially the same, not more than one fee shall be allowed, unless the presiding officer shall otherwise order, for reasons which shall be recorded. If only one fee be allowed, the presiding officer shall direct to which of the persons so succeeding it shall be paid, or shall apportion it among them in such manner as he shall think fit.

When several persons make separate defences.

III. If several persons who have separate interests set up separate and distinct contentions and succeed thereon, a fee for one advocate, pleader, vakil, or attorney for each of the persons who appear by a separate advocate, pleader, vakil, or attorney may be allowed in respect of his separate interest.

Undefended cases.

IV. In any proceeding, application, or claim in any office, which is unopposed the amount to be paid as the fee of the adversary's advocate, pleader, vakil, or attorney shall ordinarily be calculated at one-half the sum at which it would have been charged had the case been defended.

Revivals or rehearings.

V. In proceedings for, or consequent upon, the revival or rehearing of a case, the fee of an advocate, pleader, vakil, or attorney, if allowed to the successful party, shall be fixed by the presiding officer of the office at an amount which shall not exceed one-half of the amount that would have been allowed by these rules in case of an original decree. The fee allowed in respect of the revival or rehearing will be irrespective of any fee which may be included in any costs, in respect of the original proceeding, which may be adjudged to the successful party by the order in review.

Appeals.

VI. The amount to be allowed on account of the fees of an adversary's advocate, pleader, vakil, or attorney in an appeal shall be calculated on the same scale as in original proceedings, and the principles of the above clauses as to original proceedings shall be applied, as nearly as may be, to appeals.

VII. If, in any instance, the payment of fees according to the preceding rules shall not appear to the presiding officer of any revenue office to be just and equitable, he may exercise his discretion in charging the fee of the adversary's advocate, pleader, vakil, or attorney in such manner as may appear just and equitable; but whenever an allowance is made for the fee of an advocate pleader, vakil, or attorney the amount shall be calculated according to the scale appended to rule I.

Discretionary power.

VIII. The fees payable in respect of the employment of a mukhtyar or revenue agent shall be calculated by deducting one-fourth from the fees which would have been payable under these rules in respect of an advocate, pleader, vakil, or attorney, provided that no fees shall be made payable under these rules in respect of the employment of any mukhtyar or a revenue agent in any proceeding in which fees are made payable in respect of the employment of an advocate, pleader, vakil, or attorney.

Fees of mukhtyar or revenue agent.

IX. In any proceeding in which the presiding officer may consider that an advocate, pleader, vakil, or attorney has been unnecessarily employed, and that the employment of a mukhtyar or revenue agent would have been sufficient, the presiding officer may order that the fees payable under this rule in respect of the advocate, pleader, vakil, or attorney shall be calculated as if the person employed had been a mukhtyar or revenue agent.

By order of the Board of Revenue, L. P.,

H. J. S. COTTON,
Secretary.

No. 246B.

NOTIFICATION.

The 11th March 1884.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the construction of docks for sea-going and inland vessels, with warehouses for goods, and a railway to connect such docks and warehouses with an extension of the South-Eastern Railway, it is hereby declared that for the above purposes a piece of land measuring, more or less, 2,500 bighas, and bounded as follows, is required :—

On the north by the Garden Reach road from Watgunge road to Moteejheel. The eastern boundary of the land, commencing from Garden Reach road, runs along Watgunge road to Puddopookur road, where it turns south on the Puddopookur road, as far as the south end of Puddopookur tank. It then turns west on the road to the south of Puddopookur tank, from the south-west corner of which tank it joins Bissessur Mookerjee's lane by a line running due south. The boundary line then follows Bissesur Mookerjee's lane to its junction with Nullooaparra lane, along which it runs as far as the Circular Garden Reach road. From the end of Nullooaparra lane it follows the Circular Garden Reach road for a distance of, more or less, 150 feet, and then again turns south, skirting the western boundary of Bhookylas, till it meets the Hurrobass road. The boundary line then runs east on the Hurrobass road as far as Bhookylas road, which it follows to the junction of that road with the Budge-Budge road. From this point the boundary is a straight line to a point on the west side of the Diamond Harbour road, opposite its junction with the Doorgapoor road.

The boundary then follows the Diamond Harbour road to a point 500 feet to the south of Doorgapoor road, where it crosses the Diamond Harbour road, and is then carried in a straight line to a point on Tolly's nullah, more or less, 2,000 feet to the south of Kullyghat Bridge. The boundary line then follows Tolly's nullah for a length of 1,000 feet, when it turns west in a straight line to the junction of the Shahpoor and Diamond Harbour roads. The boundary line then follows the Goragatchee road, Taratollah road, and Sonai third lane, to the junction of the latter with the Garden Reach Circular road. At the Circular Garden Reach road the boundary line again turns to the east, and follows this road as far as Meethapookur road, where it turns north along the Meethapookur road to the north-west corner of Meethapookur tank. From this point to Garden Reach road the boundary is the west bank of Moteejheel tank.

This declaration is made, under the provisions of Part II, section 6, Act X of 1870, to all whom it may concern.

A plan of the land may be inspected in the office of the Deputy Collector for Railways at the Board of Revenue.

IRRIGATION.

NOTIFICATION.

No 58, *dated 29th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal:—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6. The following rates will be charged for the supply of water on application when available from June to November:—

I.—Under five year leases. { Lift, Re. 1 per acre per annum. Flow, Re. 1-8 ditto.

II.—Under one year leases. { Lift, Rs 1-10 per acre per annum. Flow, Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following :—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires.

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewa of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion, issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars :—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a*. the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a*, on account of lands irrigated without authority, fall due as soon as the assessment is made, and shall be realized at once.

22. Remission of water rates may be granted by the Collector on the ground of—

1—Failure to supply water.
2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26. Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

C. W. BOLTON,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 24th March 1884.—The following communication, received from the Government of India, Home Department, No. 70, dated 24th March 1884, with enclosures, is published for general information.

C. W. BOLTON,
Offg. Secretary to the Govt. of Bengal.

No. 21, dated India Office, London, the 14th February 1884.

From—The Right Hon'ble the Marquis of Kimberley, Her Majesty's Secretary of State for India,

To—His Excellency the Most Hon'ble the Governor-General of India in Council.

WITH reference to your telegram dated 5th November 1883, I forward herewith a copy of a despatch from Mr. Egerton to the Foreign Office respecting the modification of quarantine in Greece against arrivals from Egypt and Bombay, and also of a letter from the Foreign Office, dated 9th November.

No. 5, dated Athens, the 24th January 1884.

From—E. H. EGERTON, ESQ.,

To—EARL GRANVILLE, K.G., &c., &c.

I HAVE received a communication from the Minister of Foreign Affairs to the effect that, in consequence of the opinion expressed by the Board of Health, the Ministry of the Interior has taken the following measures:—

1. Quarantine for ships, &c., coming from Egypt is reduced to a five days' quarantine of observation.

2. Passengers and ships from Egypt, which are now in Greek Lazarettoes, will go through the same five days' quarantine of observation, unless their quarantine of 11 days finishes within that interval.

3. Everything from Bombay, whether or no it has touched in Egypt, will be subjected to a quarantine of 11 days, from which shall be deducted the period of quarantine undergone either in Egypt or elsewhere.

4. Ships which have passed through the Suez Canal, not coming from Bombay, will be subjected to a five days' quarantine of observation.

5. Wool and rags coming from Egypt will not be admitted into any part of the Kingdom. Cotton coming direct from the mills will not be refused.

6. The inspection of the ships and steamers ordered by the circular of the 1st of July is put an end to.

Dated Foreign Office, the 9th November 1883.

From—E. FITZMAURICE, ESQ.,

To—The Under-Secretary of State, India Office.

I AM directed by Earl Granville to acknowledge the receipt of your letter, with its enclosure of the 7th instant (R. S. and C. 2541), and with reference to the application therein contained on the part of the Indian Government for information respecting modifications of quarantine in Europe consequent on the removal of restrictions by Egypt, I am to request that you will state to the Earl of Kimberley that every notice received in this department on quarantine is sent at once to the Board of Trade and Council Office for publication in the *London Gazette*.

I am to add that Lord Granville will not fail to communicate to the India Office copies of all further notices on this subject.

NOTIFICATION.

The 22nd March 1884.—In supersession of the orders, dated the 19th April 1881, published in the *Calcutta Gazette* of the 27th idem, page 454, the Lieutenant-Governor is pleased to appoint Mr. G. M. Goodricke to be a Deputy Collector in Calcutta, and to be Superintendent of Excise Revenue, under section 32 of Bengal Act VII of 1878, in the following places; that is to say—

(1) In the district of Calcutta;
(2) In so much of the district of the 24-Pergunnahs as is under the jurisdiction of the Commissioner of Police, Calcutta; and
(3) In so much of the district of Hooghly as is comprised within the limits of the Municipality of Howrah.

Mr. Goodricke is also appointed to be a Collector of Stamp Revenue, Calcutta, under section 3 of Act I of 1879, and a Collector under section 3 of the Bengal License Tax Act, II of 1880, in Calcutta.

NOTIFICATION.

The 11th March 1884.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the construction of docks for sea-going and inland vessels, with warehouses for goods, and a railway to connect such docks and warehouses with an extension of the South-Eastern Railway, it is hereby declared that for the above purposes a piece of land measuring, more or less, 2,500 bighas, and bounded as follows, is required :—

On the north by the Garden Reach road from Watgunge road to Moteejheel. The eastern boundary of the land, commencing from Garden Reach road, runs along Watgunge road to Puddopookur road, where it turns south on the Puddopookur road, as far as the south end of Puddopookur tank. It then turns west on the road to the south of Puddopookur tank, from the south-west corner of which tank it joins Bissessur Mookerjee's lane by a line running due south. The boundary line then follows Bissessur Mookerjee's lane to its junction with Nullooaparra lane, along which it runs as far as the Circular Garden Reach road From the end of Nullooaparra lane it follows the Circular Garden Reach road for a distance of, more or less, 150 feet, and then again turns south, skirting the western boundary of Bhookylas, till it meets the Hurrobass road. The boundary line then runs east on the Hurrobass road as far as Bhookylas road, which it follows to the junction of that road with the Budge-Budge road. From this point the boundary is a straight line to a point on the west side of the Diamond Harbour road, opposite its junction with the Doorgapoor road.

The boundary then follows the Diamond Harbour road to a point 500 feet to the south of Doorgapoor road, where it crosses the Diamond Harbour road, and is then carried in a straight line to a point on Tolly's nullah, more or less, 2,000 feet to the south of Kallyghat Bridge. The boundary line then follows Tolly's nullah for a length of 1,000 feet, when it turns west in a straight line to the junction of the Shahpoor and Diamond Harbour roads. The boundary line then follows the Goragatchee road, Taratollah road, and Sonai third lane, to the junction of the latter with the Garden Reach Circular road. At the Circular Garden Reach road the boundary line again turns to the east, and follows this road as far as Meethapookur road, where it turns north along the Meethapookur road to the north-west corner of Meethapookur tank. From this point to Garden Reach road the boundary is the west bank of Moteejheel tank.

This declaration is made, under the provisions of Part II, section 6, Act X of 1870, to all whom it may concern.

A plan of the land may be inspected in the office of the Deputy Collector for Railways at the Board of Revenue.

IRRIGATION.

NOTIFICATION.

No. 58, *dated* 29*th January* 1884.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, to pass the following rules for the Midnapore Canal :—

1. The officers of the Public Works Department, who have charge of the canal, are solely responsible for maintaining it in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word canal is here used as defined in section 3 of the Act.

2. The Deputy Revenue Superintendent, under the supervision of the Collector of the district as Revenue Superintendent, is responsible for the collection of water-rates and miscellaneous revenue accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or of the holder of a provisional hookumnama, as provided for in Rule 16 below. Such application may be made verbally, or in writing, to any Public Works Department officer in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Revenue Superintendent, or one of his subordinates verbally, he should be told to address himself to the officers of the Public Works Department. If he makes such an application in writing, his petition should be forwarded direct by the canal revenue officer, to whom it is addressed, to the Public Works Department officer in charge of that part of the canal from which the petitioner's village is supplied.

5. Water will be supplied, as a general rule, only from June to November, and it should be understood that, though the officers in charge of the canal are required to supply water as speedily as possible on the application of lessees, it may not be practicable to supply it without some delay.

6. The following rates will be charged for the supply of water on application when available from June to November :—

I.—Under five year leases. { Lift, Re. 1 per acre per annum. Flow, Re. 1-8 ditto.

II.—Under one year leases. { Lift, Rs. 1-10 per acre per annum. Flow, Rs. 2-8 ditto.

III.—For the supply of water in exceptional cases, when available for winter crops, Re. 1-8 per acre per annum will be charged.

6*a*. For the unauthorised use of canal water Rs. 5 per acre per annum, or such less sum as may be fixed by the Collector, will be charged.

7. Applications for water leases under section 74 of the Act should be presented to the tehsildar of the division in which the applicant's land lies, and, subject to rules 8, 9, 10, and 11 below, tehsildars are authorised to grant such leases.

8. No village shall be brought under lease for the first time, and no lease shall be renewed for a period exceeding one year, without the consent in writing of the Executive Engineer. Such consent in writing may be taken specially for a single village, or generally for specified tracts, including several villages.

9. Every application for a water lease should contain the following :—

1—Name and residence of applicant.
2—Name of pergunnah, mehal, and village in which the land to be irrigated is situated.
3—Total area for the irrigation of which the application is made and its boundaries; and if the lands to be irrigated lie in separate chaks, the name of each *chak*.
4—Names of the ryots whose lands are to be irrigated, and the quantity of land held by each.
5—Name of the canal and number of distributary from which water is required.
6—Signature of the applicants.

10. Without the permission of the Collector no application shall include lands belonging to more than one village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

11. Without special orders in writing from the Deputy Revenue Superintendent no application for a water-lease shall be received unless it includes all the irrigable lands in a village.

12. Water-leases shall be drawn up in the form A annexed.

13. As soon as a water-lease has been granted to any village, the tehsildar shall forward the counterpart to the Deputy Revenue Superintendent for record, and at the same time he shall forward to the Executive Engineer or Sub-Divisional Officer direct a requisition requesting him to supply water to the lessee on application. This requisition should be kept by the officers of the Public Works Department till January 1st next following, and should then be returned to the Deputy Revenue Superintendent. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition should be issued on or before June 1st, and returned on or before January 1st each year till the lease expires

14. When application for a lease is received from a village not previously leased, the tehsildar before granting a lease shall satisfy himself by comparison with the survey records, as well as by local enquiry, that the particulars given in the application are correct. For the purpose of comparison with the survey record the application should be sent through the Deputy Superintendent to the Collector. The tehsildar should also satisfy himself that the Executive Engineer's consent, as required by rule 8, has been obtained.

15. When application is made for the renewal of an expired lease, the tehsildar, before granting a new lease, shall satisfy himself by comparison with his register of kabuliyats that the particulars given in the application are correct.

16. Pending the result of the enquiries provided for in the last rule, the tehsildar may, at his discretion issue a provisional requisition for the supply of water to the area covered by the application.

17. Every counterpart of a water-lease shall, if possible, be signed by or on behalf of all the cultivators concerned; and if this has not been done, an explanation of the omission should be given in submitting the counterpart to the Deputy Superintendent for record, but every cultivator accepting water under a lease may be regarded as having tacitly agreed to it, even if he has not himself signed the counterpart.

18. When it comes to the knowledge of the Public Works Department officers in charge of the canal that canal water has been taken without authority, notice shall be sent to the Deputy Revenue Superintendent, accompanied by the following particulars :—

1.—Name of village and pergunnah.
2.—Number of distributary from which water has been illicitly obtained.
3.—Manner in which water has been taken.
4.—Abstract of evidence that water has been taken.

A separate notice should be sent for each village irrigated without authority.

19. On receipt of such a notice the Deputy Revenue Superintendent, after such enquiry as may be necessary, and after hearing any objection which may be raised, shall proceed to assess, at the rate provided in rule 6*a* the land irrigated without authority. If in any case he thinks that this rate should not be imposed, he shall report the matter to the Collector for orders.

20. Ordinary water-rates for each financial year fall due on the 1st February.

21. Water-rates imposed, under rule 6*a*, on account of lands irrigated without authority, fall due as soon als the assessment is made, and shall be realized at once.

22. Remission of water rates may be granted by the Collector on the ground of—

1—Failure to supply water.
2—Damage caused by excess of water due to deficient drainage.

Remissions on any other grounds require the sanction of Government.

23. Yearly leases of canal lands may be granted by the Deputy Superintendent, but no lease for a longer period shall be granted without the special orders of the Collector.

24. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Executive Engineer in charge of the canal, and his written opinion shall form part of the record of the proceedings.

25. The Collector may distribute amongst village *mookhyas*, who agree in writing to assist the Deputy Superintendent in collecting water-rates, and generally in his operations under Act III (B.C) of 1876, a commission calculated in such manner as he may think fit, provided the total amount paid shall not exceed six pies in the rupee on the total water-rates collected during the year.

26 Registers will be kept in the Deputy Superintendent's and tehsildars' offices in forms sanctioned by Government.

27. A copy of the Collector's decision in all cases of remission, and of the Magistrate's decision in all cases of proceedings under section 93 or 94 of the Act, shall be forwarded to the Executive Engineer for information and record in his office.

Gya Collectorate, the 22nd December 1883. J. KELLEHER, Covenanted Deputy Collector in charge

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Furreedpore, will be put up to sale at the Furreedpore Collectorate on the 28th March 1884, corresponding with the 16th Chyte, 1290B.S.

The purchasers will be subject to the following conditions of sale.

Conditions of sale.

1*st*.—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3*rd*.—If the amount of purchase money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Notes on Forestry,

BY C. F. AMERY,

Deputy Conservator, Forests, N.-W. Provinces.

THIS little work, published with the approval of the Government of India, treats of the general principles of forest management in all its branches, and is recommended not only to forest officers, but to all who are interested in the progress of forest management in this country.

May be obtained of Messrs. King, King & Co., Bombay, and of Messrs. Wyman & Co., Calcutta. Price Rs. 3-8, or including postage, Rs. 4. Or of the publishers, Messrs. Trübner & Co., Ludgate Hill, London. Price five shillings.

The Indian Law Reports.

Published under Authority.

THE "Indian Law Reports," published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series

The Calcutta Series is distributed by the Office of the Legislative Department at Calcutta, except the copies for officials in the Bengal Presidency, which are distributed by the Bengal Secretariat, and the copies for subscribers registered by Messrs. Thacker, Spink & Co., which are distributed by that firm; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

On and from the 1st January 1884, the terms of subscription and sale will be reduced as follow :—
